Read the following papers:—

No. 31. From the Acting Inspector-General, Indian Medical Department, to the Chief Secretary to Government, Fort St. George, dated Fort St. George, 2nd October 1871, No. 323.

I have the honour to forward the estimate of the Medical Department for 1872-73, contrasted with the actuals of 1870-71, and the sanctioned grant for 1871-72.

IMPERIAL SERVICE.—The decrease under this head is owing to the appointment of a Surgeon at Chingleput in lieu of a Surgeon-Major.

MEDICAL ESTABLISHMENT.—The increase under this head is chiefly due to the increased provision for Native Surgeons attaining a higher class in 1872-73, to the appointment of a Native Surgeon for Conjeveram in room of an Assistant Apothecary, and to provision for mileage allowance for the Inspector-General when ordered to proceed on inspection duty—*vide* G. O. C. C., dated 10th January 1871, page 12.* It has also been deemed desirable to estimate for postage stamps to the extent of Rupees 600, agreeably to the Order of Government, Public Department, No. 1393, dated 13th September 1871. I have anticipated the sanction of Government as regards the estimates for the Civil Hospitals named in the margin, as the President of the Madras Municipality has intimated that there is no objection to those figures being adopted. The Municipality's remarks were submitted with my letter, No. 319, dated 28th ultimo.

* *Vide* Order of Government, Public Department, No. 1433, dated 22nd September 1871.

Hospital for Women and Children
Triplicane Dispensary, Black Town Dispensary, and Native Infirmary.

VACCINE ESTABLISHMENT.—The decrease under this head is accounted for by reduction in travelling allowance, so as to approximate the estimate to the actuals of the past year. Charges on account of vaccination are now to be met by Local Funds and Municipalities, but as it does not seem clear whether the sums payable by these bodies should be credited in the budget, it has been deemed preferable to submit them in a supplemental list, so far as they are known to this office.

HOSPITALS AND DISPENSARIES.—This portion of the estimate for 1872-73 is below that of the previous year by Rupees 22,403. The chief decrease is under the head of "Medical Stores," but there are also savings owing to the non-provision of pay, &c., for an Assistant Apothecary for the Cocanada Seaman's Hospital, and for the Civil Dispensary at Conjeveram, respectively. The services of the former

were dispensed with under Order of Government, Public Department, No. 544, dated 26th April 1871, and the Assistant Apothecary at Conjeveram has been succeeded by a Native Surgeon, whose salary is provided for under "Medical Establishment." It does not seem clear, and the Accountant-General is unable to state whether the sums to be paid by Local Funds and by Municipalities towards Civil Hospitals and Dispensaries should be brought to credit in the estimate; a separate list is, therefore, attached exhibiting these contributions so far as they are known to this office. They exceed the amounts in the estimate inasmuch as it only shows charges hitherto debitable to Imperial Funds, whereas the Local Fund and municipal grants are intended to cover all expenses connected with the institutions.

Grants for Medical Purposes.—This amount was hitherto provided under Hospitals and Dispensaries, but is now shown separately, agreeably to the statement furnished by the Accountant-General.

Medical College and Schools.—The decrease under this head is owing to the transfer of the pay, &c., of Hospital Apprentices hitherto provided for in the Civil Budget Estimate to the Military, agreeably to the Order of Government, Public Department, No. 98, dated 25th January 1871.

Lunatic Asylums.—The increase under this head is due to its being considered necessary to make provision for a larger number of patients in the new Asylum, Madras, as many of the buildings have not yet their complement of inmates, and fresh admissions may be expected to take place.

Land and Revenue.—The decrease under this head is owing to provision being made only for the salaries of those Hospital Assistants sanctioned for Revenue Officers, in Order of Government, Public Department, No. 544, dated 26th April 1871, and to the exclusion from the present estimate of Hospital Assistants for Head Assistant and Deputy Collectors enumerated in Proceedings of Government, Public Department, No. 323, dated 16th March 1869, but for whose employment final sanction has not yet been received.

Law and Justice.—The decrease under this head is owing to the pay of the Apothecary stationed at Kotagherry having been transferred to Imperial Service under instructions from the Accountant-General.

Police.—The slight decrease under this head is owing to the difference in pay of Hospital Assistants according to their class.

On the whole it will be found that the Budget Estimate for 1872-73 falls short of the sanctioned grant for the current year by Rupees 30,797, and I have the honour to submit the same for the favourable consideration of Government.

No. 32. From the Acting Inspector-General, Indian Medical Department, to the Chief Secretary to Government, Fort St. George, dated Fort St. George, 3rd November 1871, No. 359.

With reference to the accompanying Docket, No. 417, dated 30th ultimo and its enclosure, I have the honour to report that a sum of Rupees 1,500, on account of freight payable in India on Government stores imported from England, was hitherto provided in the Military Estimate of this Department, but is now withdrawn from it under the above Order. I have the honour, therefore, to request that you will be so good as to insert the amount in the Civil Estimate of this Department, forwarded with my letter, No. 323, of date 2nd October 1871.

From the Comptroller-General of Accounts, to the Accountant-General, Bombay, dated Calcutta, 24th August 1868, No. 425.

In reply to your letter, No. 1466-G., dated 4th instant, I have the honour to state that two-thirds freight paid in India on Government stores imported from England may be debited to "Miscellaneous Services" from the current year 1868-69.

2. In respect to paragraph 2 of your letter, I would observe that "other Departments" will include the Military Departments of Bengal and Madras, and the Postaland Telegraph Departments, when freight is paid at Bombay on account of stores landed there for those Departments. The total freight paid, being debited to the head of "Miscellaneous Services," that paid on Military and Public Works Stores for your Presidency, will, of course, be included in the amount, and provision for the charge made in the Civil Budget Estimate with reference to the payments on this account from the General Treasury in former years.

3. The separate subordinate head mention ed in your last paragraph may be opened under the major head of "Miscellaneous Services."

Forwarded to the Controller-General of Military Accounts, Fort St. George, for information and guidance.

(Signed) T. GILLILAN, Lieut.-Colonel,
Controller Military Accounts.

No. 33. Order thereon, 15th January 1872, No. 32.

The Government proceed to review the Budget Estimates of Charges falling on Provincial Funds for Medical Services.

2. Under Establishment, the Inspector-General's estimate amounts to Rupees 75,853, against Rupees 67,075 for the current year. Allowances to Surgeons are estimated at Rupees 28,500 against Rupees 22,500. The increases are as follow:—

	Rs.
Allowance to Surgeon, 1st District, as Medical Inspector of emigrants.	2,400
Increased allowances to Jail Surgeons under Military Pay Code, Section 14, page 303	2,040
Sanctioned charges for Jail allowances at Chingleput and Vellore ...	1,560
Allowance at Secunderabad omitted in former budget	600
	6,600
Deduct decrease at Trichinopoly	600
Net ...	6,000

3. The first of these ought not, in the opinion of Government, to be a Provincial charge. It appears to have been transferred from the Medical Budget of Imperial Services for 1871-72; but it was not included in the sums taken by the G. O. in paragraph 4 of the Resolution of the 20th March 1871, No. 1659; and it appears from the Official Memorandum of the Examiner of Claims, No. 447-A, dated

31st May 1867, forwarded to the Government of India with letter dated 2nd July 1867, No. 765, and accepted by the Government of India in paragraph 2 of Resolution, 10th August 1867, No. 1966, to be chargeable to the Emigration Fee Fund. The Government resolve, therefore, to strike it out of the Provincial Budget.

4. The Government doubt whether the second item should be a Provincial or even a Civil charge. The Accountant-General will report on the point, pending which the charge will be retained. The Inspector-General will report the nature of, and the sanction for, the Secunderabad allowance.

5. Under Native Surgeons Rupees 19,380 are asked for against Rupees 17,700 in 1871-72. The increase is due to the inclusion of allowances for the charge of Dispensaries. The Inspector-General is requested to report whether there is any reason for retaining the salaries and allowances of these officers when in charge of Dispensaries as Provincial charges under Medical Establishment, the salaries and allowances of medical subordinates in similar circumstances being charged to Local or Municipal Funds. He will also give details of the budgetted expenditure, Rupees 19,380. Pending report the provision is passed; and Rupees 2,400 are added for Kotagherry.

6. The Government observe from the Provincial accounts submitted by the Accountant-General that no debits have been made against Provincial Services under the head "Medical Establishment." The Accountant-General will report where the charges transferred from Imperial Medical Establishment have been debited. From 1st April next a minor head establishment under Medical Services, Provincial, must be opened, and it will contain the following detailed entries—opposite to which are now entered the sums passed in the outgoing budget :—

	Rs.
Allowances to Surgeons for Jails and Lunatic Asylums	26,100
Apothecaries	8,780
Native Surgeons, Compounders, &c.	28,270
Contingent charges	3,440
Travelling expenses	5,000
Postage charges	1,260
Total ...	72,850

7. Vaccination.—The bulk of the vaccine charges, which are estimated at Rupees 82,901, will be provided for in the Local Fund Budgets. The Municipal contributions referred to by the Inspector-General are for special vaccinators employed by the Municipalities, and have nothing to do with the Government establishment. The charges to be retained in the Provincial Budget are noted in the margin. Rupees 5,630 are the charges which will fall on the Municipality of Madras* and approximately Rupees 63,630 on Local Funds.

	Rs.
Presidency	16,610
Vaccinators in Khond hills	2,180
,, Jeypore	2,320
,, Kamptee and Secunderabad	460
Official postage	2,070
Total ...	23,640

	Rs.
* Superintendent	840
Vaccinators	2,300
Rice and batta	2,450
Postage	40
Total ...	5,630

8. Hospital and Dispensaries.—The charges hitherto borne by Government and transferred to Local and Municipal Funds will be provided, together with the general charges, in the Local and Municipal Budgets. Only the charges which will continue to be borne by Government will be provided for in the Provincial Budget. The charges, against the Madras Municipality for the three Hospitals transferred to it are disposed of in G. O., 26th October 1871, No. 1627, and amount to Rupees 35,264. The institutions for which provision must be made in the Provincial Budget, with the grants for 1871-72, and those now proposed for 1872-73, are as follow :—

	1871-72. Rs.	1872-73. Rs.
Eye Infirmary	26,650	25,750
Lying-in Hospital	31,880	34,780
General Hospital	1,04,410	1,07,350
Leper Hospital	22,260	23,860
Lock Hospital	38,150	31,860
Neilgherries { Ootacamund ... ... / Kotagherry ... ... / Coonoor ... ... }	2,560	2,740
Secunderabad, Kamptee, and Mercara	1,620	2,140
Total ...	2,27,530	2,28,480

The charges of the Palliport Lazaretto and the Anjengo and Cochin Dispensaries in Malabar must also be provided for, less the portion payable by Municipal Funds. These are not shown separately in the budget, but from recent returns may be safely estimated at a net sum of Rupees 3,150, and for Cocanada Rupees 500. The grant asked for is, therefore, Rupees 2,32,130. The increase above the grant for 1871-72 is due to the promotion of the Surgeon of the General Hospital, and to provision in other institutions for additional patients. From the sums above given are to be deducted contributions as per margin, showing a net grant of Rupees 2,14,070 required from Provincial Funds. Besides the sum shown in the margin the Port Funds will be charged with a contribution of Rupees 500 for the Cochin Hospital, and with the cost of European medicines for the Seaman's Hospital, Cocanada, about Rupees 500. These will nearly absorb the balance unallotted in G. O., 24th November 1871, No. 688. The Government resolve to pass the grant of Rupees 2,14,070 above detailed, and to add to it Rupees 8,400 for trained nurses, Rupees 1,500 for freight on Medical stores, and Rupees 9,000 for European medicines, the balance of the Inspector-General's estimate for this item, Rupees 27,312, being chargeable to Local and Municipal bodies which provide in detail for their requirements in their budgets. The whole Provincial grant for Hospitals and Dispensaries will be Rupees 2,32,970, and the sums chargeable to other funds according to the estimate are as follow :—

	Rs.
Madras Municipality for Lock-Hospital	12,000
Port Funds for do.	4,460
Mofussil Municipalities (Cochin, 500; Ooty, 500; Coonoor, 600)	1,600
Total ...	18,060

	Rs.
Local and Municipal Funds	1,13,850
Port Funds	5,460
Total ...	1,19,310

9. The grant to the Dindigul Dispensary will be paid from Local and Municipal Funds.

10. The proposed grant for the Medical College, Rupees 43,580, is passed.

11. The grant asked for under the head "Lunatic Asylums" is Rupees 84,000, against Rupees 63,160 in 1871-72. The increase is due to provision for diet, &c., of additional patients in the Madras Asylum, on which account Rupees 56,590 are asked for against Rupees 27,870 in the current year. The Government resolve to reduce the allotment to Rupees 45,000; and, adding Rupees 3,000 for the Calicut Asylum (G. O., 28th November 1871, No. 1594), the grant for Lunatic Asylums will be Rupees 75,410.

12. The following is a summary of the Provincial Budget under all heads of Medical Services:—

	RS.
Establishment	72,850
Vaccination	23,640
Hospitals, &c.	2,32,970
Medical College	43,580
Lunatic Asylums	75,410

Dispensary at Conjeeveram respectively.
The services of the former were disposed with under order of Government P. D. No 544 dated 26th April 1871. and the Assistant Apothecary at Conjeeveram has been succeeded by a Native Surgeon, whose salary is provided for under Medical Establishment.

It does not seem clear, and the Accountant General is unable to state, whether the Sums to be paid by Local Funds and by Municipalities towards Civil Hospitals and Dispensaries, should be brought to credit in the estimate, a separate list is therefore attached exhibiting these contributions so far as they are known to this Office. From

The acting Inspector General, Indian Medical Department,

Fort Saint George,

To

The Chief Secretary to Government

Public Department.

SIR,

With reference to the accompanying Docket No. 417 dated 30th ultimo and its enclosure, I have the honor to report that a Sum of Rs 1500, on account of freight payable in India on Government Stores imported from England, was hitherto provided in the Military Estimate of this Department, but is now withdrawn from it under the above order. I have the honor therefore to request that you will be so good as to insert the amount in the Civil Estimate of this Department, forwarded with my letter No 323 of date 2nd October 1871.

I have the honor to be

Calcutta, the 24th August 1868.

From Comptroller General of Accounts.

To The Accountant General, Bombay.

Sir,

In reply to your letter No. 6/1166 dated 4th instant, I have the honor to state that 2/3d Freight paid in India on Government Stores imported from England may be debited to "Miscellaneous Services" from the Current year 1868/69.

2 In respect to para 2 of your letter, I would observe that "other Departments" will include the Military Departments of Bengal and Madras, and the Postal and Telegraph Departments, when Freight is paid at Bombay on account of Stores landed there for those Departments. The total freight paid, being debited to the head of "Miscellaneous Services", that paid on Military and Public Works Stores for your Presidency, will of course be included in the Amount and provision for the charge made in the Civil Budget Estimate with reference

to

PROCEEDINGS of the **MADRAS GOVERNMENT.**

Read the following letters from the Inspector General Indian Medical Department, dated 2d October & 3d November 1871 Nos. 3234 & 359.

Order thereon 15th Jan/72 No. 32

The Government proceed to review the budget estimates of charges falling on provincial funds for Medical services.

2. Under Establishment the Inspector General's estimate amounts to Rs. 75.853. against Rupees 67.075 for the current year.

Allowances

furnished to this Office for guidance, is herewith forwarded.—

J Gillan Lieut Colo
Controller of Military Accounts.

allowances to Surgeons are estimated at Rupees 28500 against Rupees 22,500. The increases are as follows.

Allowance to Surgeon 1st District as Medical Inspector of Emigrants	2400
Increased allowances to Jail Surgeons under Military pay Code Section XIV page 303.	2040
Sanctioned charges for Jail allowances at Chingleput and Vellore	1560
Allowance at Secunderabad omitted in former budget	600
	6,600
Deduct decrease at Trichinopoly	600
Net.	6,000

3. The first of these ought not in the opinion of Government to be a provincial charge. It appears to have been transferred from the Medical budget of imperial services for 1871-72, but it was not included in the sums taken by the G. O. in para 4 of the Resolution of the 20th March 1871 No. 1659; and it appears from the Official Memo of the Examiner of Claims No. 447A dated 31st May 1867 forwarded to the Government of India with letter dated 2d July 1867 No. 765 and accepted by the Government of India in para 2 of Resolution 10th August 67 No. 1966 to be chargeable to the Emigration Fee fund. The Government resolve therefore to strike it out of the provincial budget.

4. The Government doubt whether the second item should be a ~~provincial~~ charge. The Accountant General will report on the point; pending which the charge will be retained. The Inspector General will report

I don't understand the meaning of the words "Civil or a Provincial" charge

a provincial or even a civil

report the nature of and the sanction for the Seemunderabad allowance

5. Under native Surgeons Rs 19,380 are asked for against Rupees 17,700 in 1871-72. The increase is due to the inclusion of allowances for the charge of dispensaries. The Inspector General is requested to report whether there is any reason for retaining the salaries and allowances of these officers when in charge of dispensaries as provincial charges under Medical Establishment, the salaries and allowances of Medical Subordinates in similar circumstances being charged to local or Municipal funds. He will also give details of

of the budgetted expenditure Rs 19,380. Pending report the provision is passed; and Rupees 2400 are added for Kotagherry.

6. The Government observe from the provincial accounts submitted by the Accountant General that no debits have been made against Provincial services under the head Medical Establishment. The Accountant General will report where the charges transferred from Imperial Medical Establishment have been debited. From 1st April next a minor head Establishment under Medical Services Provincial must be opened, and it will contain the following detailed entries - opposite to which are now entered the sums passed in the outgoing budget -

Allowances

Allowances to Surgeons for Jails & Lunatic Asylums	26,100
Apothecaries	8780
Native Surgeons Compounders &c.	28,270
Contingent charges	3440
Travelling expenses	5000
Postage charges	1260
	72850

7. Vaccination The bulk of the Vaccine charges, which are estimated at Rs 82,901 will be provided for in the local fund budgets. The Municipal contributions referred to by the Inspector General are for special Vaccinators employed by the Municipalities & have nothing to do with the Government Establishment. The charges to be retained in the Provincial budget are noted in the margin Rupees 5630 are the charges which will fall on the Municipality of Madras and approximately Rupees 63630 on local funds.

Hospital

8. Hospital & Dispensaries. The charges hitherto borne by Government and transferred to local and Municipal funds will be provided together with the general charges in the local and Municipal budgets. Only the charges which will continue to be borne by Government will be provided for in the Provincial budget. The charges against the Madras Municipality for the three hospitals transferred to it are disposed of in G. O. 26th October 1871 No. 1627 and amount to Rupees 35,264. The institutions for which provision must be made in the

the Provincial budget, with the grants for 1871-72 and those now proposed for 1872-73 are as follows.

	1871-72.	1872-73.
Eye Infirmary	26,650.	25,750
Lying in Hospital	31,880.	34,780

Secundrabad Kamptee and Mercara	1620.	2140
	227530.	228480

The charges of the Palliport Lazaretto and the Anjengo and Cochin Dispensary in Malabar must also be provided for, less the portion payable by Municipal funds. These are not shown separately in the budget, but from recent returns, may be safely estimated at a net sum of Rs. 3150 and for Cocanada Rs. 500. The grant asked for is therefore Rs. 232130.

The increase above the grant for 1871-72 is due to the promotion of the surgeon of the General Hospital, and to provision in other institutions for additional patients. From the sums above given are to be deducted contributions as per margin, showing a net grant of Rs. 214070 required from Provincial funds. Besides the sums shown in the margin the port funds will be charged with a contribution of Rs. 500 for the Cochin hospital and with the cost of European medicines for the Seamans hospital Cocanada about Rs. 500. These will nearly absorb the balance unallotted in G. O. 24th November 1871 No. 688. The Government resolve to pass the grant of Rs. 214070 above detailed and to add to

it Rs 8400 for trained nurses Rs 1500 for freight on medical stores and Rs 9000 for European medicines the balance of the Rupees of this item in the Surgeon Generals estimate, Rupees 27312, being chargeable to local and municipal bodies which provide in detail for their requirements in their budgets. The whole provincial grant for hospitals and dispensaries will be Rs 232970 and the sums chargeable to other funds according to the estimate are as follows.

Local & Municipal funds	113850
Port funds	5460
	119310

9. The grant to the Dindigul dispensary will be paid from local and municipal funds.

10. The proposed grant for the Medical College Rs 43580 is passed.

11. The grant asked for under the head Lunatic Asylums is Rs 84000 against Rs 63100 in 1871-72. The increase is due to provision for diet &c of additional patients in the Madras Asylum on which account Rs 56590 are asked for against Rs 27870 in the current year. The Government resolve to reduce the allotment to Rs 45000; and adding Rs 3000 for the Calicut Asylum (G.O. 28th November 1872 No 1594) the grant for Lunatic Asylums will be Rs 75410.

12. The following is a summary of the Provincial budget under all heads of Medical services.
