Not to be folded or roughly handled

No. 174. Read the following Proceedings of the Board of Revenue, dated 18th March 1872, No. 2059 (Miscellaneous):—

Read the following letter from the President of the Local Fund Boards, Malabar, to the Secretary to the Board of Revenue, dated Calicut, 19th February 1872, No. 38:—

I have the honour to inform you that, on scrutinizing the accounts of actual collections on account of Road Fund up to date, there is reason to apprehend that the actual income will fall some 12,000 Rupees below the estimate. Deducting this from the reserve and adding thereto certain savings, the details of which are given in the margin, a sum of Rupees 4,500 is available for re-allotment. The Local Fund Board of the Calicut Circle at the last meeting passed a proposal to allot Rupees 3,000 for the Tambercheri Ghaut Road, with reference to G. O., dated 19th January 1872.

	Rs.
Communication, New.	
From the provision of Rupees 2,000 for minor new works	290
Communication, Repairs.	
Road from Calicut *via* Urkadava to Areakode... ...	1,100
,, Edawanna to Wandoor out of Rupees 1,100 (Budget Item No. 2)	440
From the provision of Rupees 1,500 for petty repairs	1,060
Balance of reserve	586
Sanitary and Miscellaneous.	
From the provision of Rupees 1,000 for repairs to Musaferkhanas	770
From the provision of Rupees 1,530 for planting trees	254
Total ...	4,500

2. The Range Officer, Calicut, reports that, if the amount allotted for the masonry abutment of the Cherapoya Bridge,* a sum of Rupees 1,500 cannot be spent within the current year owing to the delay in obtaining sanction for commencing brick-making.

* *Vide* Budget Item, No. 19.

3. The Local Fund Board propose that this saving, together with a sum of Rupees 1,500 from the reserve, be allotted to the superstructure of the above bridge, the authority for proceeding with it having been granted in a telegram from Government, dated 6th February 1872. The amount will be paid to the Contractor as an advance on signing the contract.

4. I request that early sanction for these allotments may be obtained with a view to the sums available being utilized within the current official year.

5. The allotment for Tambercheri Ghaut will be expended by Major R. B. Kennedy, and that for superstructure to Cherapoya Bridge above named by Mr. W. Maylor.

6. A tabular statement is annexed:—

(*Vide* paragraph 1 of Revenue Board's Order.)

In the foregoing letter, the President applies for a transfer of Rupees 6,000, as hereunder particularized, which involves transfers of allotments from certain new works and repairs to new works :—

From.	Amount.	To	Amount.
Communication, New.	RS.	*Communication, New.*	RS.

Wynaad

To,

The Secretary to Government
of Madras
Madras.

Sir,

In forwarding the Annual Statement of Savings and requirements I feel I shall be excused for again bringing to prominent notice the subject of the Sanctioned Grant and road thence to Mysore Frontier, as, unless I can be granted the additional funds I have asked for, I shall have ~~to~~ at once to dismiss the whole of the skilled labour which it has been the work of years to collect and instruct; and as the opening of the new official year happens to be just at the time when one of the principal native Festivals in Malabar takes place, I should have no hope of getting any labor together again until long after when there would not be time to

MARCH.
Nos. 174-175.

Sanctioning the proposal of the President of the Local Fund Circles, Malabar, to transfer a sum of Rupees 6,000 from allotments for certain new works and repairs to new works.

complete the unfinished work before the burst of the monsoon; when I say that I should have no hope of getting work people again before May, the chances of their returning even then, or at all, are very small; it having been invariably the case hitherto, whenever shortness of funds or other causes been obliged diminution of working parties, that scarcely a single individual has returned to such work; I am now keeping my work people together with the greatest difficulty, obliged to find work for them where I can, and not in the special line for which they are best fitted; but it is not possible for me to do this much longer.

2. Some important permanent work, drains, and metalling ought certainly to be completed on the Tamhankherry Ghaut before the monsoon; and on the road from the head of the Ghaut to the Frontier, I have the materials of one Bridge of 52 feet span all prepared, fitted, & ready at site, only awaiting Funds to enable me to put it up; The Vythesy Bridge, an arch of 20 feet, is complete

with the exception of one parapet; The Konoth Bridge also requires its parapets. The Cullaar Bridge, 75 feet span, has the whole of its materials ready at site, and wants but 4 feet of its abutments to be built; its superstructure, Iron and wood, being already fitted, and at site; Several Culverts are also much required, their work being now done by temporary structures, which are falling into decay, and will have to be replaced if the permanent ones are not built; the same may be said the first and last of the above named Bridges, the replacing of the substitute for which must ~~otherwise~~ be done from the maintenance grants, at a cost of at least Rupees 800, an expenditure which these grants will be ill able to to afford.

3. By the Statement I have sent in it will be seen that the total savings in Imprest, in Provincial Funds, will be Rs 5,956; while I have only asked for Rs 900 to supplement the grant on one work; there is consequently a balance of Rs. 5,056 available for Transfer, which I earnestly hope

reports that if the amount allotted for the masonry abutment of the Cherupoya bridge a sum of Rs 1,500 cannot be spent within the current year owing to the delay in obtaining sanction for commencing brick-making. Vide Budget Item No 19

The Local Fund Board propose that this saving together with a sum of Rs 1,500 from the Reserve, be allotted to the superstructure of the above Bridge, the authority for proceeding with it having been granted in a telegram from Government dated 6th February 1872. The amount will be paid to the contractor as an advance on signing the contract.

5. The allotment for Tamberacheri Thant will be expended by Major R. B. Kennedy and that for superstructure to Cherupoya Bridge above named by Mr. W. Maylor.

4. I request early sanction to these allotments with a view to the sums being utilized within the current official year.

6. A tabular statement is annexed.
