Proceedings of the Madras Government, Financial Department, 23rd March 1872.

Read the following papers:—

No. 240. Proceedings of the Board of Revenue, dated 2nd January 1872, No. 1.

From the Acting President of the Local Fund Board, Canara Circle, dated 27th November 1871, No. 98.

ABSTRACT.—Forwarding an extract from President Local Fund Board with regard to the proposed appointment of an extra Deputy Inspector of Schools.

From the same Officer, dated 1st December 1871, No. 106.

ABSTRACT.—Forwarding Local Fund Budget Estimates of the Canara Circle for 1872-73.

THE Local Fund Budget Estimates of the Canara Circle for 1872-73, received with the second of the foregoing letters, are herewith submitted for the orders of Government.

2. STATEMENT I.-A, REVENUES AND RECEIPTS.—The total Local Fund assets of the year are estimated at Rupees 1,83,120, made up as follows:—

	Rs.
1. Balances	6,810
2. Allotments from General Revenue	54,750
3. Rates and Taxes	1,15,270
4. Fees in Schools, &c	1,320
5. Grants from Government for existing Union Schools ...	1,870
6. Miscellaneous	3,100
Total...	1,83,120

3. The cess on the rent value of land at one Anna per Rupee is given as Rupees 85,830, which appears to have been fairly estimated. In paragraph 2 of the Board's review on the current year's Budget the cess collections of nine months of the year are shown as Rupees 60,000. The Road Cess demand of the first three months at six Pies per Rupee is Rupees 12,870, which if doubled will amount to Rupees 25,740. This sum added to Rupees 60,000 makes a total of Rupees 85,740, or Rupees 90 less than the present estimate.

4. Rupees 16,500 are entered against tolls. In addition to the four existing toll-gates, eight new ones are proposed and their position is clearly shown in the map accompanying the Budget. It will be observed that maximum rates are recommended to be levied at three of the old and at three of the new gates. The new places seem to be well selected and the Board of Revenue recommend Government to sanction the proposal. A draft notification is herewith submitted. The toll-gate at Sullia has been excluded from the notification with reference to Government Order, Financial Department, dated 2nd October 1871, but a moiety of its estimated collections has been brought to account.

5. The estimate receipts from House-tax are the same as those expected for the current year with a slight increase of Rupees 140.

6. The fifth item, Rupees 1,870, is the grant from Government for four Rate Schools. It should be added to the grant from Provincial Funds.

7. STATEMENT I.-B, EXPENDITURE.—The total proposed expenditure is Rupees 1,77,440, classified as follows:—

		RS.
Grant	I.	1,48,920
Do.	II.	17,520
Do.	III.	7,530
Do.	IV.	3,470
	Total ...	1,77,440

8. GRANT I., PUBLIC WORKS, STATEMENT II., ROAD FUND RECEIPTS AND EXPENDITURE.—The total assets of the Road Fund are, as per Statement II., Rs. 1,31,570. Of the several items making up this amount, the following call for notice:—

	RS.
1. Additional appropriation from the one-third Land Cess...	2,350
2. Avenues	300

9. The first item, Rupees 2,350, has been reduced by Rupees 700 to meet the charges incumbent on the General Fund. The second has been struck out of the statement, as it should be credited to the General Fund.

10. On the expenditure side, the reserve is given as Rupees 13,150, which appears to have been calculated on the total income of the Road Fund, inclusive of the opening balance, instead of on the bare estimated receipts of the year. The correct sum is Rupees 12,990, which has been entered.

11. STATEMENT II.-A, PART I., NEW WORKS.—Part I. contains twenty items with an aggregate allotment of Rupees 54,630. The first thirteen are Road Fund works, the next one Educational, and the remaining six Sanitary and Miscellaneous.

12. Of the thirteen Road Fund works, items 1, 2, 9, and 10 are those appearing in the current year's Revised Budget, and the remaining nine are fresh unsanctioned works. The necessity for them is fully explained in paragraphs 8 to 20 of the Acting President's letter.

13. Of the several sanctioned works entered in the current year's Revised Budget, those noted in the margin have been omitted from the present Budget, without any explanation, although a sum of Rupees 30,610 is required to complete them. The Acting President will, at an early date, state the cause of the omission.

Description of work.	Amount of estimate.	Computed expenditure up to 31st March 1872.	Amount required to complete the estimate.
	RS.	RS.	RS.
1. Minor Bridges on the Bantwal and Mudbidry Road, 15 miles...	17,060	5,470	11,590
2. Bridging the portion of the Puttur and Beltangadi Road north of the Netravaty River, 20 miles...	21,340	11,180	10,160
3. Do. Puttur and Munjeshwar Road, 24 miles	35,530	26,670	8,860
Total...	...	.....	30,610

14. The fourteenth item is for the construction of eleven school-houses classed as "Petty New Works." It is proposed by the Local Board to entrust the execution of these works to the Tahsildars under Rule XL., the buildings being of a description not requiring much professional skill. Out of the Rupees 5,550, Rupees 600 are to be paid from General Funds.

Proceedings of the Madras Government, Financial Department,
23rd March 1872.

15. The most important works provided for under "Sanitary and Miscellaneous" are three Chuttrums, two Dispensaries, and a Market. If the two Dispensaries now proposed are established, there will be one in every taluq of the district. The allotments for these works are entered under the column headed "Other Agency," and no information is furnished as to why the Public Works Department should not be entrusted with them. Considering the nature of the works and the allotments proposed for them, the Board are of opinion that they should be undertaken by the professional department, and have accordingly transferred the assignments to the column headed "Public Works Department." Rupees 900 of the expenditure consists of two allotments from Union Funds.

16. PART II., REPAIRS.—Part II. (Repairs) contains fifteen Road Fund items with a total allotment of Rupees 59,960, which provides for the maintenance of 778 miles of road.

17. Items 13 and 14 are for the repair of two bridges, and estimates for them are promised. Under the head "Sanitary and Miscellaneous," an allotment of Rupees 1,500 is provided for the maintenance of avenues and Rupees 200 for repairs of Chuttrums and Masaferkhanas.

18. STATEMENT II.-B.—This statement shows that the condition laid down in No. XXIX. of the Local Fund Rules has been observed in the allotment of Land Cess for roads.

19. GRANT II., EDUCATION.—This grant is made up of—

	RS.
1. Payment for inspection	1,880
2. Training Schools...	1,070
3. Union Schools	12,570
4. Grant-in-aid...	2,000
Total...	17,520

20. The first item (Rupees 1,880) is the same as that exhibited in the current year's Budget, and the particulars of this sum are furnished in paragraph 38 of the Acting President's letter. The allotment seems to be ample, and is exclusive of Rupees 530 to be contributed by the Mangalore Municipality. No provision has been made either for the additional Deputy Inspector of Schools or for the two Inspecting Schoolmasters proposed by the Director of Public Instruction, as the Local Board are decidedly of opinion that no increase in the Inspecting staff of the circle is necessary for the present.

Vide Government Order, Financial Department, dated 18th October 1871, No. 314.

21. The second item (Rupees 1,070) is the amount payable to Government on account of the Government Normal School at Mangalore, agreeably to the Government Order, Financial Department, dated 24th August 1871, No. 381.

22. The details of the third item (Rupees 12,570) are given in Statements III. and III.-A. The receipts of the Union Fund are given as Rupees 21,060, and the charges as Rupees 18,750, leaving a balance of Rupees 2,310. The proposed expenditure of Rupees 18,750 includes an allotment of Rupees 900 for Public Works, and Rupees 330 for Sanitary and Miscellaneous purposes.

23. The fourth item (Rupees 2,000) is for results grants, and is the same as that provided in the current year's Budget. The President is of opinion that the provision will be sufficient to meet all claims for such grants.

24. GRANT III., SANITATION, &c.—The total of Grant III. is Rupees 7,530, and consists of the following items:—

	RS.
1. Hospitals and Dispensaries	2,530
2. Payment to Government for Vaccine Establishment ...	2,900
3. Sanitary Establishment and cleansing of tanks and wells.	1,100
4. Miscellaneous	1,000
Total...	7,530

25. The first item (Rupees 2,530) is, as per Statement IV-A, for charges of the Dispensaries at Udipi and Uppanangudi.

26. The cost of the Vaccine Establishment is given as Rupees 2,900, whereas that shown in the current year's Medical Budget is Rupees 2,910, and that in the statement obtained from the Government Office is Rupees 2,720. The details of the present estimate are furnished in paragraph 39 of the Acting President's letter. It is observed that the estimate includes a sum of Rupees 276, the salary of a special Vaccinator for the Amindivi Islands at Rupees 23 a month. The Board of Revenue are of opinion that this charge should not be debited to the funds of the circle, and have accordingly disallowed it.

27. The details of the third item (Rupees 1,100) are given in Statement IV.-B. It is observed from this statement that Rupees 570 are provided for sanitary arrangements to be made on the occasion of festivals in six towns, Rupees 200 for cleansing of wells and tanks, and Rupees 330 for enclosing and levelling a piece of ground for burning dead bodies at Mulki and for constructing a shed at Kundapur to afford shelter to people accompanying dead bodies.

28. The fourth item (Rupees 1,000) is made up of—

	RS.
1. Contribution to the Municipality on account of Civil Dispensary at Mangalore	800
2. Purchase of medicine for gratuitous distribution ...	200
Total...	1,000

29. The first of these items is Rupees 400 less than the sum ordered by Government to be provided in the current year's Budget. The Local Board plead their inability to contribute a larger sum, as they are establishing a Dispensary in each taluq of the district.

30. GRANT IV., MISCELLANEOUS.—Of the five allotments under Grant IV., the first three have been altered in this office. The fifth (establishment for collection of tolls, &c.,) has been transferred to Grant I.

The General Reserve is Rupees 80 less than it should be under the rules, but it is large enough considering the appropriation made to the Road Fund.

31. An abstract of the Budget Estimates, as modified by the Board of Revenue, is as follows:—

Receipts.	RS.	Charges.		RS.	RS.
Road Fund	1,28,920	Grant I. ...	Road Fund.... ...	1,28,790

(A true Extract.)

(Signed) J. GROSE,
Secretary.

No. 241. Proceedings of the Board of Revenue, dated 24th January 1872, No. 626 (Miscellaneous).

From the Sanitary Commissioner for Madras, to the Secretary to the Board of Revenue, dated Madras, 19th December 1871, No. 1955.

I have the honour to report that the Local Fund Circle of the Canara District have provided a sum of Rupees 1,100 from the Budget for 1872-73 for Sanitary services chiefly in connexion with festivals.

2. From the covering letter of the President, I infer that, in one or two places, sums of money have been allotted for sinking wells, so that the people may not be compelled to resort to jungle streams for their supply.

3. As the interior of the Canara District is known to be very malarious, I think that more money might profitably have been allotted for increasing the number of wells in places which bear a bad repute for fever. I believe it to be well established that the water of jungle streams is a fertile source of fever, and probably the most efficient mode of diminishing the liability of the population to fever would be by providing suitable wells so that the water might undergo a natural filtration before use.

Submitted to Government in continuation of the Board's Proceedings, dated 2nd January 1872, No. 1.

(True Copy and Extract.)

(Signed) J. GROSE,
Secretary.

No. 242. ORDER THEREON, 23rd March 1872, No. 363.

With the foregoing Proceedings, the Revenue Board submit the Local Fund Budget of the Canara Circle for 1872-73.

2. Under recent orders the provincial grant is increased to Rupees 47,350, and the new tolls proposed will be disallowed. The old tolls will be retained on their present footing, and the sum which they even expected to yield in 1871-72, Rupees 5,800, will be entered in the budget. The total receipts of the circle will then be Rupees 1,88,550.

3. The Road Fund assets including an additional appropriation from the land cess of Rupees 1,500, which can be spared and is required, will be Rs. 1,35,320.

	Rs.
Balance ...	650
Two-thirds Cess ...	57,220
Additional appropriation	1,500
Allotments, &c. ...	70,050
Tolls... ...	5,800
Miscellaneous... ...	100
Total...	1,35,320

New works ...	33,060
Repairs ...	59,960
Establishment ...	27,580
Tools and plant ...	930
Reserve ...	13,470
	1,34,950
Balance	370
Total...	1,35,320

To bring the grant for new works to Rs. 33,060, the Government have struck out items 11 and 12, Statement II.-A, Part I., and slightly reduced the allotment for item 9. It is open to the Local Fund Board to propose any other mode of meeting the retrenchment of Rs. 3,160 which it appears necessary to make. The receipts and charges of the Road Fund will be balanced as shown in the margin. Grant I., Public Works, will be Rupees 1,56,390.

4. As the Local Fund Board have expressed so decided an opinion against the proposed increase of the Educational Inspectorate, the Government will not, in the present state of the Local Fund, insist on the measure being carried out. They presume that the Municipality of Mangalore has consented to the contribution of Rupees 530 for the existing staff. The whole charges will be paid by the Local Fund in the first instance, the municipal contribution being recovered as a receipt. The entries in the budget have been modified accordingly. No new unions are at present proposed for 1872-73. With respect to the allotment which it is proposed to make from General Funds for the Kundapur School-house, the Government observe that it should be debited against the union in Statement III. the result being a negative balance. There was a negative balance of Rupees 180 against the union according to the estimate of the current year, and this being brought forward, the result is a negative balance of Rupees 800 at the end of 1872-73. The balances in Statement I.-A are modified accordingly. The total of credit balances in Statement III. is Rupees 2,310, and should have been transferred to Statement I.-B. The Government doubt whether Rupees 2,000 will suffice for results grants, but do not see how the allotment can be increased. Should it not suffice, it may be necessary

Proceedings of the Madras Government, Financial Department,
23rd March 1872.

to retrench during the year the grants for Miscellaneous works from the General Fund. Grant II. as modified will be Rupees 18,050.

5. The Government approve of the Revenue Board having struck out the allotment for vaccination for the Amindivi Islands. The attention of the Local Fund Board is called to the remarks of the Sanitary Commissioner on the subject of sinking wells. It is presumed that the Municipality has consented to the diminished contribution for the Mangalore Hospital. The contribution allotted by the Local Board is still double that for which credit is taken in the statement recorded with the President's letter in G. O., 19th September 1871, No. 459. Grant III. is Rupees 7,260.

6. Grant IV. is raised to Rupees 2,100 to provide for a share of the establishment proposed for the Accountant-General.

7. The Budget as revised by Government is as follows:—

RECEIPTS.

	Rs.
Balances ...	6,810
Allotments, &c. ...	72,220
Rates and taxes ...	1,04,570

Financial Department.

PROCEEDINGS of the MADRAS GOVERNMENT.

Read the following ~~letter~~ Proceedings of the Board of Revenue, dated 23 January 1872.
23 March 1872 No. 363.
Order thereon 25 January 72 No. 94.

Sup. 24 Jan 72 No. 625.

With the foregoing Proceedings, the Revenue Board submit the local fund budget of the Canara Circle for 1872-73.

2. With reference to G. O. 10 January 1872 No. 30 the provincial grant to the circle is to be reduced to Rupees 28,430. The estimate includes a sum of Rs. 16,500 from tolls. The local fund board propose to levy tolls under Act IV of 1871 at eleven places on eight roads. The coast road is to be tolled only at one place in the

A. N.

and the Same for P. W. D. Supervision increased to 20,650 with reference to the Expenditure by the Dept.

the extreme north; the intention being to tax the heavy traffic from the ghauts towards the coast. In pursuance of this intention, it is desired to have maximum schedule rates, at 5 of the gates nearest the ~~foot of the~~ ghauts, besides that at Baindur on the coast road; half rates being levied at the other gates. The Toll at Sulya, part of the proceeds, which is to be paid to the Coorg Government is to remain on its existing footing. The sites appear well selected for the end in view. The coast road being unbridged ought probably to be exempted. The only remark that Government have to make is that the Collector should provide by a bye-law that the ferry at Manivalley which is within 10 miles of Hosangadi should

2. Under recent orders the Provincial grant is increased to Rs 47,350, and the new tolls proposed will be disallowed. The old tolls will be retained on their present footing, and the sum which they even expected to yield in 1871-2, Rs 5800 will be entered in the budget. The total receipts of the circle will then be Rs 1,85,550.

3. The road fund assets including an additional appropriation from the Land cess of Rs 1500, which can be shewn and is required ~~for the balance~~ will be Rs 135,320. To bring the grant for new works to Rs ~~31,500~~ 33,820 the Sch. here struck out items 11 & 12 Sch. II A. Part II & slightly reduced the allotment for item 9. It is open out of the budget; and it to the local fund board to appears necessary that a suspend any the mode of considerable addition should meeting the retrenchment be made to the sum in excess of Rs 3160 which it appears of the legal quota to be necessary to make credited to the road fund from

should clear the gate at Hosangadi and vice versa. The proposals of the local board are sanctioned and the draft notification made will be published in the District Gazette, section 37 of the Act being quoted, as well as section 63.

3. The reduction in the Provincial grant, and the enhancement of the charge for Public Works Department supervision which in the order above quoted the Government have found it necessary to make, require that a number of allotments for works should be struck out of the budget; and it appears necessary that a considerable addition should be made to the sum in excess of the legal quota to be credited to the road fund from

from the land cess. The Government would have been glad had there been time to consult the local board and the Board of Revenue as to the reductions; but, are obliged, for want of it, to balance the budget by such retrenchments as seem least injurious, leaving it to the local board to propose modification hereafter. Items as noted in the margin will be struck out. These all relate to new projects on which no outlay has yet been incurred: three of them being for tracing new roads: ~~three~~ two for new Chattrums and two for buildings for new dispensaries which the local fund board desire to establish at Kundapur and Kasargod. The additional appropriation from the land cess must be raised

Statement II A Part I Communications Nos 11 & 12 and No 1 in the appendix.

Miscellaneous Nos 1 2-3-4 & 5.

~~10,000~~ raised to ~~Rupees 12,000~~

The ~~The~~ receipts and charges of the road fund will be balanced as shown in the margin. Grant I Public Works will be Rupees ~~1,56,880~~ 1,47,560.

4. As the local fund board have expressed no decided an opinion against the proposed increase of the Educational inspectorate, the Government will not, in the present state of the local fund, insist on the measure being carried out. They presume that the municipality of Mangalore has consented to the contribution of Rs 530 for the existing staff. The whole charges will be paid by the local fund in the first instance, the municipal contribution being recovered as a receipt. The entries in the budget have been modified

Balance	650

	~~1,38,160~~ 135,320	
	135,600	

modified accordingly. No new unions are proposed for 1872-73. The President should expedite the submission of draft notifications for the levy of the house tax. With respect to the allotment which it is proposed to make from General funds for the Kundapur School house, the Government observe that it should be debited against the union in Statement III. the result being a negative balance. There was a negative balance of Rs. 180 against the union according to the estimate of the current year, and this being brought forward, the result is a negative balance of Rs. 800 at the end of 1872-73. The balances in Statement I A are modified accordingly. The total of credit balances in Statement III is Rs. 2320, and should have been transferred to Statement I B. The Government doubt whether Rs. 2000 will suffice for results

Grant

11/25

grants but do not see how the allotment can be increased. Grant III as modified will be Rupees 18,050.

5. The Government approve of the Revenue Board having struck out the allotment for vaccination for the Amindivi Islands. It is presumed that the Municipality have consented to the diminished contribution for the Mangalore Hospital. The contribution allotted by the Local Board is still double that for which credit is taken in the Statement recorded with the President's letter in G. O. 19th September 1871. As Grant III is Rupees 7260.

6. Grant IV is raised to

Should it not be necessary to utilize during the year the grants for works from the General funds.

The attention of the Local Fund Boards is called to the remarks of the Sanitary Commissioner on the subject of sinking wells.
