Proceedings of the Madras Government, Financial Department,
3rd April 1872.

No. 5. Read the following letter from Colonel J. L. BARROW, C.B., Inspector-General of Ordnance and Magazines, to the Secretary to Government, Military Department, Fort St. George, dated Fort St. George, 20th March 1872, No. 389-G :—

Ordnance Department.

I have the honour to bring to the notice of Government the following circumstances, and to request that I may be favoured with orders thereon.

2. On the 31st January last, the Commissary of Ordnance, Fort St. George, applied to the President, Municipal Commission, for the supply of dust-bins to the Ordnance Lines, and for carts being detailed to remove night-soil. To this, a reply was received from the Assistant Sanitary Inspector, as entered in the margin, from which it will be observed that the requisition was required to be paid for.

"I have the honour to inform you, by desire of the President, that he will be glad to meet your wishes if you are prepared to defray the expense."

3. I have ascertained from the Barrack Master that the Municipality recovers assessment on account of the Ordnance Lines annually from Government, by which circumstance the Municipality renders itself liable for the cost of the sanitary and conservancy arrangements connected with those buildings, such as sweeping the roads, removing rubbish, conveying away night-soil, &c. These conservancy and sanitary arrangements are not performed in the Fort by the Agency of the Municipality, because, under Act IX. of 1867, assessment is not levied in respect to the buildings therein by the Municipality.

Transferred to the Financial Department for disposal.

FORT ST. GEORGE,
21*st March* 1872.

(Signed) A. C. SILVER, Colonel,
Offg. Secy. to Govt., Mily. Dept.

No. 6. ORDER THEREON, 3rd April 1872, No. 394.

The Government desire to be informed whether the roads in front of the Ordnance Lines are public thoroughfares. If so, provision for their conservancy ought to be made by the Municipality. The same facilities for the removal of night-soil as are given free of charge to private householders should be afforded by the Commissioners to the occupants of the Ordnance Lines. Colonel Barrow is requested to ascertain what these are.

No. 4/389

From, Colonel S. L. Barrow, C. B.
Inspector General of Ordnance and Magazines.

To The Secretary to Government.
Military Department

Sir,

I have the honor to bring to the notice of Government, the following circumstances, and to request that I may be favored with orders thereon.

2. On the 31st January last, the Commissary at Fort St. George, applied to the Executive Municipal Commissioner, for the supply of "Dust Bins" to the Ordnance Lines, and for Carts being detailed to remove Night Soil. To this, a reply was received from the Assistant Sanitary Inspector, as entered in the Margin (a) from which it will be observed, that the requisition was required to be paid for.

3. I have ascertained from the Barrack Master, that the Municipality remove assessment on account of the Ordnance Lines annually, from Government, by which circumstance, the Municipality receives
