Proceedings of the Madras Government, Financial Department,
4th April 1872.

No. 23. Read the following Proceedings of the Board of Revenue, dated 10th February 1872, No. 1063 (Miscellaneous):—

Read the following letter from the President of the Local Fund Board, South Arcot, to the Secretary to the Board of Revenue, dated Teagadroog, 3rd February 1872, No. 33:—

The Government in their Order of the 21st October 1871, No. 592, in reviewing the Virdachellum Local Fund Budget, restored to it the house-tax which had been struck out by the Revenue Board, and ordered that it must be levied.

2. I had the honour when submitting my letter of the 15th December last, No. 120, to enclose a Notification relative to the formation of unions round the six late Rate Schools in the Chedambram and Virdachellam Taluqs for 1872-73, and the Revenue Board in passing orders on that letter in their Proceedings of the 20th December last, No. 5115, remarked that the date entered in the Notification was April 1872 instead of April 1871. It had not till then struck me that there was any probability of Government insisting on the levy of house-tax in arrears for the current year seeing that it was not until the month of November last that the position of these schools was known to me and to the Local Fund Boards. As it now seems, however, that Government may so insist, I, herewith, submit a draft notification for the current year, in which I have only included within the limits of each of the proposed unions the village in which the school itself is situated, because from their nature as Rate Schools the use and benefit derivable from them appears to have been confined almost entirely to the residents of those villages.

3. I would, however, respectfully suggest that, inasmuch as the total estimated cost of these six schools for the current year does not exceed Rupees 1,170, of which Rupees 940 are estimated to be received from fees and Government grant-in-aid, the remaining Rupees 230 may be paid from the General Local Funds of the Circle and the imposition of the house-tax be deferred till 1872-73.

Submitted to Government with reference to Board's Proceedings, 20th December 1871, No. 5115, on which no orders have yet been received.

2. The Board have no copy of the Notification then submitted to refer to, but it would seem that the President of the Virdachellum Circle recommends that *if* house-tax is levied round Rate Schools in the current year it should be levied only in the villages in which the schools are situated.

3. As the President points out in paragraph 3 there is no need to levy house-tax during the current year.
