No. 48. Read the following Proceedings of the Board of Revenue, dated 11th December 1871:—

Read the following letter from the Acting Collector of Trichinopoly, to the Acting Secretary to the Board of Revenue, dated Trichinopoly, 2nd October 1871, No. 267:—

I have the honour to inform you that, as President of the Trichinopoly Municipal Commission, I addressed Government on the 12th June last, soliciting sanction for the transfer of the only Dispensary we have at Trichinopoly to the Municipality, under Section 15 of the Towns' Improvement Act (Madras Act, No. III. of 1871); but as the Board have, in paragraph 21 of their Proceedings, No. 3841, dated the 6th ultimo, pointed out that the application should have been sent in by me as Collector of the district, I beg to submit this reference, in view to the Dispensary, together with its assets and annual income, as specified below, being made over to the Commission.

4. The Dispensary is, I regret to say, in a very unsatisfactory condition, and the supervision exercised by the Committee, as at present constituted, is extremely defective; the public, I find, take little or no interest in its welfare, and the monthly subscriptions have entirely fallen off. The Municipal Commission would, if the institution was placed in their charge, take, of course, as much and as constant an interest in its welfare and guidance as in any other portion of their duties, and would not fail to leave any stone unturned towards making the institution as popular as it could possibly be rendered.

5. On joining the district at the close of May last, I was so impressed with the urgent necessity that existed for improving the system under which the Dispensary was managed, that I lost no time in writing, as I have stated, requesting its transfer to the Municipality. I was not aware that my application should have been made as Collector, and regret that so much delay should have thereby occurred.

6. I beg to request that the requisite sanction for the transfer sought for may be communicated at as early a date as practicable.

Submitted for the orders of Government.

2. The Trichinopoly Dispensary is conducted in a hired building, but it possesses capital and property, and it is clearly desirable that it should be made over to the Municipal Commissioners as soon as possible.

3. The annual income from vested funds and the rent of certain bazaars amount to Rupees 1,737. Subscriptions have entirely fallen off in consequence of bad management; but, in 1869-70, they aggregated Rupees 800. In the same year, Rupees 167 were realized by the sale of medicines.

4. The annual charges amount to Rupees 6,328.

5. The difference between income and expenditure must continue to be met by local fund and municipal grants. In this year, they have been fixed as follows:—

	Rs.
Local Fund	2,358
Municipal	2,350
Total ...	4,708

5. The Collector will submit the report about Rupees 5,000 of capital lent to the Municipal Commission, which is called for in Government Order, Financial Department, 30th September 1871, No. 507, paragraph 7.
