FINANCIAL DEPARTMENT.

No. 442.

FROM

THE HON. W. HUDLESTON,
Officiating Chief Secretary to the Government of Fort St. George,

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
HOME DEPARTMENT.

SIR,

With reference to your letter, dated the 1st instant, No. 1052, I am directed to transmit copy of a letter from the Acting Accountant-General, in which is explained in detail the cause of the heavy charges incurred in this Presidency on account of allowances granted to Civil Servants out of employ during the years 1866-67 to 1869-70.

I have the honour to be,
Sir,
Your most obedient servant,

FORT ST. GEORGE,
6th April 1872.

Officiating Chief Secretary.

From the Acting Accountant-General, to the Chief Secretary to Government, Fort St. George, dated Fort St. George, 26th March 1872, No. 771.

Audit Department.

With reference to the letter from the Secretary to the Government of India, Home Department, to your address, bearing date the 1st instant, No. 1052, referred to me for report under your endorsement of the 6th idem, I have the honour to state that the amount of allowances shown therein to have been granted to Civil Servants out of employ during the official years 1866-67 to 1869-70 represents not only out-of-employ allowance but also allowances paid to Junior Civil Servants newly arrived from England as may be observed from the following details :—

	1866-67.			1867-68.			1868-69.			1869-70.

2. The sum of Rupees 10,150-7-4 was adjusted in 1866-67 from the Account Current, London, on account of the absentee allowance drawn in England by Mr. G. Smith during absence on furlough. As he was then a Junior Civil Servant not appointed to any office, the charge was not debitable to any other head. The proper amount which should have been debited was, however, only Rupees 4,200, and the excess debit of Rupees 5,950-7-4 was reversed in the accounts for March 1868.

3. The officers noted below, who returned from furlough to Europe in 1868-69 and 1870, and who had vacated their appointments when proceeding on furlough, were, for the period given opposite their names, not provided with permanent appointments and were, therefore, drawing out-of-employ allowance. Hence the increase of that allowance in 1868-69 and 1869-70 :—

4. The Junior Civil Servants who arrived from England prior to January 1867 had, under the rules then in force, to remain at the Presidency to prosecute the study of vernaculars and to pass in them before being appointed as Assistant Collectors. Since that date, however, Junior Servants receive their appointments within one month of their arrival and study the vernaculars in the mofussil. Consequently the amount of allowance paid in 1866-67 and 1867-68 was much larger than in the following years.
