Read the following papers:—

No. 232. From the Inspector-General of Hospitals, Indian Medical Department, to the Chief Secretary to Government, Fort St. George, dated Fort St. George, 18th March 1872, No. 75.

With reference to the Proceedings of Government, Financial Department, No. 295, of the 11th instant, I have the honour to mention, for the information of the Right Honourable the Governor in Council, that Assistant-Apothecary Hawkes is now on the sick list, and is likely to continue so for some time longer. He has besides intimated to me his desire to continue in his present appointment at Palaveram, in preference to removing to Ongole.

2. Under the circumstances, I have the honour to enclose, for approval, the appointment of Mr. Henry Edwin Tripp, as Medical Officer of Ongole, and for publication in the *Fort St. George Gazette*. Mr. Tripp was educated at the Madras Medical College, became an Assistant Apothecary, from which he was removed by Court Martial, and will, if approved, from the 18th instant, be borne of the Uncovenanted List, for Civil Medical employ.

Mr. Henry Edwin Tripp is appointed Medical Officer of Ongole, and to have charge of the Dispensary and Police Hospital from the 18th March 1872. To join forthwith at the public expense.

FORT ST. GEORGE,
18th March 1872.

(Signed) E. BALFOUR,
Inspector-General of Hospitals,
Indian Medical Department.

Order, 26*th March* 1872, *No.* 372.

The Government desire to be informed on what grounds Mr. Tripp was removed from the list of Assistant Apothecaries, and what is meant by the Uncovenanted List for Civil Medical employ.

(Signed) W. HUDLESTON,
Officiating Chief Secretary.

No. 233. From the Inspector-General of Hospitals, Indian Medical Department, to the Chief Secretary to Government, Fort St. George, dated Fort St. George, 27th March 1872, No. 93.

I have the honour to acknowledge the receipt of the Order of Government noted in the margin, and to submit, for the information of the Honourable the Governor in Council, copy of the charges on which Mr. Tripp (late Assistant Apothecary) was tried by a Court Martial and dismissed the service, by which it will be seen that he was dismissed for the military crime of making two statements before a Court of Inquiry, which the Court Martial decreed to be false.

No. 372 of 26th March 1872.

2. With reference to the inquiry as to "what is meant by the Uncovenanted List for Civil Medical employ," I have the honour to mention that the requisitions of the various Municipal and Local Fund Boards for medical men have hitherto been met from the Military Medical Establishment, educated for the Military

services of Government; but, as these demands are increasing beyond the power of the establishment at my disposal, it will be necessary to employ available medically-educated men to meet the growing demands. A pensioned Warrant Officer and another person have already been employed by the Local Funds at Yercaud on the Shevaroy Hills, and at Madura, and Mr. Tripp is proposed to be similarly engaged. The term Uncovenanted Civil Medical employ was used to distinguish this class of men from the military medical subordinates on the regular establishment.

CHARGE.

First instance.—In having, at Port Blair, on the twentieth of June one thousand eight hundred and seventy-one, before a Court of Inquiry then investigating the conduct of Staff Assistant-Surgeon Erskine Burnett Grant, Doctor of Medicine, wilfully, falsely, and with intent to injure the said Staff Assistant-Surgeon Grant made the following statement:—"Doctor Grant threw the book in a passion towards the Corporal with considerable force—it was thrown with contemptuous disgust," whereas he well-knew the same to be false.

Second instance.—In having, at Port Blair, on the twenty-second of June one thousand eight hundred and seventy-one, before a Court of Inquiry then investigating the conduct of Staff Assistant-Surgeon Erskine Burnett Grant, Doctor of Medicine, wilfully, falsely, and with intent to injure the said Staff Assistant-Surgeon Grant, stated that he Staff Assistant-Surgeon Grant was on the night of twenty-fourth of May one thousand eight hundred and seventy-one under the influence of liquor when visiting a patient in hospital, whereas he well-knew the same to be false.

No. 234. ORDER THEREON, 18th April 1872, No. 532.

Instructions will be issued in the Military Department with a view to its being laid before Government. Pending further orders, Mr. Tripp will not be allowed to join at Nellore.

2. The Government observe that men like Mr. Tripp, who are not borne on the Government Establishments, are not entitled to regulated allowances, and it is for the Local or Municipal body employing them to settle their remuneration. They should not be detailed by the Inspector-General without the consent of the Local or Municipal body, nor until their remuneration is settled under proper sanction.
