the Collectorate Apothecary, and it is conjectured that the present provision is a special allowance to be paid to this officer. The Civil Surgeon and the medical subordinates under his orders should do this work as part of their ordinary duties, and the provision for a Superintendent is struck out. For Conservancy Establishment Rupees 8,850 are allotted. In all 204 servants are provided for under this grant. It appears to Government that the office establishment might well be reduced.

4. VIZIANAGRAM.—The following appears as a note to Statement I:—"Tolls are levied at the following rates, *e.g.*, the maximum schedule rates." This appears to be a careless mistake. The amount estimated is Rupees 7,100, that for 1871-72 Rupees 6,597, and the actuals for 1870-71 Rupees 6,157. It appears, therefore, improbable that the rates have been increased as the note seems to imply. The President will be informed that tolls at half-schedule rates only are sanctioned, and he will report what rates are actually levied, and also what fees are exacted on licenses. Under Miscellaneous, "Fees on Registration Boards, Rupees 50," appear. Explanation of the item should be furnished.

5. Under education Rupees 184 are provided for training schools. No contribution to the Vizagapatam School is due from the Municipality, and the item is struck out. Rupees 154 are assigned for Municipal Schools, and nothing for results' grants or for inspection. No efficient school could be maintained for Rupees 154. The Government resolve to insert Rupees 650 under results' grants to be appropriated to meet all educational charges; and call for a special report as to what the Commissioners intend to do for education in the town. To make room for this provision the grant for travellers' sheds is struck out. The other items of expenditure do not call for remark. Provision for lighting was made in 1871-72; but, for no apparent reason, no allotment is made for 1872-73.

arrangement. Half rates must be levied under all heads of the schedule, and the estimate of receipts is, therefore, reduced to Rupees 3,500, so as to accord with the actuals of 1870-71. The tolls will still yield 61·6 per cent. of the whole revenue from taxation. Carts are registered at the maximum rates which are sanctioned only from necessity.

9. The grants under New Works for the market and choultry are struck out, and the grant for new works further reduced by Rupees 100. The assignment for education to comprise results' grants, and any contribution which may be agreed on to the Local Fund for inspection, is raised to Rupees 300. Rupees 1,760 are allotted for the Dispensary. The Government would be glad to see the Commissioners' outlay on conservancy (Rupees 1,130 or less than the grant for 1870-72 by Rupees 610) increased. The Government have entered Rupees 180 for registration of births, &c., which was provided for in 1871-72, but has been omitted in the present budget. The allotments under Public Works should have been given in greater detail.

to be a mistake. The actual yield of the tolls in 1870-71 under the old Act was Rs 9099-13-2. The estimate for 1871-2 was Rs 8327 and the present estimate is Rs 8460. It is almost certain therefore that the rates have not been increased. The Commissioners will understand that the levy of tolls at more than half rates will not be allowed, and the President will report the actual rates. The receipts are summarized in the margin and call for no further remark.

operations of the municipal vaccinators would be supervised by the Collectorate Apothecary, and it is conjectured that the present provision is a special allowance to be paid to this officer. The first Surgeon and the medical subordinates under his orders should do this work as part of their ordinary duties and the provision for a superintendent is struck out. For Conservancy establishment Rs 8850 are allotted: In all 204 servants are provided for under this grant. It appears to Govt: that the office establishment might well be reduced.

are provided for training schools. No contribution to the Vizagapatam school is due from the Municipality and the item is struck out. Rs 154 are assigned for Municipal schools, and nothing for results grants or for inspection. No efficient school could be maintained for Rs 154. The Government resolve to insert Rs 650 under results grants, to be appropriated to meet all educational charges; and call for a special report as to what the Commissioners intend to do for education in the town. To make room for this provision, the grant for travellers' sheds is struck out. The other items of expenditure do not call for remark. Provision for lighting was made in 1871-2; but, for no apparent reason, no allotment is made for 1872-3.

per annum from Government, which is now a charge on Municipal funds. The amount is entered; and the Commissioners may apply to the Local Fund Board to bear a portion of it. No provision for it has been made in the local budget. Rs 225 must be taken from the grant for new works. The revised statement of expenditure is abstracted in the margin.

8. Palconda — In Palconda the house tax, which is estimated to produce only Rs 500 in 1872-3 against Rs 936 in 1871-2 and Rs 894 (actual) in 1870-1, is not levied in accordance with the law as a percentage rate on the annual value. Thatched houses are taxed at 4 annas, and tiled houses at 8 annas, per room. From the

t shows that tolls on carts laden and unladed are at half schedule rates: but all other tolls are at the maximum rates provided in Schedule D. The Government cannot sanction this arrangement. Half rates must be levied under all heads of the schedule, and the estimate of receipts is therefore reduced to Rs 3500, so as to accord with the actuals of 1870-1. The tolls will still yield 51.6 per cent of the whole revenue from taxation. Carts are registered at the maximum rates which are sanctioned only from necessity.

9. The grants under new works for the market and choultry are struck out and the grant for new works further reduced by Rs 100. The assignment for education, to comprise results grants and
