Proceedings of the Madras Government, Financial Department, 18*th January* 1872.

No. 68. Read the following Despatch from the Right Honourable the Secretary of State for India, to His Excellency the Right Honourable the Governor in Council, Fort St. George, dated India Office, London, 20th December 1871, No. 125 (Financial):—

I have to inform you that a family allotment of £3 a month, made in 1856 by Alexander Graham, an Engineer in the Indian Navy, to his mother, Mrs. Brown, in this country, has been paid to her up to the 21st February last, although Alexander Graham died on the 30th December 1858.

2. The Government of Bombay was duly advised of the allotment, but it does not appear that the subsequent death of Alexander Graham has been reported in any letter received from India; and, with a view to discover whether other over-payments have been made under similar circumstances, I forward, herewith, a list of all persons employed in your Presidency on whose account family allotments are now paid in this country, recoverable from their Indian salaries; and I request that you will inform me whether all the amounts therein entered are at present in course of being recovered in India, stating, in regard to any case in which the recovery is no longer made, up to what date it has been effected.

3. It is indispensable that, whenever, through death or any other cause, the recovery in India of family money paid in England is discontinued, the earliest advice of the discontinuance should be sent home in a letter from India, and I request that you will issue such orders as will ensure the strictest attention to this point.

FAMILY Allotments now payable at the India Office of all persons employed in the Madras Presidency.
