G.O. No.	55	Press Mis.
70-71		
Dated	18-1-	1872.

70-71 11/12

Not to be folded or roughly handled

Proceedings of the Madras Government, Financial Department,
18th January 1872.

No. 70. Read the following letter from the Director of Public Instruction, to the Chief Secretary to Government, Fort St. George, dated Madras, 21st December 1871, No. 2328:—

I have the honour to submit the Educational Budget for 1872-73 and proceed to make a few remarks thereupon.

2. The figures connected with the University are those furnished by the Registrar, as I did not consider it within my province to modify them in any way. At the same time I am inclined to think that the receipts are likely to exceed the estimated amount by Rupees 3,000 or even Rupees 4,000.

3. Under the head of "Director of Public Instruction," the increase sanctioned for my salary is provided for the whole year instead of for eleven months. Also a slightly augmented provision is made for official postage, as the correspondence of the office will certainly undergo an increase. No provision is made for extra clerks, as the present arrangement, according to which two additional men are allowed, is only temporary, and I am not yet prepared to say to what extent the office will require to be strengthened.

4. Under Inspecting Agency, besides the sanctioned increases to the salaries of the Inspectors estimated for the full year, provision has been made for seventeen additional Deputy Inspectors, with the usual allowances for establishment, travelling, &c. Under Government Order, No. 714, of the 28th ultimo, provision has not been made for an eighteenth additional Deputy Inspector. For the present Deputy Inspectors, the full sanctioned scale has been adopted. The correspondence of the Inspectors and their Deputies must necessarily undergo a large increase in consequence of the working of the Local Funds Act; I have, therefore, entered for 1872-73 a service postage allowance twice that in the estimate for the current year.

5. For the Presidency College, the necessary provision has been made to meet the increased salaries of the Professors sanctioned in Government Order, No. 232, of the 14th August 1871.

6. The scale for Combaconum College has been entered separately, instead of being included in the estimate for Government Schools; the scale is that given in my letter, No. 2288, of the 18th instant now before Government, and includes the salaries of the 1st and 2nd Assistant Masters, Rupees 500 and Rupees 300, awaiting the sanction of the Government of India.

7. No change has been made in the sanctioned scale for Government Schools, beyond removing the provision for Combaconum College. The scale is that approved as a temporary one in Government Order, No. 347, of the 20th ultimo.

8. The provision for grants-in-aid has been increased by Rupees 23,000. But, of this sum, Rupees 13,000 will be required to meet grants sanctioned in the current year and running for only a portion of the year; the fresh provision for 1872-73 is only Rupees 10,000, and it would be well if double the amount could be allotted.

9. The entries under the other heads of charge do not appear to call for notice.

No. 71. ORDER THEREON, 18th January 1872, No. 55.

With the foregoing letter, the Director of Public Instruction submits the Provincial Budget Estimate of Education.

2. The receipts, as entered in the estimate, amount to Rupees 1,33,500, but the Director, while retaining the University Registrar's Estimate of Rupees 20,000, expresses his opinion that it will be exceeded by Rupees 3,000 or even Rupees 4,000. The Government resolve to accept the Director's estimate. The receipts from fees will then be as per margin. The University fees will, under G. O., 30th September 1868, No. 328, be shown as receipts, and the gross charges entered in the budget.

	Rs.
University	23,000
Colleges	16, 00
Schools	97,500
Total ...	1,36,500

3. The University Estimate amounts to Rupees 41,444. The Government direct that the advance for robes, which is to be recovered, be struck out, reducing the estimate to Rupees 38,944.

4. The Estimate for Direction is the same as for the current year, except that the Director's enhanced salary is provided for the full year, and the estimate is passed at Rupees 42,600. Under Inspectors of Schools there is a small increase due to a similar provision for salaries. The increased scale of Deputy Inspectors proposed in G. Os., Nos. 314 and 714, dated 18th October and 28th November 1871, for employment in consequence of increased requirements of primary education has been provided for, the increased charge against Provincial Services for all the allowances of these officers being estimated at Rupees 14,889, and consequently Rupees 25,778 against Local Funds. The grant is passed. For Direction and Inspection Rupees 1,65,537 are allowed.

5. The charges of the Presidency College and the Provincial College, Combaconum, will be combined under the head "Government Colleges." The emoluments of the Professor of Law in the former institution will be struck out. If the law class be reopened, the Government do not doubt that the charges can be met from savings. The Combaconum charges are provided on the scale submitted by the Director of Public Instruction in his letter, dated 18th December 1871, No. 2288, now before Government. Pending orders they will be retained in the budget. Government Colleges require Rupees 1,04,580.

6. The estimate for Government schools is the same as in 1871-72, and is passed at Rupees 2,56,679.

7. In the margin are shown the Director's estimate for grants in aid of schools. The first item is in excess of the grant for the current year by Rupees 23,000. The Government observe that the revised estimate of the current year included new grants only for eight months, and that Rupees 10,000 at least must be added to provide for incumbent grants in force at the beginning of 1872-73. There will then be available for extension of the system in new places lapsed grants, probably Rupees 10,000 at least, and it will suffice if about Rupees 6,000 are added for entirely new grants. Rupees 2,50,000 will be allowed under the first item. Results grants to schools, not of the lower class, received an exceptional development during the enforcement of the restrictive orders, and the Government do not desire to see the system extend

	Rs.
Salary grants higher and middle classes	2,57,440
Result grants do. ...	23,000
Normal schools	15,000
Total ...	2,95,440

in this direction. The second item will be reduced to Rupees 15,000, and the grants in aid of Normal schools to Rupees 10,000 with reference to past actuals. The aggregate for grants-in-aid, including the allowances to educational institutions. Rupees 29,600, will then be Rupees 3,04,600.

8. The remaining items in the budget are passed, and the whole Educational grant is as follows:—

	Rs.
University	38,944
Direction	42,600
Inspecting Agency	1,22,937
Government Colleges	1,04,580
Government Schools	2,56,679
Grants-in-aid	3,04,600
Scholarships and prizes	27,600

Office of the Director
of Public Instruction
Madras 21st December 1871

J B Powell
Director of Public Instruction

Financial Department.

PROCEEDINGS of the MARDAS GOVERNMENT.

Read the following letter from the Director of Public Instruction, dated 21st December 1871 No 2328.

Order thereon 18th January 72 No 55.

With the foregoing letter the Director of Public Instruction submits the provincial budget estimate of Education.

2. The receipts, as entered in the estimate, amount to Rupees 133,500 but the Director, while retaining the University Registrar's estimate of Rs 20,000, expresses his opinion that it will be exceeded by Rs 3000 or even Rs 4000. The Government resolve to accept the Director's estimate. The receipts from fees

fees will then be as per margin
The University fees will
under G O. 30 Sept/86 No 328.
be shown as receipts and
the gross charges entered
in the budget

3. The University esti-
=mate amounts to Rs 41,444
The Government direct that
the advance for robes, which
is to be recovered, be struck
out, reducing the estimate
to Rs 38,944.

4. The estimate for
direction is the same as for
the current year, except that
the Director's enhanced Salary
is provided for the full year,
and is passed at Rs 12,600.
Under Inspectors of Schools
there is a small increase due
a similar provision for salaries
to ~~the same cause~~. The in-
creased scale of Deputy
Inspectors proposed in G. O's
Nos 3147/14 dated 18 Oct:

and

University	23,000
Colleges	16,000
Schools	97500
	136500

and 28th November 1871 for
employment in consequence
of increased requirements of
primary Education has been
provided for, the increased
charge against Provincial
services for all the allow=
=ances of these officers being
estimated at Rs 14,889 ~~will be~~
against
Rs 25,778 to be at Local funds. The
full provision is not likely
to be required as the scale
may not be at once introduced;
and further the Director's es=
=timate of travelling charges,
which is nearly double that
of the current year, seems too
high. The areas of the Deputy
Inspectors ranges being re=
=duced, their travelling charges,
notwithstanding the increase
in the number of Officers will probably
not exceed the present ones by
more than 50 or 60 per cent.
The Government think it
will

and consequently

I must ~~ask~~ direct this
~~that~~ it will be
additional expenditure
to be met with
Inspectors will be
granted. And to ap-
=point as few as
possible.

I must provide in the
Provincial Budget for
the entire salaries of the
Deputy Inspectors &
just the share of
their Office establishments
& Travelling allowances
& also the Travelling
allowances of Inspectors
of Schools in Local Funds

will be asked to reduce the grant by Rs 7,884. The rest of the grant is passed. For Direction and Inspection Rs ~~157,040~~ 165,537 are allowed.

5. The charges of the Presidency College and the Provincial College, Combaconum, will be combined under the head Government Colleges. The emoluments of the Professor of Law in the former institution will be struck out. If the Law class be reopened, the Government do not doubt that the charges can be met from savings. The Combaconum charges are provided on the scale submitted by the Director Public Instruction in his letter D/18 Dec. 71 No 2288 now before Government. Pending orders they will be retained in

It was represented to the Director by the Inspectors that under this order about two thirds of the salaries of Deputy Inspectors as Local Funds will scarcely provide for the position of these officers in respect of passing & will be unfair to the existing Deputy Inspectors. It is not clear that the much fewer in Tinnevelly.

Salary Grants to Higher and Middle Classes	257,440
Result Grants Do	23,000
Normal Schools	15,000
	295440

with the Budget Government Colleges require Rs 104,580.

6. The estimate for Government schools is the same as in 1871-72 and is passed at Rs 256,679.

7. In the margin are shown the Director's estimate for grants in aid of schools. The first item is in excess of the grant for the current year by Rs 23000. The Government observe that the revised estimate of the current year included new grants only for 8 months and that Rs 10,000 at least must be added to provide for incumbent grants in force at the begining of 1872-73. There will then be available for extension of the system in new places lapsed grants, probably Rs 10,000 at least, and it will suffice if about Rs 6000 are added for such

new

new grants. Rs 250,000 will be allowed under the first item. The second item ~~remains~~ reduced to Rs 15,000. Results Grants to schools, not of the lower class, received an exceptional development during the enforcement of the restrictive orders and the Government do not desire to see the system extended in this direction. The second item will be reduced to Rupees 15000; and the grants in aid of Normal Schools with reference to recent actuals to Rupees 10,000. The aggregate for grants in aid, including the allowances to Educational institutions. Rupees 29600, will thus be Rupees 304,600.
