*Proceedings of the Madras Government, Financial Department,*
*26th April* 1872.

No. 285. Read the following letter from the Acting Collector of the Godavery District, to the Officiating Chief Secretary to Government, Fort St. George, dated Cocanada, 12th April 1872, No. 20 :—

I have the honour to enclose copy of a letter from the Sub-Collector, dated 10th instant, No. 94, requesting sanction for the expenditure of Rupees 100 in clearing away a thick undergrowth of jungle in a Government tope within the municipal limits of Rajahmundry.

2. I know the locality well, and can certify to its being a public nuisance of the worst kind. The undergrowth is so thick that it is next to impossible to prevent persons resorting to it for the purposes specified by Mr. Stuart. If the tope were private property, the Commissioners could deal with it under Section 150, Act III. of 1871. I beg to recommend the grant of the sum applied for.

---

From A. J. STUART, Esq., Acting Sub-Collector of the Godavery District, to the Acting Collector of the Godavery District, dated Rajahmundry, 10th April 1872, No. 94.

I have the honour to request you will be so good as to obtain from Government sanction for the expenditure of 100 Rupees on cutting down a thick undergrowth of jungle which affords cover to a large number of persons resorting for the purposes of nature to a palmyra tope adjoining the town of Rajahmundry.

2. The tope lies at the south-east end of the town, and to pass near it is as I believe you know absolutely sickening. The tope belongs to Government, and the produce of the trees is enjoyed by the Abkari Contractor, while the leaves and fruit were separately leased out this year for Rupees 110.

3. Had the tope belonged to a private party, I would have thought it necessary to make an order for the removal of the jungle under the Procedure Code ; but, as it is the property of Government, I beg to lay the matter before you, and to request you will apply for Rupees 100, the estimated cost of clearing the tope. When the jungle is removed, we shall be able to put a stop to the nuisance.

---

No. 286. ORDER THEREON, 26th April 1872, No. 568.

The charge is sanctioned.

2. The Collector will at once take steps to remove this nuisance existing on Government property.

From

The Acting Director of
Public Instruction,

To

The Secretary to Government,
Educational Department,
Fort Saint George.

Sir,

I have the honor to submit the
following remarks with reference to paragraph 3
of the Government Order, Financial Department
No. 364 of the 22nd ult.

2. The Local Board of the Kistna District having expressed a wish that a Taluq school should be established at each Kistnah station, Mr. Powell was requested to report whether any existing schools of this class could be transferred to the Kistna from other districts.

3. Mr. Powell in reporting the question to the Inspector of schools, 1st Division observed that he was inclined to answer this question in the negative, but still thought that in justice

to

to the District it should be recollected that the Kistna has only one Government Middle Class school, while other Districts have many more.

4.

Mr Kinshaw whose report is enclosed, is opposed to the opening of any new Talug schools either in the Kistna or in any district, assuming that they are dying out and being superseded by cheaper institutions of a more healthy and durable constitution; and that especially at Knobah stations such institutions are altogether unnecessary.

5.

Without entering into the general question of Talug schools I may observe that the reason why there are no Talug schools in the Kistna District is that all those that have been tried were so badly supported that there was no alternative but to abolish them. Schools of this class were opened and in operation for various periods at no less than ten stations of the old Masulipatam and Guntur Districts, some portion of which is now comprised in the Godavery District. The last of these, viz. the Talug school of Gudur, after having been in a deplorable condition for some years, was abolished a few months ago, because the attendance had dwindled down to one pupil.

Lt. Col. Commanding
Artillery

6 11 The Middle class school referred
to by Mr Powell is the Anglo-Vernacular school
of Guntoor which was established in April 1871
and which may be considered equivalent to
at least three Taluk schools.

7 With the exception of Bezwada
where there is the aided school of the Church Mission-
ary Society, I am not aware that there are
any Kurbah stations in the Kistna District
more promising than those at which Taluk
schools have been already tried. I see therefore
no grounds for recommending that any schools
of this class should be transferred to a District
in which they have been so little appreciated.

I have the honor to be,
Sir,
Your most obedient servant,
