No. 305. Read the following letter from the President of the Municipal Commission, Cuddalore, to the Chief Secretary to Government, Fort St. George, dated Cuddalore, 6th February 1872, No. 220 :—

With reference to the Order of Government, dated 28th October last, No. 1646, I have the honour to submit, herewith, the Budget Estimate of the Cuddalore Municipality for the year 1872-73, with an Abstract Budget Statement, as called for in the Government Order dated 15th December 1871, No. 1854.

No. 306. ORDER THEREON, 29th April 1872, No. 577.

The estimated receipts of the Municipality of Cuddalore, for the year 1872-73, amount to Rupees 29,650, including contributions of the amounts provided in the Local Funds' Budget. The proceeds of rates and taxes are Rupees 20,870. The trades-tax, sanctioned for 1871-72, is abandoned, and it is apparent that it is not required. The Government regret to find that arrears, amounting to Rupees 2,770, are expected to be outstanding at the beginning of the year. The note to Statement I. has not been filled up, but there seems no doubt that no enhancement of the rates of taxes has taken place. The estimate for endowments takes no credit for subscriptions and donations which amounted, according to the returns for 1870, to Rupees 790. The Local Fund Board have sanctioned contribution for roads Rupees 500, and for schools Rupees 500. These sums are entered in lieu of those (Rupees 350 and Rupees 471) appearing in the present Budget. Information as to these contributions should be furnished.

2. Grant I. amounts to Rupees 6,810. Under education, apparently adequate provision is made for grants-in-aid, but nothing appears under Municipal Schools or Inspection. The President will give information in the annual report as to the present and intended educational expenditure of the Municipality, and the grounds of the local contribution for schools. The Local Board should be addressed as to a contribution for inspection. Perhaps it is considered that, as the Local Board are interested in the objects of Municipal educational expenditure, no contribution for inspection should be given. The Government observe that, in Statement I.-A, the Dispensary charges are put down at Rupees 6,030, the cost of vaccination being

apparently included. These charges should not be debited to the endowment. The allotments for supplies and diet of patients seem low with reference to past actuals. The Dispensary according to this estimate will cost the Municipal Fund Rupees 1,950, not an excessive sum, and one which will be reduced by donations which ought not to be altogether wanting. The other items of expenditure need no remark and are passed. The usual notification authorizing the taxes will be published in the Gazette.

NOTIFICATION.

CEEDINGS of the MADRAS GOVERNMENT.

Read the following letter from the President of the Municipal Commissioner, Cuddalore, dated 6th February 1872, No 220.

Order thereon No 577. 29 April 72

To

The estimated receipts of the municipality of Cuddalore for the year 1872-3, amount to Rs 29,650 including contributions of the amounts provided in the local funds budget. The proceeds of rates and taxes are Rs 20,870. The trades tax, sanctioned for 1871-2 is abandoned, and it is apparent that it is not required. The Government regret to find that

arrears

arrears amounting to Rs 2770 are expected to be outstanding at the beginning of the year. The note to Statement I has not been filled up, but there seems no doubt that no enhancement of the rates of taxes has taken place. The estimate for endowments takes no credit for subscriptions and donations which amounted, according to the returns for 1870, to Rs 790. The local fund board have sanctioned contribution for roads, Rs 500 and for schools Rs 500. These sums are entered in lieu of those (Rs 350 and Rs 471) appearing in the present budget. Information as to these contributions should be furnished.
