Sir,

With reference to S. I. Rec.d 23rd March 1872 No. 2188, I am directed to request that the Govt of India may be informed of the grounds on which a charge of 10 per cent in excess of the invoice price of medical stores, irrespective of transit charges, is to be made.

Fort St George
29 April/72

We have no grants from imperial funds for cost of medicines - the item has been for the first time, provided for in the civil estimates of 1871-2. The amount for 1871-2 will be Rs 43,888, but of this only about 10,000 will be charged against provincial services. If it rather had that provincial, or local funds, should pay in part pay for stores or act. against there is no provincial assignment, but that the Govt of India should also make a profit of 10 per cent on the supply.
