Proceedings of the Madras Government, Financial Department,

3rd May 1872.

No. 26. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Public Works Department, Fort St. George, dated Fort St. George, 15th April 1872, No. 136 :—

With reference to the Proceedings of Government in the Financial Department, No. 255, dated 7th March 1872, communicated with G. O. in the Public Works Department, No. 192, of the 21st idem, sanctioning the sum of Rupees 3,131-2-1 from savings under "Provincial Services" on account of the value of the work done by the Madras Sappers and Miners during the years 1869-70 and 1870-71 on the Coonoor Ghaut, I have the honour to state that, subject to the approval of Government, this amount will be considered as a grant-in-aid from "Provincial Services" to the Local or Road Fund Budget, to which the expenditure on that work is debitable. The necessary adjustment will be made in the accounts of the Neilgherry Range for February 1872.

Transferred to the Financial Department.

FORT ST. GEORGE, (Signed) G. W. WALKER, Colonel, R. E.,
18th April 1872. *Offg. Secretary to Government, P. W. D.*

No. 27. ORDER THEREON, 3rd May 1872, No. 619.

The Government think it better to make the additional grant and debit under "Communications, Provincial," as the inclusion of the charge against the Neilgherry Circle will involve a proportional debit for Public Works Department Establishment. This would be unfair, as the charge relates to a period before the introduction of the Act.

2. Further, the charge was to be met from savings in the grant already made to the Public Works Department. That Department should transfer the amount from "Civil Buildings" to "Communications."

3. The recovery from the Military Department should be credited to Provincial Funds. The Government assume that this is meant (in contradistinction to "Imperial") by the phrase "Public Works Receipts, *Local*," in the Controller's No. 2661, dated 31st January 1872.

It is better to include under the additional grant debited under Communications, Provincial, as the inclusion of the charge against the Wellington circle with in volves a debate for P.W. Department which would be unfair, as the charge relates to a period before the introduction of the act.

2. Further the charge were to be met from savings in the grant already made to the P.W.D. That department should transfer the amount from Civil buildings to Com.ns.

3. The recovery from the Building dept should be credited to Provincial Fund. The Govt assume that this is meant by the phrase "Public Works receipts Local" in the Controller's No 2682 of 31 Jan 1872.
