No. 30. Read the following Proceedings of the Board of Revenue, dated 10th April 1872, No. 2611 (Miscellaneous):—

Read the following letter from the President of the Local Fund Boards, Ganjam, to the Secretary to the Board of Revenue, dated Udayagiri, 4th December 1871, No. 111:—

With reference to paragraph 2 of G. O., dated the 30th October 1871, No. 623, I have the honour to state that nearly three-fifths of the actual balance of the District Road Fund, which remained on hand at the close of the last official year under Act III. of 1866, has been added to the Chetterpore Circle and a little more than two-fifths to that of Chicacole in reference to the estimated amount of land cess proposed to be collected in each of these circles.

2. Though the provision of Rupees 1,500 originally made in the Budget of the Chicacole Circle for Educational Inspection appear to be excess of the estimated cost, the revised provision now made by Government, viz., Rupees 920, is not at all sufficient to meet the actual expenditure on the above account as shown below:—

	Rs.
One-third of the Deputy Inspector's pay, travelling and office allowance, as per account rendered by that office Rupees 792, or in round numbers	800
Pay of an Inspecting Schoolmaster already employed	360
Travelling allowance at 8 Annas a day	140
Total ...	1,300

3. The amount collected in the first three months, viz., from April to June, in the Chetterpore Circle, is Rupees 23,008-15-2, and in Chicacole Rupees 7,497-4-9, and the whole of the amount has been duly credited to Road Fund.

4. The Local Fund Board of the Chetterpore Circle has already decided upon forming unions at Itchapore and Barwah in 1872-73, when the schools, the Deputy Inspector is of opinion, will fulfil the conditions required by Section 11 of the Local Fund Rules.

5. Provision has been made in the Budget for 1872-73 for the employment of two Inspecting Schoolmasters.

6. As the avenues belong to the trunk road the estimated receipts therefrom have been shown under Statement No. 2, but for the future they will be credited to General Funds.

Submitted for the information of Government.

2. The balance of the District Road Fund on the 1st April 1871 amounted to Rupees 12,580, which was distributed between the two circles of the district with reference to the expected cess collections in each. As the amount is below Rupees 15,000, the limit fixed in paragraph 3 of the Government Order, Financial Department, dated 14th March 1872, No. 315, the Board do not think it necessary to press the matter further.

3. In the statement appended to paragraph 2 of the Collector's letter, showing the cost of Educational Inspecting Agency debitable to the Chicacole Circle, the whole

cost of the salary and allowance of the Inspecting Schoolmaster already employed, is included. As the existing staff for the entire district consists of only *one* Deputy Inspector and *one* Inspecting Schoolmaster, the pay and allowances of the latter should be distributed proportionately between the two circles in the ratio of the expenditure on educational grants.

Secretary.

No. 31. ORDER THEREON, 3rd May 1872, No. 621.

The distribution of the Road Fund balances already made may stand.

2. From the President's *statement* it would appear that the whole charges against Local Funds in the district for Educational Inspection were Rupees 2,100. They were estimated by Government at Rupees 2,200, and allotments made accordingly. The President seems to assume that the charges are to be equally divided between the two circles which is not the case. If the actual charge be divided in proportion to the allotment made in the budgets—(*vide* G. O., 30*th October* 1871, No. 623,) the Chicacole grant will be more than sufficient.
