Proceedings of the Madras Government, Financial Department,
14th May 1872.

No. 50. Read the following letter from the Acting President of the Municipal Commissions in Ganjam, to the Chief Secretary to Government, Fort St. George, dated Berhampore, 31st January 1872, No. 84:—

I have the honour to forward, herewith, in original, the Budget Estimates for the year 1872-73, received from the Vice-Presidents of the Berhampore and Chicacole Municipalities, and prepared in the forms prescribed in G. O. of the 28th October 1871, No. 1646, together with the abstracts required in G. O. of the 15th December 1871, No. 1854.

2. In Statement II. of the Berhampore Municipality, Rupees 1,870 have been entered as contingencies under lighting in Grant IV., out of which sum Rupees 400 is estimated to be the cost of 100 lamp posts and lamps, and Rupees 1,470 is allotted for oil and wicks.

No. 51. ORDER THEREON, 14th May 1872, No. 643.

With the foregoing letter, the President of the Municipal Commissions in Ganjam submits the Municipal Estimates for the Towns of Berhampore and Chicacole for 1872-73.

2. BERHAMPORE.—The inclusion of the funded capital of the dispensary as a balance was incorrect, as the floating balance only should appear. The Local Fund contribute Rupees 1,500 to the institution, and the result is that its income exceeds the charges by Rupees 1,017. The Municipality is thus at no charge for the dispensary, and the Government are of opinion that the contribution ought to be reduced. If the estimate of sundry contributions is correct, the local payment should be reduced to Rupees 250, and a similar payment from Municipal Funds would suffice to balance the Dispensary Budget. The Local Boards should be addressed on the subject. The yield of taxes is estimated at Rupees 14,400, of which Rupees 400 are arrears. Statements III. and IV. should have been filled up. The entry as regards the rate of license fees for slaughter-houses appears to refer to Item 7-b. in Statement I. If no scale of license fees proper (Item 3-F) has been sanctioned, the President will report the rates charged for approval by Government. The modified estimate of receipts is Rupees 23,310.

3. The items under Grant I. call for no remark. Under Grant II. Rupees 600 are provided for results' grants, but the Government are unable to say whether this is sufficient. Rupees 180 are allotted for the Town School. This is a private school of the middle class, and the grounds of the municipal contribution to it require explanation. The money as well as a portion of the balance ought to be devoted to the establishment of Municipal Elementary Schools, if adequate provision has been made for results' grants. The Commissioners will explain their educational operations in the annual report. The contribution for inspection, Rupees 200, seems excessive with reference to the municipal outlay on education. The "Advances to the poor for tiling their houses, Rupees 800" should have come under "Advances recoverable." The Government approve of this provision, and wish to know the conditions on which advances are made. The Commissioners should not harshly enforce the provisions of the law in this respect. The other allotments for expenditure are passed.

4. Chicacole.—The Commissioners have not entered the detailed receipts and charges of the dispensary though the transfer of the institution has been ordered. They have merely provided a grant of Rupees 300 towards its charges. With reference to past returns, the Government resolve to make the entries noted in the margin, which include the contribution of Rupees 1,500 provided for in the Local Budget. If this be paid the Municipal Fund will be at no charge for the dispensary, and the Government are of opinion that the local contribution might be reduced to Rupees 750 or even less. The taxes in Chicacole are expected to yield Rupees 8,200 of which Rupees 5,500 come from tolls, evidently levied *on through traffic*. The President is requested to report whether the Commissioners should be required to reduce the rates of toll to one-fourth of the maximum rates. The general incidence of taxation in the town should be considered. No license fees are levied.

5. The allotments for Public Works should have been given in greater detail. For education Rupees 1,200 are provided under the head results' grants. This is without doubt an excessive assignment. Rupees 150 will be taken from it for Educational Inspection, on which account it is observed the Local Board claim Rupees 500. The Commissioners are at liberty, should the results' grant allotment prove excessive, to apply part of it to the establishment of Municipal Schools for primary instruction. The other items are passed. The receipts and charges are abstracted in the margin.

6. The estimates of the Berhampore and Chicacole Municipalities as above modified are passed. The usual Notifications will be published.

PROCEEDINGS of the MADRAS GOVERNMENT.

Read the following letter from the President of the Municipal Commissioners, Gayam, dated 31st January 1872, No. 84.

Order thereon 1st May 72 No. 643.

With the foregoing letter the President of the Municipal Commissioners in Gayam, submits the Municipal estimates for the towns of Berhampore and Chicacole for 1872-73.

2. Berhampore — The inclusion of the fund & capital of the dispensary as a balance was incorrect, as the floating balance only should appear. The Local Fund contribute Rs 1500 to

to the contribution and the result is, that the income exceeds the charges by Rs 1017. The Municipality is thus alone charged for the dispensary; and the Government are of opinion that the contribution ought to be reduced. If the estimate of Sundry contributions is correct, the Local payment should be reduced to Rs 250, and a similar payment from Municipal funds would suffice to balance the dispensary budget. The Local Board should be addressed on the subject. The yield of taxes is estimated at Rs 11,400, of which Rs 400 are arrears. Statements III & IV should have been filled up. The subject as regards the rate of license fees for slaughter houses appears to refer to item

Balance
Municipal Fund 5270
Endowment 1670 6940
Rates and taxes.
Houses & Lands 3700
Trades 2700
Vehicles &c 800
Carts 500

Fees 100
Fines 100 14,400
Endowments &c 850
Contributions from Local fund 1500
Misc Clauses 120
23,810

item 7.b. in Statement No I. If no scale of license fees proper (item 3-F) has been sanctioned, the Resident will report the rates charged for approval by Government. The modified estimate of receipts is Rs 23,810.

9. The items under Grant I call for no remarks. Under Grant II, Rs 600 are provided for results grants, but the Government are unable to say whether this is sufficient. Rs 180 are allotted for the Town School. This is a private school of the middle class, and the grounds of the Municipal contribution to it require explanation. The money as well as a portion of the balance ought to be devoted to the establishment of Municipal elementary schools, if adequate provision has been

been made for results
grants. The Commissioner
will explain their Educa-
tional operations in the
annual report. The contri-
bution for inspection Rs 200
seems excessive with reference
to the Municipal outlay
on Education. He advances
to the poor for tiling their
houses, Rs 800 "should have
come under "advances Re-
coverable". The Government
assume if this provision &
wish to know the conditions
on which advances are made.
The Commissioners should
not harshly enforce the
provisions of the law in
this respect. The other
establishments for expenditure
are passed

4. Chicacole. The
Commissioners have not
entered the detailed receipts
and charges of the dispensary
though

only [illegible]. They
have merely provided a grant
of Rs 300 towards its charges.
With reference to past returns
the Government resolve to make
the entries noted in the margin
which include the contribution
of Rs 1500 provided for in the
Local budget. Of this he
paid the Municipal fund
will be at no charge for the
dispensary, and the Government
are of opinion that the Local
contribution might be reduced
to Rs 750 or even less. The
taxes in Chicacole are
expected to yield to Rs 8200
of which Rs 5500 come from
tolls, evidently levied on
through traffic. The President
is requested to report whether
the Commissioners should be
required to reduce the rates
of toll to one fourth of the
maximum

maximum rates. The general incidence of taxation in the town should be considered. No license fees are levied.

5. The allotments for Public Works should have been given in greater detail. For Education Rs 1200 are provided under the head results grants. This is without doubt an excessive assignment Rs 150 will be taken from it for Educational inspection, on which account it is observed the Local Board claim Rs 500. The Commissioners are at liberty should the results grant allotment prove excessive, to apply part of it to the establishment of Municipal Schools for primary instruction. The other items are passed
