No. 54. Read the following letter from the Officiating President of the Municipal Commission, Madras, to the Officiating Chief Secretary to Government, Fort St. George, dated Madras, 30th April 1872, No. 24-C:—

I have been requested, by a great majority of the Commissioners, to forward to you, for submission to the Honourable the Governor in Council, the accompanying memorial of Mr. S. Jesudasen Pillay, Collector of this Municipality, together with copies of testimonials, and to express their earnest hope that he will be pleased to give it his favourable consideration.

2. I think it right to state that I have had every reason to be satisfied with the manner in which Mr. S. Jesudasen Pillay has conducted the duties of his office since I have had the honour of officiating as President of the Municipal Commission.

To His Excellency the GOVERNOR in COUNCIL,
Fort St. George.

The humble Memorial of S. JESUDASEN PILLAY,
Collector of Municipal Taxes, under the Municipal
Commission for the Town of Madras,

Most Respectfully Showeth—

That your Memorialist first entered the service of the Government in the year 1852 as a Native Surgeon, having passed through the Madras Medical College with distinction.

2. That your Memorialist served in the districts of Madura and South Arcot, and afforded the highest satisfaction as well to the superior officers placed over him, as to the people among whom he did duty, and your Memorialist also won the good opinion of Government as will be observed by the copies of Extracts from Proceedings of Government, which will be found in the accompanying pamphlet of Testimonials.

3. That, in consideration of his good services and qualifications, your Memorialist was specially chosen by the then Medical Board to meet the pressing wants of the native inhabitants of Madras, who had petitioned Government for the services of a well-qualified Native Medical Officer.

4. That your Memorialist, after his appointment as Native Surgeon for the Town of Madras, established, in order to increase the utility of his services, a Dispensary in Salay Street, Black Town, and that thousands of the poor received medical aid through this institution, as will be observed by the Reports on Civil Dispensaries (from the year 1857) by the late Medical Board, and Inspector-General, Medical Department.

5. That in consideration of the valuable services thus rendered by your Memorialist, and with the view of having a Native Medical Officer in the Municipal Commission, His Excellency the late Sir William Denison, then Governor of Madras, was pleased to nominate your Memorialist as one of the Municipal Commissioners for the Town of Madras in May 1861, on a salary of Rupees 300 without prejudice to Memorialist's duties as a Native Surgeon. That the salary drawn by your Memorialist for these two offices amounted to Rupees 450 per mensem.

6. That your Memorialist in September 1867 satisfactorily passed the examination necessary for obtaining the increased septennial allowance sanctioned for his grade, and your Memorialist received a salary of Rupees 200 as Native Surgeon; thus making his aggregate allowance Rupees 500.

7. That, in November 1865, under the provisions of the Municipal Act No. IX. of 1865, your Memorialist's salary as Commissioner was increased to Rupees 400 per mensem (*vide* Proceedings of Government, No. 1242, dated 30th November 1865) thus raising Memorialist's pay to Rupees 550 per mensem.

8. That your Memorialist devoted the whole of his time and attention to the people, by affording them, in his capacity as Native Surgeon, medical advice, and by looking after their municipal interests, as Native Commissioner.

9. That, in the year 1866, Government, in consideration of such services, granted to your Memorialist the maximum salary allowed by the Act, viz., Rupees 500, thereby raising Memorialist's aggregate income to Rupees 700 per mensem.

No. 139, dated 7th February 1866.

10. That, in the month of November 1867, it was deemed necessary to reorganize the constitution of the Municipal Board, and that a legislative enactment was framed in which special provision was made for the two paid Commissioners whose services as Commissioners were dispensed with by that Act, viz., by Mr. B. Cardozo being appointed Assistant to the President of the Municipal Commission on a salary of Rupees 1,000, the same as that which he had drawn as Commissioner under the previous Act, and by your Memorialist being appointed Collector of Municipal Taxes with a salary of Rupees 600 per mensem. This latter arrangement was made by Government, because your Memorialist, by the terms of Section 12 of Act IX. of 1867, was required to give up his medical appointment which he held at the time, and for which he was drawing Rupees 200 per mensem up to 31st October 1867.

Proceedings of Government, No. 1365, dated 1st November 1867.

11. That your Memorialist submits that, by this Act of State, your Memorialist's salary was guaranteed by Government to be Rupees 600, he having in good faith given up his appointment in the Medical Department and all the advantages therewith connected, as well as his large practice, to devote his entire time and attention to his duties in the Municipality as required by the Act. It will be observed that on the one hand your Memorialist gave up all the advantages of the Government service, in order to take up an appointment under the Municipality, and on the other hand the Government guaranteed to your Memorialist by a legal enactment the maximum salary of Rupees 600 for the post under the Municipality to which they had appointed him, and your Memorialist submits that subsequent legislation could not have annulled this guarantee, it being applicable only to new incumbents, or it should have maintained that guarantee.

12. That, in the month of April 1871, it was again deemed advisable to reorganize the Municipal Staff, and to amend Sections 6 and 7 of Madras Act IX. of 1867. That at that time the Municipal Commissioners strongly recommended that your Memorialist and all other Executive Officers should not in any way suffer in their salary, and with this object it was determined to give Memorialist a salary of Rupees 350 and a personal allowance of Rupees 250, so that the guarantee made to your Memorialist might not be infringed.

13. That the interests of all the members of the Municipal Staff was protected by Government from the highest to the lowest in Act V. of 1871, with the exception of your Memorialist, whose salary was fixed at Rupees 500 per mensem, thereby causing your Memorialist a loss of Rupees 1,200 per annum. That inasmuch as Government protected the interests of all the other members of the Municipal Staff, either by increasing their salaries or not allowing any diminution thereof, your Memorialist believes that the reduction of his salary from Rupees 600 to Rupees 500 was owing to the guarantee made to him having been lost sight of, your Memorialist gave up his service under Government, only on the distinct understanding that he would receive Rupees 600 under the Municipality, and he, therefore, humbly submits that the reduction of his salary as provided for in Act V. of 1871 is not warrantable. The law was defective in this respect, and it was to remedy this defect that the Commissioners proposed a personal allowance and not with the view of evading the law.

No. 403, dated 1st April 1871.

14. That your Memorialist begs to point out that he is the only one of all the employés of the Madras Municipality who has suffered by the operation of Act V. of 1871. That after having filled the high and important post of Commissioner drawing an aggregate salary of Rupees 450 in the year 1861, Rupees 550 in 1865, and Rupees 700 in 1867, your Memorialist consented to take up the subordinate position of Collector, on the understanding that, by giving up his medical appointment, he would receive a salary of Rupees 600; and as that amount has not been secured

to your Memorialist, and a positive loss of Rupees 1,200 per annum occasioned, he prays that the difference between what he now receives and what was guaranteed to him may be made up by a personal allowance. Your Memorialist begs to solicit a perusal of the resolution of the Municipal Commissioners (hereto attached) relative to your Memorialist's salary after the appearance of Act V. of 1871, and the individual minutes by the several Commissioners, and as the enactment in respect to your Memorialist's salary is opposed to the views of the Municipal Commissioners in respect thereto, both as a body corporate and as individual members, it is respectfully submitted that the fixing by legislation of the salary of your Memorialist at Rupees 500 is an error and opposed to the principle which the Municipal Commissioners wished to maintain in respect to your Memorialist, and your Memorialist, therefore, humbly prays that the error may be rectified either by allowing your Memorialist to receive a personal allowance (of Rupees 100) as recommended by the Municipal Commissioners, or by introduction of a clause in Act V. of 1871 to that effect, for which, as in duty bound, your Memorialist will ever pray.

(Signed) S. JESUDASEN.

MADRAS, *April* 1872.

No. 55. ORDER THEREON, 14th May 1872, No. 649.

The Government have fully considered all the circumstances of the case and must decline to modify their Order of 17th August 1871, No. 1266, Public. They cannot sanction any payment to the Collector beyond the maximum prescribed by the Municipal Act, and they do not consider that any case is made out for altering the law.

THE HUMBLE MEMORIAL OF S. JESUDASEN PILLAY COLLECTOR OF MUNICIPAL TAXES, UNDER THE MUNICIPAL COMMISSION FOR THE TOWN OF MADRAS.

MOST RESPECTFULLY SHEWETH,

That your Memorialist first entered the service of the Government in the year 1852 as a Native Surgeon, having passed through the Madras Medical College with distinction.

EXTRACT *from the minutes of the Proceedings of a General Meeting of the Municipal Commissioners for the Town of Madras, held at their Office premises, on Thursday, the 8th of June* 1871, *under Madras Act IX. of* 1867.

I.—Order of Government in its Public Department, No. 456, dated 1st April 1871, directing that Act No. V. of 1871 shall come into operation and take effect from the 1st April 1871.

Read Order of Government, Public Department, dated 1st April 1871, No. 456.

THE OFFICIATING PRESIDENT having proposed that the Order should be recorded,

DR. VANSOMEREN requested that the following Minutes by several of the Commissioners, on the subject of the reduction in the pay of the Collector resulting from the above Order, should be read:—

"I cannot allow the accompanying Order of Government to pass further into circulation, without appealing to the President and my fellow-Commissioners to take special notice of the hardship about to be sustained by the present Collector, and to urge upon them a course of action which regard to simple justice demands, even at this, the eleventh hour, when we are required to give effect to the letter of the Legislative enactment, which has just become law.

"Most, perhaps all, of us are aware that Jesudasen Pillay, until a little over three years ago, drew a monthly salary *of seven hundred* Rupees, inclusive of Rupees 200 drawn as Native Surgeon, which, when the present Act came into operation, was reduced to six hundred as a maximum salary. And now the amended Act again reduces his pay by *one hundred* Rupees, so that within three-and-a-half years his salary will be cut down by *two thousand four hundred Rupees per annum!* This reduction, be it noted, is not the result of any failure of duty on the Collector's part. On the contrary, I have been informed by one of my colleagues in the Commission, that Jesudasen Pillay per-

"forms his duties efficiently. And I submit that, if those duties be more easily discharged now than "they used to be, it behoves us not to forget that he had, in the new order of things about the close of "1867 and throughout 1868, to work up his department, with much labour and anxiety, to its present "efficiency.

"It should also be remembered that formerly Jesudasen Pillay was not only better paid, but "was himself a Commissioner. He is now a subordinate, He has suffered in position as well as in "purse, and this fact renders the proposed further reduction of his salary still more objectionable.

"Again, is it not, when curtailments of salary are proposed, an acknowledged principle, that "the interests and claims of present incumbents should be respected? This principle has been main-"tained in favour of Mr. Ross and Ramasawmy Chetty, considerably the Collector's juniors in the "department. Is it fair to make an exception, and a solitary exception, to the disadvantage of the "Collector?

"I beg to submit these remarks at once for the consideration of the President, and to request "that they may be circulated to all the Commissioners, with a view to the adoption of such measures "as are best calculated to prevent a great hardship to an individual who deserves better treatment "from us! Should we not, in a still more emphatic representation, urge again upon Government that "part of the second Resolution passed at the Special Meeting of the 1st March 1871, which bears upon "Jesudasen Pillay's salary?"

(Signed) W. J. VANSOMEREN, M.D.,
Municipal Commissioner, 1st Division.

R. BRANSON.

"I concur with the above opinion"

JANAY JAHAN KHAN BAHADOOR.

"I perfectly concur in the views expressed by Dr. van Someren, and think it only fair that "Dr. Jesudasen Pillay's case should meet with favourable consideration. His connexion with the Mu-"nicipality extends over several years, and he enjoyed a much better position and pay than now till he "was made a Collector under the present Municipal Act. He has already suffered in a pecuniary way in "the Municipal Office and by cutting off his connexion with the Medical Service. He has till recently "been subjected to much annoyance in the office, having received little support from the former head "of the executive, and yet he has patiently and steadily worked up his department and brought it into "a satisfactory condition. Considering these facts, and looking to the circumstance that all the other "officials in the Municipal Office, (including probationers and others who have hardly any claims on the "Municipality) have been retained and permitted to draw their former pay, it does seem particularly "harsh and unjust that the Collector alone should be singled out, and made to suffer in the matter of "his usual allowances. I do not believe that a case similar to Dr. Jesudasen's has ever occurred in the "Municipal Office, and I am, therefore, in favour of our making a representation to Government, "urging his claim to a personal allowance of Rupees 100 to make up his former salary, in accordance "with the principle already agreed to by the Commissioners."

V. KRISHNAMAH CHARRY.

23rd May 1871.

"I quite concur in the above opinion."

HYDER JUNG BAHADOOR.

27th May 1871.

MADRAS, *3rd June* 1871.

"The Commissioners finally resolved at their last General Meeting, that the Executive "Officers should not in any way suffer in their pay, under the new arrangements consequent on the "amended Bill. I am decidedly of opinion that we shall be doing a great injustice to the present Col-"lector if we don't procure him the salary hitherto drawn by him under the Municipal Act.

"Mr. Ramasawmy Chetty, who was only two years in the department, gets his full salary of "Rupees 500 as Assessor, which work was hitherto done by Mr. Bazely on Rupees 300 a month. "Messrs. Bazely and Axelby, although removed from their former most responsible duties, still draw "their usual salaries of Rupees 300 and 200, respectively, as simple Managers. Mr. Ross, who has "been only a year on probation, is allowed his full pay, although Mr. Gover was appointed on Rupees "600 in his place, as Sanitary Inspector.

"In fact, every soul in the Municipality, high or low, gets his full pay with the simple excep-"tion of the Collector, who is the oldest officer in the department, having rendered most invaluable "services to the Municipality for a long period of 12 years, both as a Commissioner, and as Collector.

"This is most unfair to say the least, and I would beg to support Dr. vanSomeren's motion "that the Collector be allowed his usual pay. The Government no doubt fixed Rupees 500, as the "maximum salary for future Collectors, but the present incumbent should be allowed a personal "allowance of Rupees 100 a month during his connexion with the Municipality, as was resolved at our "last Meeting."

M. S. SHADAGOPA MOODELLIAR,
Municipal Commissioner, 2nd Division.

"I have always been of opinion that Dr. Jesudasen has met with a very ungenerous treat-"ment. The experience I had in the Finance Committee bears me out in the statement that the then "Executive was peculiarly prejudiced against him, and this bad impression has unfortunately been "shared in by some of the Commissioners.

"In recommending to Government that the Collector's salary should be fixed at Rupees 500, "a special provision was made by the Commissioners for Dr. Jesudasen's salary, and the question of "personal allowance has, we do not know why, been left untouched by Government. Certainly it is "very hard for a man of Dr. Jesudasen's position, to be treated so summarily as the Government have "done."

Y. VENCATARAMIAH.

3-6-71.

DR. VANSOMEREN then said that he had explained so fully in his Minute the reasons which induced him to think it would be a case of peculiar hardship if the Collector was to be a loser to the extent of Rupees 100 per mensem by the operation of Act V. of 1871, that it was unnecessary he should take up the time of the Meeting by going over them once more on this occasion. It was very satisfactory to him to find that so many of the Commissioners, held the same views as himself on this subject, and he would, therefore, move the following Resolution with reference to the Order of Government now before the Meeting:—

RESOLUTION.

1st.—"That, in consideration of Jesudasen Pillay's long services in the Municipality, he be granted a special personal allowance of Rupees 100 per mensem, in addition to the salary granted to him by Government, so that he may not be a sufferer, by Act V. of 1871."

2nd.—"That the Minutes of the Municipal Commissioners which have been read to the Meeting be submitted to Government, in support of this Resolution."

3rd.—"That, when the Budget estimate comes on for discussion, a sum of Rupees 100 per mensem be granted to S. Jesudasen Pillay as a personal allowance, in addition to his pay of Rupees 500 per mensem."

MR. SHADAGOPAH MOODELLY seconded the Resolution, which was then put to the Meeting and carried.

DR. VANSOMEREN then proposed, and Mr. Borthwick seconded the following Resolution which was put to the meeting and carried unanimously.

RESOLUTION.

"That under the head of Salaries a personal allowance of Rupees 100 per mensem to the Collector, Mr. S. Jesudasen Pillay, be included in addition to his pay of Rupees 500 per mensem, and that the Budget Estimate for 1871-72 as amended, be approved and passed."
