No. 83. Read the following Proceedings of the Board of Revenue, dated 23rd April 1872, No. 648:—

From J. H. MASTER, Esq., Acting Collector of Bellary, to the Secretary to the Board of Revenue, dated 28th June 1871, No. 253.

I HAVE the honour to forward, duly countersigned, estimates, amounting to Rupees 6,940, for constructing a road from Chitawadagy to Hossoor Ferry, on the banks of the Tungabhudra river.

Two sheets of Survey Plans.
Four Plans for masonry works.
One Report.
One Estimate.

2. The length of the present road between Hospett and Hossoor is 4 miles, 1 furlong, and 83 yards; but as the first 2 miles of this, towards the Chitawadagy end, is stated to be in so fair order as to require nothing of importance done to improve it, the estimate may therefore be said to provide for the through construction of the remaining length.

3. The object of constructing this road is to facilitate communication between Chitawadagy, Hossoor, and the Nizam's dominions. The two towns mentioned are situated in the richest part of the Hospett Taluq, and are the centres of trade for the large area of country irrigated from the Tungabhudra river, the traffic at present is very large, but carried on in a most incommodious and expensive manner, owing to all merchandise having to be unloaded from carts, and conveyed 2 or 3 miles by bullocks or coolies.

4. A sum of 5,000 Rupees is allotted for this road, item No. 63 in Part I. of the current year's Road Fund Budget, and I request that early sanction may be obtained.

From the same Officer, dated Raidrug, 28th November 1871, No. 448.

I HAVE the honour to forward,* duly countersigned, estimate, amounting to Rupees 6,940, for constructing a road from Chitawadagy to Hossoor Ferry on the banks of the Tungabhudra river, as well as the copy of the Resolution passed by the Local Fund Board, Bellary Circle, regarding the same, and to request that you will be good enough to solicit the Government to sanction these estimates.

* Board's Official Memorandum, No. 962, dated 10th July 1871.

Two sheets of Survey Plans.
Four Plans for Masonry works.
One Report.
One Estimate.

2. The necessity for the work is fully explained in my letter to the Board of Revenue, No. 253, dated 28th June last, and the requisite funds to meet the charge will be provided in the Budget for 1872-73.

THE plans and estimate, amounting to Rupees 6,940, for the improvement of a portion of the road from Chitawadagy to the Hossoor Ferry on the banks of the Tungabhudra river (length 2 miles, 3 furlongs, and 164 yards), are submitted for sanction of Government.

2. The estimate is made up of the following items:—

	Rs.
1. Earthwork	393
2. Gravelling	2,331
3. Metalling	1,239
4. Filling in	526
5. Cutting	41
6. Revetting	496
7. Blasting rock	84
8. Clearing ridge	65
9. Tunnels	1,482
10. Sundries	383
Total...	6,940

3. The work appears as item No. 1 in Part I. of the current year's Road Fund Budget of the Bellary Circle with an allotment of Rupees 2,000.

4. The object of the line is fully explained in paragraph 3 of the Acting Collector's letter, dated 28th June 1871, No. 253.
