No. 89. Read the following letter from the President of the Municipal Commission, Vellore, to the Chief Secretary to Government, Fort St. George, dated Gudiattum, 24th January 1872, No. 2:—

I have the honour to submit the Budget Estimates of receipts and expenditure of the Municipal Funds of the Town of Vellore, during the official year 1872-73, prepared in accordance with the forms prescribed in the Proceedings of Government, dated 28th October last, No. 1646. With reference to paragraph 3 of those Proceedings, the receipts and charges of the Vellore Lungerkhana and Dispensary have been entered in these budgets, as it would appear from paragraph 3 of their Order, dated 12th December last, No. 1834, Public Department, that it is the intention of Government to transfer the endowment to the Municipal Corporation. The information called for by Government in those orders is in course of collection, and will be submitted in due course.

2. In their Order, however, of the 18th July 1871, No. 1082, Public Department, the Government observed that no change whatever in the management or provision of funds from the Lankerkhana Endowment for the Ranipett and Vellore Dispensary was contemplated by them, and that the maintenance of the charities should proceed as hitherto.

3. The Budget Estimates of the Wallajapett Municipality have not yet been received. They have been urgently called for, and will be submitted to Government as soon as they come to hand.

No. 90. ORDER THEREON, 28th May 1872, No. 680.

The estimated receipts of the Municipality of Vellore in 1872-73 from taxation amount to Rupees 30,700, including arrears of house-tax Rupees 3,000 equal to half the current demand. This is unsatisfactory. The tolls are expected to produce Rupees 12,000 at half schedule rates, as against actuals 1870-71 Rupees 10,150, and estimate 1871-72 Rupees 8,150. The increase should not have been passed without remark. There are discrepancies in the entries under balance and assignments by Government in the two columns of Statement I. The detail entries are probably correct, and are now adopted by Government. In Statement I.-A, Rupees 2,200 and Rupees 4,170 are entered as capital of the Dispensary and the Lungerkhana, and appropriated for expenditure in Column 5. These figures appear to represent the allowances from the Government grant which constitutes the endowment, and should not have been shown as capital. In Column 6 Rupees 1,500 are entered as contributions for the Dispensary, but of this sum only Rupees 750, representing the Local Fund contribution, appear in Statement I. The remainder is, the Government presume, an allotment from the Municipal Fund. If so, it should not have been entered, but a negative balance should have been carried forward. As regards the Lungerkhana, the Government observe that the receipts and charges are the same as entered in the Local Fund Budget of 1871-72. If the Vellore Lungerkhana be a separate endowment, or if not separate, if it be subsidiary to that at Arcot, the entry is correct, for in the latter case the payment from the joint endowment would be credited in this budget and debited in the Vellore Circle

Budget wherein the whole endowment receipts and charges would be shown. But if the Arcot institution be joined with and subsidiary to that at Vellore, the whole receipts and charges, including the payment to the Arcot Lungerkhana, should appear in this budget. Pending the report called for under G. O., 12th December 1871, No. 1834, Public, the entries are undisturbed. The Commissioners take credit for Rupees 6,000 to be refunded by Government on account of the Police huts and station-house. In Government Order, 13th January 1872, No. 54, it was shown that the whole claim amounted to Rupees 5,846-9-10; of which Rupees 2,658-2-4 have been adjusted under that G. O. The remaining claim in round numbers, Rupees 3,190, will be entered in this budget, and the balance increased by Rupees 2,350, the sum paid in 1871-72. The total estimated receipts will then be Rupees 50,660 as shown in the margin.

2. Of the grants for new works Items 14 and 16 belong to communications. The large sum of Rupees 8,650 is assigned for street drains, none of which are apparently heavy works. Only Rupees 810 are required for the Katpadi road contribution. Under Grant II. Rupees 800 are allotted for results' grants, and Rupees 500 for contribution to Local Funds for inspection. This item does not appear in the Local Fund Budget, and will be reduced to Rupees 200 which seems a sufficient payment. The exact amount should be settled in communication with the Local Fund Board. The municipal expenditure on education should be increased. The present grant is not proportioned to the municipal revenues nor to the necessities of a large town like Vellore. The Municipality will not be called on to pay anything for controlling establishment at the Presidency, and the provision of Rupees 500 on that account is struck out. The other items in the budget do not call for remark.

3. The estimates are sanctioned and the usual notification authorizing the levy of the taxes will be issued.

PROCEEDINGS of the MADRAS GOVERNMENT.

Read the following letter from the President, Municipal Commission Vellore dated 24th January 1872 No 2.

Order thereon 28th May 1872 No 680

The estimated receipts of the Municipality of Vellore in 1872-73 from taxation amount to Rs 20700, including arrears of house tax Rs 3000 equal to half the current demand. This is unsatisfactory. The tolls are expected to produce Rs 12,000 at half sched. rates as against actuals 1870-71 Rs 10150 & estimate 1871-72 Rs 8150. The increase should not have been passed without remark

Read a letter from the Magistrate of [illegible] to the Chief Secretary to Govt. dated 24 January 1872 No 2.

There are discrepancies in the entries under balance & assignments by Government in the two columns of Statement I. The detail entries are probably correct, & are now adopted by Govt. In Statement I A Rs 2200 & Rs 4176 are entered as Capital of the Dispensary & the Langarkhana, and appropriated for expenditure in Col. 5. These figures appear to represent the allowances from the Government grant which constitutes the endowment, & should not have been shown as Capital. In Col. 6 Rs 1500 are entered as contributions for the dispensary but of this sum only Rs 750, representing the local fund contribution

appear in Statement I. The remainder is, the Govt presume, an allotment from the Municipal fund. If so, it should not have been entered; but a negative balance should have been carried forward. As regards the Langarkhana, the Govt observe that the receipts & charges are the same as entered in the Local Fund Budget of 1871-72. If the Vellore Langarkhana be a separate endowment, or if not separate, if it be subsidiary to that at Arcot, the entry is correct, for in the latter case the payment from the joint endowment would be credited in this Budget & debited in the
