Proceedings of the Madras Government, Financial Department,
28th May 1872.

No. 93. Read the following letter from the Officiating President of the Municipal Commission, Negapatam, to the Chief Secretary to Government, Fort St. George, dated Vallam, 29th January 1872, No. 14 :—

With reference to the Order of Government, dated the 28th October 1871, No. 1646, I have the honour to submit, in the prescribed forms, the estimate of receipts and disbursements of the Negapatam Municipality for the year ending 31st March 1873.

2. The Commissioners have entered the receipts of the ensuing year at Rupees 56,250. In this are, however, included the capital invested on behalf of the Dispensary Rupees 7,000, together with the year's interest thereon Rupees 280 (in all Rupees 7,280), and which is again brought forward as a balance under the head of expenditure. A sum of Rupees 4,990 is also entered as a grant on behalf of communications from Local Funds; this is doubtless intended for the maintenance of Road 36, and for which Government in their orders of the 18th July 1871, No. 1084, directed that provision should be made in the Local Fund Budget. This sum for the maintenance of only four miles of road which have already been gravelled at a great expense and on a road on which the Commissioners derive a large income in the way of tolls seems large, and if the Government agree with me in thinking that the sum entered in the Local Fund Budget of the Negapatam Circle ought to be disallowed, and the contribution to the Municipal Commissioners withdrawn, the expenditure in the present budget will have to be reduced by the difference, viz., Rupees 2,909, between the maintenance allowance of Rupees 4,990 and that of the unallotted Municipal Funds, Rupees 2,387.

3. The items of expenditure call for no particular remarks.

4. The Order of Government transferring the Dispensary at Negapatam to the Commissioners has just been received. The Commissioners have put down in the present budget Rupees 1,410 as the amount of contribution payable to the Commissioners out of Local Funds on account of the Dispensary, and this sum is also entered in the budget of the Negapatam Local Fund Circle. This amount is, however, subject to revision.

No. 94. ORDER THEREON, 28th May 1872, No. 682.

With the foregoing letter, the President of Municipalities in Tanjore submits the Budget Estimates of the Municipality of Negapatam for 1872-73.

2. The funded capital belonging to the Dispensary should not have appeared at all in Statement I., and the income from interest should have been appropriated to meet current charges instead of being carried forward as a balance to credit. Only half the surplus Pound Fund is to be paid to the Commissioners. The estimated proceeds of taxes are Rupees 40,910, and there are no changes in the sources, or in their productiveness, which call for notice. The contribution of Rupees 4,990 from the Local Fund for Public Works is entered in the Local Budget, but it does not appear whether the Local Board have debated the propriety of its continuance or reduction. It amounts to more than half the whole municipal expenditure on communications. The President will cause the matter to be specially brought before the Local Fund Board. Only Rupees 1,400 are provided in the Local Fund Budget as a contribution for the dispensary. No credit is taken

or private donations, which in 1870 amounted to nearly Rupees 600. The municipal allotment for the institution should not have been included in Statement I.-A, Column 6, as seems to have been done, but a deficit balance, Rupees 3,200, should have been carried forward. In the charges which give rise to this deficit the whole pay of the Apothecary seems to be included. A portion may perhaps be debited hereafter to Provincial Services under the orders noted in the margin, but for the present the entries in the budget are undisturbed. The revised estimate of receipts amounts to Rupees 49,220.

3. No details of repairs to communications have been given. Definite maintenance allowances should in future be assigned, as far as possible, for the principal thoroughfares. The allotment for Public Works Establishment is swollen by the inclusion of the pay of a permanent gang of road coolies. A contribution to Local Funds of Rupees 1,000, for which credit is taken in the Local Fund Budget, is provided for the repairs of the Vettar Bridge.

4. Rupees 1,500 are allotted for results' grants, and Rupees 500 for contribution for educational inspection. This seems an excessive amount with reference to the municipal expenditure, but the matter is left for discussion with the Local Board. The Government recommend the Commissioners to attempt to permanently establish, under their own management, a few of the pial schools in the town. The Government have already noticed the grant, Rupees 4,770, for the Dispensary which seems adequate. They regret to observe a considerable decrease in the grant for conservancy.

PROCEEDINGS of the MADRAS GOVERNMENT.

Read the following letter from the Officiating President Municipal Commissioner Negapatam dated 29th January 1872 No. 14.

Order thereon, 28th May 1872 No. 682.

With the foregoing letter, the President of Municipalities in Tanjore submits the budget estimates of the municipality of Negapatam for 1872-73.

2. The funded capital belonging to the dispensary should not have appeared at all in Statement 2. The income from interest should have been appropriated to meet current charges instead of being carried

carried forward as a balance to credit. Only half the Surplus pound found is to be paid to the Commissioners. The estimated proceeds of taxes are Rupees 40,910, and there are no changes in the sources, or in their productiveness, which call for notice. The contribution of Rs 4,990 from the local fund for Public Works is entered in the local budget, but it does not appear whether the local board have debated the propriety of its continuance or reduction. It amounts to more than half the whole municipal expenditure on communications. The President will cause the matter to be specially brought before the local fund board. Only Rs 1,400 are provided in the local fund budget as

as a contribution for the dispensary. No credit is taken for private donations which in 1870 amounted to nearly Rs. 600. The Municipal allotment for the institution should not have been included in Statement I.A. column 6. as seems to have been done but a deficit balance, Rs. 3290 should have been carried forward. In the charges which give rise to this deficit the whole pay of the Apothecary seems to be included. A portion may perhaps be debited hereafter to Provincial Services under the orders noted in the margin, but for the present, the entries in the budget are undisturbed. The revised estimate of receipts amounts to Rupees 49,220.

3 No details of repairs to communications have been given
