Read the following papers :—

No. 99. From the Acting Collector of the Kistna District, to the Chief Secretary to Government, Fort St. George, dated Masulipatam, 1st November 1871, No. 3282.

With reference to Government Order, dated 2nd September 1871, No. 1353, I have the honour to forward, herewith, a rough map showing the proposed limits of Bezwada Municipality, together with their description and the names of Commissioners proposed by the Acting Head Assistant Collector.

2. The Government will observe that the list of Commissioners recommended contains eleven names, of whom only three are non-officials. The appointment of a District Munsiff appears to be objectionable. The only officers invested with the exercise of magisterial powers will also be Commissioners.

3. The Local Fund Board of the Masulipatam Circle consider that the establishment of a Municipality in Bezwada is objectionable, and have accordingly requested me to submit the following resolution for the favourable consideration of the Government :—

"Resolved that it be submitted, for the consideration of Government, that a Municipal Commission should not be established at Bezwada. The principal receipts would be from tolls on carts passing through the village on roads made at the expense of Local Funds, which would, under other circumstances, benefit by these receipts.

"The Local Fund Board is prepared to undertake sanitation and other duties connected with Bezwada."

4. As the Local Fund Board are prepared to undertake sanitary and other improvements necessary to preserve Bezorah from epidemics, and, as this appears to be the sole object of a Municipality being recommended for Bezwada, I think that the suggestion of the Local Fund Board is worthy of the consideration of Government. The Local Fund Board is quite competent to adopt the measures necessary for keeping the town in a healthy state.

No. 100. From the Acting Collector of the Kistna District, to the Chief Secretary to Government, Fort St. George, dated Masulipatam, 5th January 1872, No. 7.

With reference to the Proceedings of Government of 2nd September 1871, No. 1353, and in continuation of my letter of November 1st, No. 3282, I have the honour to forward a sketch of the proposed limits of the Bezwada Municipality made out by Mr. Campbell.

2. In the south-east corner the Masulipatam road has been shown as the limit. This is, however, incorrect. The line should be continued straight from the south-east of the public tope, past the burial ground, to the canal and across it to the river.

3. The correct boundary has been dotted in, in red-ink.
