No. 102. ORDER THEREON, 28th May 1872, No. 686.

The Government proceed to review the estimates of the Municipality of Gooty for 1872-73.

2. In a separate Order, G. O., 3rd May 1872, No. 622, the Government have resolved not to transfer the Dispensary which forms part of the Munro Institution to the Municipal Commissioners. Its receipts will consequently be struck out of the Budget. The contribution of Rupees 180 from the Local Board for Public Works is not provided in the Local Fund Budget, and is unexplained. It is apparently entirely without ground and is struck out. The receipts will then be Rupees 5,350, as shown in the margin. The Government are disposed to agree with the President that the fees on the registration of carts should not be raised, but resolve to refer the question to the Commissioners. The tolls now yield more than half the revenue from taxation. The house-tax is levied nominally at seven per cent., but the assessment probably needs revision. The Municipality is in much want of funds, and the Commissioners should consider the propriety of levying the trades-tax.

3. The provision for a Municipal School is on the same scale as in 1871-72, and is apparently intended for an Anglo-Vernacular School. The Government in G. O., 1st July 1871, No. 952, observed that the Commissioners should not attempt to provide for more than elementary education. They may if they wish open one primary school under their own management, and for this purpose Rupees 370 will suffice. Rupees 250 are added for results' grants to pial schools, and to meet such contribution for inspection as may be agreed on with the Local Fund Board. For the Dispensary Rupees 300, the sum assessed on the Municipality in G. O., 17th April 1871, No. 491, are inserted. No provision is made for vaccination or for registration of births and deaths. The latter service is to be performed, it is presumed, by the existing establishment as in 1871-72, but no reason appears for the discontinuance of vaccine operations. It is clear that the Commissioners require more funds. The allotments for watering streets and pounding cattle must be struck out, and the grant for office establishment and contingencies is reduced to Rupees 1,060 to balance the budget.
