Not to be folded or roughly handled

Proceedings of the Madras Government, Financial Department,
28th May 1872.

Read the following papers :—

No. 103. From the President of the Municipal Commission, Tinnevelly, to the Chief Secretary to Government, Fort St. George, dated Tinnevelly, 22nd July 1871, No. 251.

In reply to Government Proceedings, No. 783, dated 7th ultimo, I have the honour to forward, herewith, revised estimates for the Tinnevelly and Palamcottah Municipalities.

2. The tolls cannot be reduced as they have been leased out for the year and they are not open to the exception taken by Government, viz., that they are a tax upon through traffic, as the through traffic of the country along the trunk road passes clear of either town. Both towns have, moreover, a loop line round Municipal limits to allow all carts evading the tolls, if they please. The license-tax on carts and animals in the towns was raised on the supposition that the Government required the maximum rate to be paid. The Commissioners, however, have now reduced it to its former standard, viz., 1 Rupee per half-year for a cart and pair of bullocks.

3. In Palamcottah the house-tax was not reduced, as supposed in paragraph 7 of the Government Proceedings; but the estimate was framed for eleven months only. Palamcottah is a very poor town, and, beyond a few European residences, which are but ordinary, there are very few superior native buildings within Municipal limits.

4. In Tinnevelly the tax was reduced; but it is now brought up to 6¼ per cent., or 1 Anna in the Rupee, of rental on six classes.

5. I beg to point out that the taxation of Tuticorin, which the Government consider fairly apportioned, is bitterly complained of by a large section of the inhabitants. The same may be said, in a less degree, of the other Municipal towns, the house-tax in Tuticorin and the trades-tax in Palamcottah and Tinnevelly being the taxes most objected to. I had hoped to have raised the needful funds without causing annoyance to any one, and had purposely omitted the trades-tax in Palamcottah and Tinnevelly and put the house-tax of Tuticorin on a better footing by dividing the houses into classes, as is contemplated by the Local Funds' Act.

6. Both the Tinnevelly and Tuticorin Municipalities wish to extend their limits—the former to include the whole town, and the latter to take in a suburb which has risen to importance lately.

The following are the boundaries now proposed :—

TINNEVELLY.

North.—Aruvangulam Channel, along this to Nainakulam Tank bank and the western limit of the wet lands lying between the north-west corner of this tank and the Aruvangulam Channel and also the Nainakulam Tank.

South.—The road over the Sikanarasayan and Ettukannar Channel banks and thence to the Nainakulam Channel so as to include Shenbagam Pillai and Mettu Teru hamlets, from thence to Aruvangulam Channel through the surplus channel, and thence to the Shermadevi road through the new road including the Thadiviran village.

East.—From Muthalmadei Sluice, in the Nainakulam Tank bank, to the new road, along this to the Palamcottah road, across this to Ettukannar Channel, along

this to Vayal Teru including the Vayal Seru houses, along this to Ettukannar Channel, along this to Kurukuturei road.

West.—From the Shermadevi road to the Courtallum road near calingulah through the surplus channel of Kristnaperi Tank, and then from the bridge over Kandiaperi Channel eastward to the Aruvangulam Channel through Courtallum road including the houses on the north side of the road, along this to the turning of the channel eastward.

TUTICORIN.

North.—The north bank of the Melur Surplus Channel.

South.—From the mouth of the swamp channel westward along the southern end of the swamp skirting the sand hills to the south-western corner of the Government Plantation.

East.—The sea.

West.—From the south-western corner of the Government Plantation northward along the beaten track to the Palamcottah road, thence west of the fresh-water wells to the cotton road, thence along the beaten track to the Melur Surplus Channel.

7. The majority of the Commissioners of Palamcottah have elected their Vice-President agreeably to the sanction conveyed in Government Proceedings under reply.

8. The estimates now submitted provide for education, for a moiety of the cost of taking the Census, and for the registration of births and deaths.

No. 104. From the President of the Municipal Commission, Tinnevelly, to the Chief Secretary to Government, Fort St. George, dated Tinnevelly, 12th October 1871, No. 308.

As requested in Government official memorandum, No. 202, dated 3rd August 1871, I have the honour to furnish sketch maps showing the present and proposed boundaries of the Tinnevelly and Tuticorin Municipalities.

No. 105. ORDER THEREON, 28th May 1872, No. 687.

The Government regret that the foregoing papers have been overlooked in the Government Office and that their disposal has been delayed.

2. His Excellency in Council approves of the levy of the trades-tax in the two towns of Tinnevelly and Palamcottah in accordance with the instructions conveyed in G. O., 7th June 1871, No. 783. It is now unnecessary to review in detail the revised estimates for 1871-72.

3. The proposed modifications in the boundaries of the Tinnevelly and Tuticorin Municipalities appear unobjectionable and are sanctioned. The annexed Notification will be published in the *Fort St. George Gazette*:—

NOTIFICATION.

In modification of the Notifications defining the limits of the Municipal towns of Tinnevelly and Tuticorin, published in the *Fort St. George Gazette* under date

Proceedings of the Madras Government, Financial Department,
28th May 1872.

the 19th October and 18th September 1866, the Governor in Council, under Section 5, Act III. of 1871, is pleased to declare that the boundaries of the said towns shall be as follows:—

TINNEVELLY.

North.—Aruvangulam Channel, along this to Nainakulam Tank bank and the western limit of the wet lands lying between the north-west corner of this tank and the Aruvangulam Channel and also the Nainakulam Tank.

South.—The road over the Sikanarasayan and Ettukannar Channel banks and thence to the Nainakulam Channel so as to include Shenbagam Pillai and Mettu Teru hamlets, from thence to Aruvangulam Channel through the surplus channel, and thence to the Shermadevi road through the new road including the Thadiviran village.

East.—From Muthalmadei Sluice, in the Nainakulam Tank bank, to the new road, along this to the Palamcottoh road, across this to Ettukannar Channel, along this to Vayal Teru including the Vayal Teru houses, along this to Ettukannar Channel, along this to Kurukuturei road.

West.—From the Shermadevi road to the Courtallum road near calingulah through the surplus channel of Kristnaperi Tank, and then from the bridge over Kandiaperi Channel eastward to the Aruvangulam Channel through Courtallum road including the houses on the north side of the road, along this to the turning of the channel eastward.

TUTICORIN.

North.—The north bank of the Melur Surplus Channel.

South.—From the mouth of the swamp channel westward along the southern end of the swamp skirting the sand hills to the south-western corner of the Government Plantation.

East.—The sea.

West.—From the south-western corner of the Government Plantation northward along the beaten track to the Palamcottah road, thence west of the fresh-water wells to the cotton road, thence along the beaten track to the Melur Surplus Channel.

(By order of the Right Honourable the Governor in Council.)

Palamcottah and Tinnevelly, and put the House tax of Tuticorin on a better footing by dividing the houses into classes as is contemplated by the local funds act.

Both the Tinnevelly and Tuticorin Municipalities wish to extend their limits the former to include the whole town and the latter to take in a Suburb which has risen to importance lately.

The following are the boundaries now proposed.

Tinnevelly

North. Aruvangulam channel along this to Vannakulam tank bank & the western limit of the wet lands lying between the north west corner of this tank & the Aruvangulam channel & also the Vannakulam tank.

South. The road over the Nikanarayan and Ettukannar channel banks and thence to the Vannakulam channel so as to include Shenbagam Pillai Mutha Iruu hamlets from thence to Aruvangulam channel through the Surplus channel, and thence to the Shermadevi road through the new road including the Thakkiveran Village.

East. From Muthal madei Sluice in the Vannakulam tank bank to the new road along this to the Palamcottah road across this to Ettukannar channel along this to Vayal teru including the Vayal teru houses, along this to Ettukannar channel, along this to Kurukkuturei Road.

West. From the Shermadevi road to the Courtallam road

road near Calingulah through the Surplus Channel of Kristnaperi tank. & Then from the bridge over Kandia peri Channel Eastward to the Arrangalam Channel through Coottallam Road including the houses on the North side of the Road, Coottallam Road along thence to the turning of the Channel Eastward.

Tuticorin

North - The North bank of the Melur Surplus Channel.

South - From the mouth of the Swamp Channel westward along the Southern end of the Swamp skirting the Sand hills to the South-western corner of the Government plantation.

East - The Sea

West - From the South-western corner of the Government plantation northward along the beaten track to the Palamcottah Road, thence west of the fresh water wells to the Cotton Road, thence along the beaten track to the Melur Surplus Channel.

7. The Majority of the Commissioners of Palamcottah have elected their Vice President, agreeably to the sanction conveyed in Government Proceedings under reply.

The

8 The estimates now submitted provide for education, for a moiety of the cost of taking the Census and for the Registration of births and deaths.
