No. 109. Read the following letter from the President of the Municipal Commission, Kurnool, to the Chief Secretary to Government, Fort St. George, dated Kurnool, 9th January 1872, No. 2 :—

With reference to Government Order, No. 1646, dated 28th October 1871, I have the honour to forward estimates of probable receipts and disbursements to be incurred in the Municipality of Cumbum for the year 1872-73, and a letter from the Vice-President, dated 27th December 1871, on the subject.

No. 110. ORDER THEREON, 28th May 1872, No. 689.

The receipts of the Municipality of Cumbum are estimated at Rupees 7,430.

Rates and taxes produce Rs. 4,410. The Government observe from Statement IV. that the whole demand, and not merely the estimated collections, are entered in Statement I. Fees in schools are entered at Rupees 190, and the charges in Statement II. at Rupees 840. The Government assume that these figures relate to the Anglo-Vernacular School which the Municipality have taken on themselves to establish, and regarding which reference has been made to Government. Pending the disposal of the question the entries are left in the budget. The ordinary donations for the Dispensary, estimated at Rupees 200, should have been entered in Statement I.-A. The institution costs the Municipality Rupees 290. The rates of licenses proposed for offensive trades and for public latrines are sanctioned. With regard to the proposed exemption of male buffaloes from taxation, the Commissioners are reminded that their power of exemption is limited to individual cases of poverty, and that the sanction of Government is required for the exemption of a class of persons, such as the owners of buffaloes used for agricultural purposes. The Government, in the circumstances stated, accord their sanction under Section 38.

2. The allotments for Communications, New Works, and Repairs should have been given in detail. No contribution to the Local Fund for educational inspection is entered, and the Local Board should be addressed on the subject. If the municipal expenditure on elementary education is to be confined to Rupees 150, the sum provided for results' grants, it is scarce worth while to attempt to adjust any contribution for inspection; but should the Municipal Anglo-Vernacular School be disallowed, the Commissioners will have larger funds at their disposal for primary instruction, and a

Sir,

I have the honor to submit the Estimates of probable receipts and disbursements, in the Municipality of Cumbum for the year 1872-1873, as required by Government Order No 820 dated 11th July 1867.

2 Under the head of taxes on animals &c., only Rupees 500 have been entered, as it is the intention of the Commissioners to exempt male buffaloes from taxation. The necessity for such a measure will be found

in the fact, that, in Cumbum a large portion of the population belong to the agricultural class, and buffaloes are extensively used by them, in the cultivation of rice fields &c.

3. Under Grant II Educational, Rupees 720 have been entered in accordance with a resolution passed at a meeting of the Commissioners held on the 27th November, and communicated in my letter of the 1st Instant No 60.
