Proceedings of the Madras Government, Financial Department,
30th May 1872.

Read the following papers :—

No. 167. From the Rev. E. CHESTER, M.D., in charge of Dindigul Dispensary, to the Chief Secretary to Government, Fort St. George, dated Dindigul, 14th February 1872.

I have the honour respectfully to request the kind consideration of Government to one of the sections in the Proceedings of the Madras Government, January 29th, 1872.

2. Government have for the past six years shown such great kindness to me and my dispensary work that I cannot believe they would willingly pass an Order which is so discouraging to me and so damaging to my work.

3. The section is the 12th and reads as follows, "The thirteenth item, with an assignment of Rupees 1,500, is for the erection of a building for the Civil Dispensary at Dindigul. As this institution is within the Municipality of that place and is to be transferred to the Commission shortly, the Board of Revenue do not see how the cost of any addition to the building can be charged to Local Funds. No explanation is afforded either by the Budget Sub-Committee's report or by the President's letter. The total expenditure being given in the Sub-Committee's report as Rupees 72,100, it would seem as if the allotment had been left in the list through inadvertence. It has accordingly been struck out."

4. If Government will kindly refer to the Proceedings of the Madras Government, Financial Department, 31st August 1871, Nos. 149 and 150, they will clearly understand why the Budget Sub-Committee made no explanation of this allotment by the Local Fund Board to the Dindigul Dispensary.

5. It was because the Budget Sub-Committee omitted to recognize the Dindigul Dispensary further than to make the allotment which Government had granted in G. O., No. 262, dated March 3rd, 1869, of Rupees 50 a month, that the officer in charge of the Dindigul Dispensary, who is a member of the Local Fund Board, Dindigul Circle, brought the matter distinctly before the Board.

6. As a result of this the Board almost unanimously voted the items for establishment, country medicines, contingencies, &c., and also the abovementioned Rupees 1,500 for the erection of a permanent building for the Civil Dispensary at Dindigul, as may be seen by referring to the resolutions passed at the meeting of the Local Fund Board, Dindigul Circle, held in Madura, when the Budget for 1872-73, already referred to, was passed.

7. The Chairman of the Budget Sub-Committee, who was the Vice-President of the Local Funds' Board, Dindigul Circle, drew up the Budget and the remarks on the same and handed the whole to the 2nd and 3rd members to sign. As they were both in favour of a grant to the Dindigul Dispensary and voted for it subsequently, they would willingly have signed their names to this had it been entered in the Budget.

8. The Acting President having recently come into the district, knew but little even of the Madura Dispensary, and nothing at all of the Dindigul Dispensary, except as he had received information from the Vice-President.

9. As the Dindigul Dispensary has recently been inspected by the Deputy Inspector-General, Indian Medical Department, I feel sure that his report on the inspection would convince Government that the institution is doing a work for the district which renders it worthy of support.

10. For years past patients have come from more than 400 different villages each year, and, though the dispensary is situated within the limits of the Dindigul Municipality, it assists the villagers of a large district, and is as clearly entitled to assistance from the Local Funds' Board as is the dispensary at Madura.

11. For seven years past the officer in charge of the Dindigul Dispensary has gladly allowed the use of one of the rooms in his bungalow and the north verandah, as well as a part of his compound, for the dispensary, and would willingly give it for as many more years. But the work has increased so much that the quarters are quite insufficient, and we are not properly protected from the sun in carrying on the work.

12. By thus striking out this allotment of Rupees 1,500 the Dindigul Dispensary must also lose the Rupees 500 granted by the Dindigul Municipality for the erection of a permanent building for the use of the Dispensary, on the express condition that Rupees 1,500 was granted by the Local Funds' Board.

13. Government are doubtless aware that the four detached houses for in-patients and the Lying-in Hospital in connexion with the Dispensary, just erected on a piece of land belonging to the Dindigul Dispensary, are, with the land, the property of the Dindigul Municipality. It is distinctly understood that this will be the case with the building for which the grant already referred to is made and any hospital buildings erected by the aid of the Dindigul Municipality or the Local Funds' Board.

14. As I asked the Local Funds' Board for assistance for establishment, country medicines, contingencies, &c., with something of fear and trembling, I made out my items of expense at least one quarter less than I knew I should have to spend. Since that time it has been deemed best for the permanency and greatest good of the dispensary to have a 1st Class Hospital Assistant, at Rupees 60 a month, connected with it, instead of one at Rupees 35, as noted in the grant asked.

15. I will thus be considerably out of pocket even at the amount granted by the Local Funds' Board, and which has just been reduced by Government.

16. Upon what ground Rupees 1,200 seems to Government an adequate contribution for the Dindigul Dispensary I am at a loss to see; but as half a loaf is better than none I receive with gratitude the decreased grant.

17. I happen to have by my side the financial statement of the Civil Dispensary at Mannargudy for the year 1869. The disbursements were Rupees 5,014-3-0 for that year, of which the Medical Officer's salary was Rupees 1,800. Deduct this last item and we have Rupees 3,214-3-0 for all other expenses. All I asked of the Local Fund Board and Dindigul Municipality together was Rupees 1,904, and even this amount it deems best to reduce.

Referred to the Board of Revenue for report from the Dindigul Local Fund Board.

2. The Government are given to understand that Mr. Chester is now willing to accept the arrangement suggested in G. O., 21st June 1871, No. 892 Public, and that the allotment in question was made by the local Board in consequence.

Should funds be available in 1872-73 the Government will sanction the proposed grant.

FORT ST. GEORGE,
26th February 1872.

Acting Chief Secretary.

No. 168. Proceedings of the Board of Revenue, dated 16th April 1872, No. 2772 (Miscellaneous.)

From W. McQUHAE, Esq., Acting President of the Local Fund Boards, Madura, to the Secretary to the Board of Revenue, dated Madura, 23rd March 1872, No. 74.

With reference to the Proceedings of the Board of Revenue dated 13th March 1872, Miscellaneous No. 1933, calling for a report on a letter addressed to the Chief Secretary to Government by the Rev. Edward Chester, M.D., I have the honour to forward a copy of the resolutions passed by the Local Fund Board, Dindigul Circle, at a meeting held on the 28th October last for the purpose of settling the Budget for 1872-73. The error noticed in paragraph 12 of the Board's Proceedings dated 22nd December 1871, No. 5129, was not that the allotment of Rupees 1,500 for a dispensary building at Dindigul was left in the list by mistake, but that the total expenditure given by the Sub-Committee was not altered in consequence of the resolutions passed at the Budget meeting.

2. A small Municipality like Dindigul cannot afford to erect dispensary buildings for the benefit of the surrounding district, and if such buildings are to be erected the Local Funds must bear the greater part of the cost.

3. Under the Order of Government dated 31st August 1871, No. 418, Financial Department, the Local Fund Board appear to be at liberty to give assistance to this dispensary, which has unquestionably conferred great benefits on the people in the neighbourhood of Dindigul. Mr. Chester objected to handing over his dispensary to the Local Boards as a local and municipal institution, and I understand that he still desires that these Boards should have no power of direct interference with its management. I am not aware that he has changed his views regarding the offer made in the Order of Government, Public Department, dated 21st June 1871, No. 892; but I will address him again on the subject.

4. Meanwhile I trust that Government will permit the grants made by the Local Fund Board to stand under their general orders regarding private dispensaries. All buildings erected out of Local or Municipal Funds are to be the property of the Municipal Commissioners, and the dispensary must ultimately be vested in them; but the Rev. Mr. Chester is entitled to special consideration so long as he remains at Dindigul, for the dispensary was created by him. Funds will be available as the savings in 1871-72 are considerable.

I. Read Report presented by the Committee appointed at the meeting of the 2nd September last to prepare the Budget for 1872-73, together with the Budget statements prepared in the prescribed forms.

Resolved that the Report and Budget be approved with the following modifications :—

(i.) That provision be made for a building grant to the Dindigul dispensary, under the management of the Rev. E. Chester, of Rupees 1,500 during the year 1872-73, contingently on the Dindigul Municipal Commissioners undertaking to make a grant of Rupees 500 for the same object.

(ii.) That, contingently on the Dindigul Municipal Commissioners undertaking to make a grant of Rupees 350 towards the establishment, &c., expenses of the said dispensary, a grant of Rupees 1,050 be made by the Board for the same purposes and entered in the Budget for 1872-73, in lieu of the grant of Rupees 400 now provided in Statements IV. and IV.-A.

(iii.) That, of the total of Rupees 1,400 thus arrived at, the Dindigul Municipal Commissioners be moved to agree that there be allotted *per mensem*

(iv.) That, in acknowledgment of this assistance, the Rev. E. Chester be requested to render to the Board accounts of expenditure and of the working of the institution in the same forms as have been laid down by Government for use in public dispensaries.

(v.) That provision be made in the Budget for a grant of Rupees 375 ($\frac{3}{4}$ × Rupees 500) for the purchase of Europe medicines for use in the Dindigul Dispensary in the year 1872-73, contingently on the Dindigul Municipal Commissioners making a grant of Rupees 125 for the same object.

(vi.) That funds be provided for the above increase of estimated expenditure by raising the estimate of the land cess and of tolls expected to be collected within the year 1872-73, each by Rupees 2,000, which the Board are of opinion, from the information before them, may safely be done.

II. Resolved, with reference to Government Order No. 418, dated 31st August 1871, Financial Department, and to the above proceedings, that a grant of Rupees 1,050 from the General Reserve of 1871-72 be made to the Rev. E. Chester for the expenses of the Dindigul Dispensary

No. 169. ORDER THEREON, 30th May 1872, No. 727.

The Government approve of the resolution of the Local Fund Board as regards the building grant-in-aid of the Dindigul, Dispensary to be paid from savings of 1871-72. The Municipal Commissioners are authorized to pay their share, should they approve the object, from the unallotted balance of 1872-73, amounting, according to the estimate as revised by Government, to Rupees 3,000.

2. Resolutions II. and V. are approved. The Municipal estimates have provided for the Commissioners' share of these charges.

3. The Local and Municipal bodies will have no power of direct interference with the management; but the Government are convinced that they will cordially confide in the Rev. Mr. Chester, to whom the town and its vicinity have been so long indebted. Any representations which they may make will doubtless be received with consideration by Mr. Chester, and the Government think the request for accounts a reasonable one.

4. The Government also sanction the payment of the grants for current expenses in 1871-72 in arrears (Resolution VII.) if funds are available in the hands of the Local Board and Municipal Commissioners.

The Govt. approve of the Resolution of the Local Fund Board in regard the building grant in aid of the Dindigul dispensary, if the Municipal Commissioners are authorized to pay their share. should they approve the Grant, from the unallotted balance of 1872-3 amounting according to the Estimate as now revised to Rs 3000

to be paid from Savings of 1871-2.

2. Resolutions III & IV are approved. The municipal Estimates have provided for the Com.rs share of these charges.

3. The Local Municipal bodies will have no power of direct interference with the management, but the Govt. are convinced that they will cordially confide in the Rev. Mr. Chester to whom the town & its vicinity have been so long indebted. Any representation which they may make will doubtless be received with consideration by Mr. Chester & the Govt. think the request for acc.t a month &c.

4. The Govt. also sanction the payment of the Rs. VIII grants for current Expenses in 1871-2 in arrears, if funds are available in the hands of the Local Board & Municipal Comrs.
