Resource Department.

With reference to Government of India Financial Order 2755, dated 18th April, I have the honour to suggest that Collectors be instructed to purchase such scales as are used by goldsmiths in their districts for weighing small articles; the Superintendent, Public Works Workshop, be instructed to make up 30 minimum rupee weights and as many minimum half-rupee weights; the Assay Master be instructed to adjust these weights, testing them in his standard scales and then forward them to me for issue. When any officer is deputed from my office to inspect treasuries he will take new weights, which he will substitute for any which on examination he may find inaccurate.

2. I may add that I have seen scales here costing 8 Annas to 12 Annas which would answer all purposes.
