Proceedings of the Madras Government, Financial Department, 8th July 1872.

No. 52. Read the following letter from the President of the Municipal Commission, Mangalore, to the Chief Secretary to Government, Fort St. George, dated Mangalore, 20th May 1872, No. 20:—

It is the unanimous and particular wish of the Municipal Commissioners that I should address Government again on the subject of the enclosed resolution.

2. The Mangalore Municipality is in great measure dependant for good management on the highly appreciated honorary labours of the Vice-President, Mr. J. F. Fernandez, late a Treasury Deputy Collector of this district. They cannot expect that, in addition to his gratuitous regular services, he should also put himself to the expense of maintaining a coach on this account. Yet a conveyance he must have if he is to continue to conduct their office for them, for he cannot walk there especially during the heavy rains of the monsoon.

3. The Commissioners' considering his services represent to them monetary advantages more than counterbalancing the proposed cost of a conveyance, are consequently anxious to retain those services, and hope the Government will not feel itself called upon to interfere in such a matter of internal economy, but will make no further objection to their original proposal, or to the substitution for it, if preferred, of the enclosed resolution.

4. I have the honour to request the favourable consideration of Government for this request.

Extract from the Proceedings of the Municipal Commissioners, under date the 8th November 1871.

Para. 5. Read Proceedings of Government, dated 29th September 1871, No. 1480, declining to sanction a carriage allowance to the Vice-President.

Resolved that, as the Commissioners only object in requesting Government to sanction a carriage allowance to their Vice-President was that that gentleman might not be put to any extra expense by his undertaking the onerous duties of his appointment, necessitating as it does constant, almost daily, attendance at the Municipal Office, the President be requested to again bring the matter before Government, with a recommendation that they will be pleased to re-consider their decision, or, in the event of their deeming it inexpedient to sanction any fixed allowance, that they will permit the Commissioners to purchase a bullock coach and pair of bullocks for the use of their Vice-President.

No. 53. ORDER THEREON, 8th July 1872, No. 883.

The Governor in Council declines to sanction either of the Commissioners' proposals. His Excellency in Council is opposed to the office of Vice-President being remunerated in any shape whatever.
