No 1 Goddard District
Municipal President
Canada 1 July 1872

From

W. J. Foster Esquire

President, Municipal Commission

To

The Honorable R. S. Ellis C.B.

Chief Secretary to Government

Sir,

I have the honor to forward
4 statements of the Elmore Municipality
for the year ending 31 March 1872,
together with a statement showing
receipts and charges prepared
by the Auditor.

2

A copy of the Vice President's
letter is herein enclosed.

I have the honor to be,

Sir,

Your most obedient servant,

W. J. Foster
President

Ed. Rainardson
H. J. Smith

1 Statement A showing new works
1 Statement B and improvements
1 Statement C showing charges
1 Statement of receipts and
4

3. "Receipts." The enclosed are the statements of receipts and disbursements prepared in accordance with the Government Proceedings dated the 11th July 1867 No 820. The amount of receipts estimated was Rupees 12,305-¹¹/₁₆ and the collections amounted to Rupees 13,180-13-6 including the uncollected balance of the last year, the Government contribution due for 1870/71, and Police refund for the years 1869 and 1870/71 as sanctioned in the Government Orders No 1689 dated the 15th November 1871-

4 "Expenditure." Rupees 10,473-3-5 were expended and a balance of Rupees 2,707-10-1 was carried to the credit of the current year's account for payment of the various establishments for the month of March 1872, and for the formation of a boat harbour intended to be constructed this year by extending the backwater above Ellore bridge to meet the Krishna

Krishna Canal at the place where the ferry now is.

5 Four new latrines on the dry earth system were erected and another begun in the previous year was completed.

6 Most of the expenditure on works was as usual incurred in the construction and repair of roads. The system of roads is now nearly complete and the Commissioners for the future will be able to provide larger sums for drainage and water supply. The present provision for conservancy is sufficient.

7 "Registration of births and deaths." A Carnam of Ellore who had been reduced in the revision of village establishments was appointed Registrar and he has bestowed great care and attention on the work. The percentage of error is probably extremely small and the general accuracy of

of the figures may be safely relied on 893 births and 620 deaths were registered during the year showing a natural increase of population of 273. The population of the town within Municipal limits is exactly 25,000. The death rate during the year therefore was 24.8 per thousand a rate which will probably be considered satisfactory. The birth rate was 35.72 per thousand.

8 A Vaccinator was employed during eight months of the year. He vaccinated 394 persons. As the number of births was 893, this result is by no means satisfactory. I have no doubt there will be an improvement next year.

9 The Auditor's Certificate is enclosed from which you will observe that the accounts have been carefully kept and the collections made with punctuality. I

I have the honor to be

Financial Department.

PROCEEDINGS of the MADRAS GOVERNMENT.

Read the following letter from the
President of the Municipal
Commissioners in the Soderary
S. dated 1st July 1872. N. 1.

Order thereon of dated 18 July 1872. N. 903.

With the foregoing
letter the President of the
Ellore Municipality submits
the annual report on the
working of the Towns' Im-
provement Act for the
year 1871-72.

2. The statements ac-
companying the report
have not been prepared in
the forms prescribed in
G.O. 28th October 1871, N. 1646.

The

The Vice President has adopted the forms contained in the Pres. of Government dated the 11th July 1867, and has entirely overlooked the later order on the subject.

3. The receipts amounted to Rs 13,181 including a sum of Rs 1778 received as the Govt contribution for 1870-71, and as the Police refunds for 1869-70 and 1870-71. The Budget estimate was exceeded by Rs 876. The expenditure (Rs 10,473), on the other hand, fell below the estimate by Rs 1832. The Government observe, however, that the pay of the different establishments was not disbursed for the last month of the year but was carried forward to the

The current year's account
4. Rs 5102 sanctioned under Grant I for Public Works, Rs 4820 were expended chiefly in constructing and repairing roads. The Vice President states that the system of roads is now nearly complete and that, in future, larger sums will be available for improving the drainage and the water supply. Under "Education" the accounts show that the Commissioners contented themselves with the payment of Rs 417 as grants in aid to the three mission schools. In the Budget, however, a sum of Rs 600 was entered for establishing new schools in Mores.

and the attention of the Commissioners was particularly drawn to the subject in f.o. 14th June 1871. The registration of births and deaths was more satisfactory than usual. The population of Elmore is 25000, and the number of births registered was 893 and the number of deaths 620. The number of children vaccinated was only 394 or less than half the number born.

5. The President is requested to expedite the special report called for in f.o. 4th May 1872, No 627.
