No. 83. Read the following letter from the President of the Municipal Commission, Kurnool, to the Chief Secretary to Government, Fort St. George, dated Kurnool, 22nd May 1872, No. 13:—

I have the honour to forward copy of the report on the Municipality of Cumbum, with the accounts of receipts and expenditure in the new forms for the year 1871-72.

—

From the Vice-President of the Municipal Commission, Cumbum, to the President of the Municipal Commission, Kurnool, dated 6th April 1872, No. 29.

I have the honour to submit the report regarding the working of the Municipality of Cumbum under Act III. of 1871 for the 11 months of 1871-72, from 1st May 1871 to 31st March 1872. The required statements accompany the report.

Receipts.—The balance in hand brought forward from 1870-71 was Rupees 1,610. The total of current receipts amounted to Rupees 4,256, exclusive of Rupees 656-14-3, being the amount of arrears uncollected at the end of 1870-71. The Municipality received Rupees 600 contribution from the Local Fund towards the up-keep of the dispensary; Rupees 56-10-9 is the amount of local subscriptions in hand when the dispensary was handed over to the Municipality. Including the balance brought forward the receipts of the Municipality under all heads amounted to Rupees 7,691-2-2.

The following table shows the current collections of the year under all heads as compared with the sanctioned estimate:—

Taxes.	Current Collections, 1871-72.			Sanctioned Estimate, 1871-72.		
	RS.	A.	P.	RS.	A.	P.
Rates on houses, buildings, and lands	1,184	6	10	1,246	10	8
Tax on arts, trades, and professions	1,048	1	4	1,008	5	4
Tolls	931	11	6	1,191	10	8
Tax on carriages and animals	715	11	4	595	13	4
Registration of carts	259	0	0	256	10	8
Fees for licensing slaughter-houses	22	8	0	18	5	4
Fines and other miscellaneous receipts	94	9	3	137	8	0
Total ...	4,256	0	3	4,455	0	0

The increase under the head of "Taxes" on animals is due to the new tax levied on buffaloes. The decrease under the head of "Tolls" is due to the fact that the tolls during the present year were worked for the first time by contract sale. For the five months, April, May, June, July, and November, the tolls were kept by the Commissioners in their own hands; for the remaining months they were let out on contract. Some little loss was to be expected at first until the value of the toll collections becomes known to the contractors. The last two sales have been very satisfactory.

Expenditure.—The total expenditure under all heads amounted to Rupees 4,949-1-10; deduct this from Rupees 7,691-2-2, Rupees 2,742-0-4 is the balance unexpended up to the end of March 1872.

New Works.—A sum of Rupees 865-8-0 was expended upon widening the main bazaar street from the Taluq Cutcherry, a distance of 500 yards. This street is now fully completed from end to end. It is 1,300 yards in length, and has an average width of 7 to 8 yards. The street is pretty well lighted and furnished with dust-boxes, &c. Rupees 178 were expended on the construction of a cistern, dust-boxes, &c., the completion of dispensary with a new verandah.

Repairs.—Rupees 613-15-3 were expended on the repairs of the chief bazaar street and other roads, Rupees 92-3-10 on the repairs of latrines, &c.

Municipal Schools.—In the estimate the sum of Rupees 351-10-8 were sanctioned. On the 15th January the Commissioners with the aid of Mr. Boyle, the Inspector of Schools, established an [Anglo-Vernacular School with a Head Master on a salary of Rupees 40 per month, and a Vernacular Master on Rupees 15 per month. The school is well attended by upwards of 70 boys. The Government, however, in their Order No. 196, dated 15th February 1872, have objected to payment out of Municipal Funds to an Anglo-Vernacular School. The matter is still under consideration (*vide* Vice-President's letter No. 18, dated 9th March 1872). The Pial schools, of which there are three, were carefully examined by A. Sooba Row, the Deputy Inspector of Schools, but he recommended no grant from the Municipality, and none was therefore given.

Hospital and Dispensary.—A sum of Rupees 450 has been entered in the accounts for establishment and Dresser's pay from 1st; as the Dresser, however, is a Government servant, the Commissioners do not consider the charge a legitimate one against Municipal funds. The matter is under reference (*vide* Vice-President's letter No. 24, dated 1st April 1872). The hospital was inspected by Dr. Ranking, the Deputy Inspector-General, Indian Medical Department, on 13th January 1872, who recommended certain additions to the present building.

Vaccination.—Only 45 have been vaccinated during the year. This is unsatisfactory, but the people are unfavourable to it, and it is very difficult to exercise any supervision over the vaccination.

Conservancy.—Last year the Municipality employed ten scavengers. This year they employed four toties and eight scavengers, being an increase of Rupees 154 under this head.

Registration.—This has been carried on by the Municipal Manager assisted by one Peon.

Supervision and Management.—The expenditure under this head during the year was Rupees 835-3-0, showing a decrease of Rupees 360. This is owing to the sale of tolls by contract and the consequent abolition of Peons.

General.—The general health of the town during the year has been good. Small-pox and fever have prevailed to a certain extent.

From the Auditor of the Municipal Accounts, Cumbum, to the Vice-President of the Municipal Commission, Cumbum, dated 30th April 1872.

I most respectfully beg to submit the result of the audit made by me of the Municipal Accounts for the official year 1871-72.

2. The books and vouchers were examined and compared by me and found correct.

3. I think that I need not mention again the details under sub-heads, as they have already been inserted in the statements accompanying the report by the Vice-President.

Proceedings of the Madras Government, Financial Department,
19*th July* 1872.

Report on Civil Dispensary, Cumbum, for the year 1871-72.

Seasonal Phenomena.—The rain-fall during the year reported on has been 19½ inches, showing a decrease of 9½ inches than the previous year. The temperature here, I believe, is cooler than any other part of the Kurnool District, owing to the town being surrounded by paddy-fields. No new diseases, I am glad to report, having made their appearance in the year.

2. The paddy-crops have somewhat been lessened, while indigo and sugar-cane planting have taken their places, thereby rice has fallen in price; all the other articles being sold at the usual rate.

3. Health.—The public health, I regret to state, has been much impaired, chiefly from frequent attacks of fever; but on the whole it has not been so bad as compared with previous years.

4. Cholera.—There is nothing at all of this disease since the last seven or eight years.

Small-pox.—This commenced in the early part of January and lasted up to end of October, being of severe type, many have fallen victims to this plague; having again made its appearance about the middle of January, but not of a severe nature.

6. Malarious Fevers.—These fevers are somewhat prevailing in the villages situated at the borders of the hills.

19. Working of the Civil Dispensary.—Two thousand six hundred and seventy-nine out-patients were admitted, showing an increase of 106 than the last year. The number of in-patients admitted was 51, showing an increase of 33 than the last year. The number of European and East Indian patients admitted was 21, showing an increase of five than the previous year.

Financial Condition.—*Vide* statement attached.

(Signed) TEKARAM,
2nd Class Hosptl. Assist.,
In Medical charge, Cumbum.

Cumbum, 1*st April* 1872.

No. 84. Order thereon, 19th July 1872, No. 909.

The information called for in G. O., 4th May 1872, has not been submitted with reference to the Cumbum Municipality. The President is requested to expedite the transmission of this further statement so as to enable the Government to compile a general report on the working of all the Municipalities for submission to the Government of India.

2. The sum at the disposal of the Municipality during 1871-72 was Rupees 7,691 or nearly Rupees 1,500 more than the Budget-estimate, though the tolls, which were let out on contract for the first time, only realized Rupees 931. The Government are glad to observe that the last toll sales were more satisfactory, and that, as anticipated in paragraph 4 of G. O., 16th June, the Municipality are likely to gain by the adoption of the contract-system.

3. The Commissioners do not seem to have utilized to the full the money at their disposal. The expenditure was Rupees 4,949, or Rupees 600 less than the estimate, and as regards Grant I. it was confined to widening the bazaar street and repairing the bazaar road. Rupees 100 were spent out of the dispensary funds for completing a verandah to the hospital building.

4. The income of the Civil Dispensary during the year was Rupees 1,665, including a contribution of Rupees 600 from Local Funds, and the expenditure was Rupees 1,771. The Government notice that Statement I-A. and the statement accompanying the report on the dispensary do not tally. The former is obviously incorrect, as it fails to notice the balance on hand at the commencement of the year, and takes no account of the Government donation. The number of in-patients

treated during the year was 51 and of out-patients 2,679. Fever and a severe type of small-pox were prevalent, but cholera, it is observed, has not visited Cumbum for the last seven or eight years.

5. The questions raised in reference to the Dresser's salary and the Anglo-Vernacular School will be decided hereafter.

Despatched 30th April 1872.

From

Sir,

I have the honor to submit the Report regarding the working of the Municipality of Cinnamon under Act III of 1871 for the 11 months of 1871-72 from 1st May 1871 to 31st March 1872. The required Statements accompanying the report.

2 Receipts.— The balance in hand brought forward from 1870-71 was Rupees 1610. The total of current receipts amounted to Rupees 4.256, exclusive of Rs 656.14.3 — being the amount of arrears uncollected at the end of 1870-1871. The Municipality received Rs 600-00 contribution from the Local Fund

3 1871 September 1871. No 44-63 Rs
— 15 February 1872 " — 329-40 "
— 12 June 1871 " — 115-17 "
— 11th September 1871 — 40-42 "

towards the upkeep of the Dispensary.
Rupees 56-10-9 is the amount of
Local Subscriptions in hand when
the Dispensary was handed over
to the Municipality. Including
the balance brought forward the
receipts of the Municipality under
all heads amounted to Rs 7691-2-2.

3 The following Table shows the
current collections of the year under
all heads as compared with the
sanctioned Estimate:-

Taxes	Current Collections 1871-72	Sanctioned Estimate 1871-72
Taxes on houses, buildings and Lands	1184 6 10	1246 10 8
Tax on Arts, trades & Professions	1048 1 4	1008 5 4
Tolls - -	931 11 6	1191 10 8
Tax on carriages and animals	716 11 4	595 13 4
Registration of Carts - - -	259 . .	256 10 8
Fees for licensing Slaughterhouses	228 .	18 5 4
Fines and other Miscellaneous receipts	94 9 3	137 8 .
Total Rupees	4256 . 3	4455 . .

The increase under the head of "Taxes"
on animals is due to the new Tax
levied on buffaloes. The decrease
under the head of "Tolls" is due to
the fact that the Tolls during the
present year were worked for the
first time by contract sale. For
the five months April, May, June,
July and November the tolls were
kept by the Commissioners in their
own hands, for the remaining
months they were let out on
contract. Some little loss was
to be expected at first until
the value of the Toll collections
becomes known to the Contractors.
The last two sales have been very
satisfactory.

4 Expenditure. - The total
Expenditure under all heads amounts
to Rupees 4949. 1. 10. Deduct this
from 7691. 2. 2 and Rs 2742 - . - 4

is the balance unexpended up
to the end of March 1872.

New Works.— A sum of Rs 865-8-0
was expended upon widening the
main bazaar street from the Taluq
Cutcherry a distance of 500 yards.
This street is now fully completed
from end to end. It is 1300 yards
in length and has an average
width of 7 to 8 yards. The street is
pretty well lighted and furnished
with dust boxes &c. Rupees 178 were
expended on the construction of
a cistern, dust boxes &c., the
completion of Dispensary with
a new Verandah.

Repairs.— Rupees 613-15-3 were expended
on the repairs of the Chief Bazaar street
and other roads. Rupees 92-3-10 on
the repairs of latrines &c.

Municipal Schools.— In the estimate
the sum of Rupees 857-10-8 were
sanctioned

sanctioned. On the 16th January the
Commissioners with the aid of
Dr. Boyle, the Inspector of Schools,
established an Anglo Vernacular
School with a Head Master on
a Salary of Rs 40 per month, and
a Vernacular Master on Rs 16-
per month. The School is well
attended by upwards of 70 boys.
The Government, however, in their
Order No 196 dated 15th February
1872, have objected to payment
out of Municipal funds to an Anglo
Vernacular School. The matter
is still under consideration
(vide Vice Presidents letter No 18
dated 9th March 1872). The Pial
Schools, of which there are 3, were
carefully examined by A. Sobathon,
the Dy. Inspector of Schools, but
he recommended no grant
from the Municipality and none
was

was, therfore, given.

Hospital and Dispensary.— A sum of Rupees 450 has been entered in the accounts for establishment and Dresser's pay from 1st, as the Dresser, however, is a Government Servant. The Commissioners do not consider the charge a legitimate one against Municipal Funds. The matter is under reference, (Vide Vice Presidents letter No. 24 dated 1st April 1872). The Hospital was inspected by Dr. Rankine, the Dy. Inspector General, Indian Medical Department, on 13th January 1872, who recommended certain additions to the present buildings.

Vaccination.— Only 45 have been vaccinated during the year. This is unsatisfactory, but the people are unfavourable to it, and it is very difficult to exercise any supervision over the Vaccination Conservancy.— Last year the Municipality employed 10 Scavengers. This year they employed 4 Sottiers and 8 Scavengers, being an increase of Rupees 154 under this head.

Registration.— This has been carried on by the Municipal Manager assisted by one peon.

Supervision and Management.— The expenditure under this head during the year was Rs 835.3.0 showing a decrease of Rs 360. This is owing to the sale of Tolls by contract and the consequent abolition of peons.

General.— The general health of the Town during the year has been good. Small pox and fever have prevailed to a certain extent.

I have the honor to be
Sir,
Your most obedt Servant

PROCEEDINGS of the **MADRAS GOVERNMENT.**

Read the following letter from the Pres.t of the Municipal Commission, Kurnool, dated 22.nd May 1872, No. 13.

Order thereon of Coted 19 July 1872 No. 969.

Cumbum. The information called for in G. O. 4.th May 1872, has not been submitted with reference to the Cumbum Municipality. The President is requested to expedite the transmission of this further statement so as to enable the Govt to compile a general report on the working of all

the

the Municipalities for submission to the Govt of India.

2. The sum at the disposal of the Municipality during 1871-72 was Rs 7691 or nearly Rs 1500 more than the budget estimate, though the tolls, which were let out on contract for the first time ~~recently~~, only realized Rs 931. The Government are glad to observe that the last toll sales were more satisfactory, and that as anticipated in para 4 of G.O. 16th June the Municipality are likely to gain by the adoption of the Contract system.

3. The Commissioners do not seem to have utilized to the full, the money

money at their disposal. The expenditure was Rs 4949 or Rs 600 less than the estimate, and as regards grant F it was ~~simply~~ confined to widening the bazaar street and repairing the bazaar road. Rs 100 were spent out of the Dispensary funds for completing a Verandah to the Hospital building.

4. The income of the Civil Dispensary during the year was Rs 1665, including a contribution of Rs 600 from Local Funds and the expenditure was Rs 1771. The Government notice that Statement I A and the Statement accompanying the

the report on the Dis-
pensary do not tally.
The former is obviously
incorrect as it fails to
notice the balance on
hand at the commence-
ment of the year and
takes no account of the
Government donation.
The number of in-patients
treated during the year
was 51, and of out-patients,
2679 - Fever, and a severe
type of small pox were
prevalent, but Cholera,
it is observed, has not
visited Cumbum for
the last 7 or 8 years.

5. The questions raised
in reference to the Dres-
ser's salary, and the
Anglo Vernacular School
will

will be decided hereafter.
Yours
L.A.
