I hereby certify that I have
carefully examined Colonel
C. Denison Lieutenant of the
Municipal Commission Battal.
and find that this officer is
suffering from tendency to head
symptoms, the result of sun-
stroke in India in November
1869. and in May and 1870
July 1871, and that
it would not in my opinion be
prudent that this officer should
return to India before next cold
season, or at the end of this
Year.
