No. 88. Read the following letter from the Officiating President of the Municipal Commission, Combaconum, to the Chief Secretary to Government, Fort St. George, dated Point Calimere, 27th June 1872, No. 144:—

With reference to the Order of Government, dated 17th April 1872, No. 554, I have the honour to forward, for their orders, copy of a communication from the Vice-President of the Municipal Commission, Combaconum, in which the Commissioners reiterate their request of being allowed to utilize the Police Hospital as a Brahmins' ward attached to the dispensary at that station.

From the Vice-President of the Municipal Commission, Combaconum, to the President of the Municipal Commission, Combaconum, dated ——, No. 23.

With reference to Proceedings of Government, No. 554, of the 17th April 1872, and their Order thereon, No. 154, I have the honour to inform you that they were laid before the meeting of the Commissioners, and it was resolved to represent to Government again the necessity of allowing the hospital to be converted into a Brahmins' ward. This building, from its situation and having a small temple quite near, is most suited for this particular class of people, being just outside the dispensary compound and separated from the hospital wards. Moreover, no convenient and suitable site could be procured for the erection of another building for Brahmins outside the dispensary compound, and to erect one within from the situation of the various hospital buildings and out-offices there would be objections.

2. There is a Government building situated at the north-west angle of the hospital compound now used as a store-room by the Department of Public Works, which might be made over for the accommodation of the Police sick with a little additions or alterations it may require. This building, I have no doubt, will be given over by the Executive Engineer for a reasonable sum, or else the stores might be removed to the Government building, which was formerly occupied as the Municipal Office, situated near the Court-houses and now believed to be vacant.

3. I, therefore, beg to request you will be pleased to represent to Government the necessity under which the Commissioners still wish to retain the Municipal hospital building.

No. 89. ORDER THEREON, 19th July 1872, No. 913.

The Governor in Council is not prepared to make over the Police Hospital to the Commissioners until the Police authorities are satisfied that there is suitable accommodation *ready* elsewhere for the Police sick.
