I have the honour to forward, herewith, the amended Budget for the Tuticorin Municipality, called for in Government Proceedings, No. 729, dated 30th May 1872.

2. The house-tax has been continued at the same rate as last year, and the tolls have been reduced to the same scale as last year.

3. The proposed rates under Sections 125 and 138 are as under—

Section 125.—New markets opened by private persons Rupees 5 to Rupees 50, according to the number of bazaars and stalls in the market.

Section 138.—Temporary structures and pandals 1 Rupee to 50 Rupees, according to size and the number of days for which they are required.

4. The water-supply scheme is as follows: channels from the anicut at Strivycuntam will carry water up to the swamp at the back of the town ; from thence the Municipality propose leading the water through pipes to cisterns on the beach. Mr. Sage, Executive Engineer, has been consulted, and the scheme he found successful at Cocanada will be adopted if the permanency of the water-supply can be secured. Until, however, it is known that the water-supply is permanent, the Municipality propose contenting themselves with a reservoir just short of the swamp.

No. 210. ORDER THEREON, 26th July 1872, No. 990.
