Proceedings of the Madras Government, Financial Department,
29th July 1872.

No. 213. Read the following letter from the Collector of Malabar, to the Chief Secretary to Government, Fort St. George, dated Calicut, 19th July 1872, No. 40:—

With reference to G. O., dated 18th April last, No. 525, I have the honour to report that I have caused the necessary repairs to the Bawalli Bridge to be executed on an estimate of Rupees 67.

2. The bridge forms the boundary of British and Mysore Territories. It was built between 1825 and 1827, and is reported to be the work of Sappers and Miners then stationed in Wynaad.

3. A letter is on my records from Captain Proby, the Superintending Engineer, dated 26th March 1825, stating that operations on this bridge were about to be suspended for the season, and requesting the Collector to place the works and materials under the safe custody of the Revenue Officers. This officer died shortly after, and I find a letter from Lieutenant Faber, from which it appears that he undertook the work in December of the same year.

4. In 1842 certain repairs to the bridge were carried out by the Revenue authorities in British Territory.

5. There seems, therefore, no doubt as to the bridge site being in British Territory.

No. 214. ORDER THEREON, 29th July 1872, No. 993.

To be recorded.
