Proceedings of the Madras Government, Financial Department,
4th January 1873.

No. 14. Read the following letter from the Secretary to the Board of Revenue, to the Chief Secretary to Government, Fort St. George, dated Madras, 14th December 1872, No. 2392:—

In Government Order, 29th January 1872, No. 108, paragraph 3, the opinion of the Board is requested as to how the charge for Public Works Supervision over works executed from Union and Endowment Funds should be debited to those Funds, and it is suggested that the estimates should be so framed as to include the charge.

2. I am directed to state that the Board have no doubt whatever as to the propriety of charging Union and Endowment Funds with their proper share of the cost of Public Works Supervision. As Budget after Budget is reviewed, it becomes more and more certain that the General Fund is inadequate for Educational and Sanitary purposes, and it is urgently necessary to free it from such charges as do not properly belong to it.

3. The proposal to include the charge for supervision in the estimates for works does not commend itself to the Board. In the first place, the charge varies greatly from year to year, and, in the second place, estimates should have the same meaning whether they are for Road Fund, or for Union, Endowment, Sanitary, or Medical purposes.

4. The simplest way of bringing the charge to account will be to enter it in a new column introduced after column 12 in Statement III., and after column 9 in Statement IV.

5. The charge for Tools and Plant (at 1 per cent. on the estimate) may be added to the cost of supervision and entered in the same new column.

6. The new Rule XXVIII. promulgated in Government Order, 26th November 1872, No. 1,565, should be amended by substituting the words "rest of the Local" for "General" in clause (*a*).

No. 15. Order thereon, 4th January 1873, No. 7.

The Government approve of the Board's recommendation with reference to debiting Union and Endowment Funds with a rateable share of the cost of Public Works Supervision and the charge for tools and plant.

2. New Columns 12 (*a*) and 9 (*a*) headed "Public Works Supervision, &c.," will be introdued into Statements III. and IV., and Rule XXVIII. amended by the substitution of the words "rest of the Local" for "General" in Clause (*a*).

Board of Revenue

To

The Honorable H. Stokes
Chief Secretary to Government
Financial department

SIR,

In Government Order 29th January 1872 No. 108, para 3, the opinion of the Board is requested as to how the charge for establishment for supervision over works executed from Union and Endowment Funds should be debited to those funds and it is suggested that the Estimates should be so framed as to include the charge.

2. I am directed to state that the Board have no doubt whatever as to the propriety of charging Union and Endowment Funds with their proper share of the cost of Public works supervision. As Budget after Budget is revised it becomes more and more certain that the General Fund is inadequate for Educational and Sanitary purposes, and

and it is urgently necessary to free it from such charges as do not properly belong to it.

3. The proposal to include the charge for supervision in the estimates for works does not commend itself to the Board. In the first place the charge varies greatly from year to year, and in the second place Estimates should have the same meaning whether they are for Road Fund, or for Union, Endowment, Sanitary or Medical purposes.

4. The simplest way of bringing in the charge to account will be to enter it in a new column introduced after column 12 in Statement III and after column 9 in Statement IV.

5. The charge for tools and plant (at 1 per cent on the Estimate) may be added to the cost of supervision and entered in the same new column.
