Proceedings of the Madras Government, Financial Department,
17th July 1873.

No. 119. Read the following letter from Colonel F. J. MOBERLY, R.E., District Engineer, Chingleput, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, Fort St. George, dated Guindy, 3rd July 1873, No. 854:—

I have the honour to report that, finding the East Coast Canal very shallow after the floods of last year, Mr. Harington authorized clearance to the amount of Rupees 5,190-3-8 in excess of the maintenance allotment for 1872-73. This excess he paid on the receipt of the allotment for 1873-74, charging to—

	Rs.	A.	P.
Nellore District	1,709	9	8
Scrooloor Range, Chingleput	1,114	11	8
Chingleput	2,365	14	4

2. The District Engineer of Nellore has, however, declined to deduct this amount from the grant of the year on the plea that he requires all the money for the canal, which is in most deplorable condition.

3. Estimates have been repeatedly sent for clearances, but the Collector has always observed that no funds are available. The salt revenue being now in jeopardy, I trust that the Government will take into early consideration the necessity of supplementing our grants by at least the sums expended last year of this year's grant.
