No. 124. ORDER THEREON, 21st January 1873, No. 103.

The papers above recorded with a list of the Local Fund Dispensaries are forwarded to the Inspector-General, Indian Medical Department, who is requested to submit his opinion on the following points :—

(i). Is periodical inspection by a professional officer necessary when there is a Local Fund Committee competent to look after financial and ordinary sanitary arrangements.

(ii.) If such inspection is required, what class of officers will be available for the purpose, and what arrangements should be made during their absence for the performance of their ordinary duties.

(iii.) What sum per visit (in addition to travelling allowance) would be a fair remuneration for the trouble of inspection.

2. Dr. Balfour will also state the practice which has hitherto prevailed with reference to outlying Dispensaries.

LIST of Dispensaries in the several Local Fund Circles of the Madras Presidency.

JANUARY.
No. 124.

Forwarding reports from the Presidents of certain Local Fund Boards on the subject of the inspection of Local Fund Dispensaries by Zillah Surgeons, together with a list of Local Fund Dispensaries, and requesting the Inspector-General, Indian Medical Department, to submit his opinion on certain points.

55

Financial Department.

Memo for orders.

In G. O. dated 26 July 1872, No. 989, all Local Fund Boards were called on to report on the question of the inspection of Local Fund Dispensaries and the remuneration to be given for the same.

Only a few replies have been received, but I submit the question for orders as the Board of Revenue in a recent Proceedings have pointed out that the matter is somewhat urgent.

The question arose through the Madura Local Fund Board asking the Zillah Surgeon to undertake the duty, and his agreeing to do so if Government sanctioned

Most of the Hospitals & Dispensaries are 2 miles in large Towns under Civil Surgeons - & less in case of Assistants - These do not need inspection by any they may have received from the Dept & Govt. hitherto. The outlying Dispensaries would certainly be able the better for it - The question

sanctioned it, and he were allowed some remuneration as well as travelling expenses.

The Dindigul Local Fund Board think the inspection should be made twice a year and would ask the Inspector General, Indian Medical Department to fix the remuneration.

The South Coimbatore Local Fund Board think that the Deputy Inspector of Hospitals can easily inspect their dispensaries and that, consequently, inspection by Zillah Surgeons is unnecessary.

The North Coimbatore Local Fund Board think inspections unnecessary.

The Pavlcondah Circle desire no inspection but in Bellary Circle they would be prepared to

had better be referred to the Govt of Madras for their decision as to what should fix as remuneration as has been done hitherto in the case of inspection.

J. S. 18/

to give medical travelling allowances and a fee of Rs 50 for two visits a year. In forwarding these resolutions the Collector of Bellary raises the question of the manner in which the Zillah Surgeon's duties would be performed in his absence.

The Saidapett Board would have two visits a year and give Rs 15 per visit in addition to travelling expenses.

The Chingleput Board think that the Dispensaries should be inspected quarterly and are willing to give a fee of Rs 25 for each visit besides travelling allowance.

The Cuddapah Circle Board desire half yearly inspections. They propose travelling allowance and an annual remuneration of Rs 100.

The

The Chittoor Local Fund Board, consider inspection by Zillah Surgeons unnecessary as it is the duty of the Deputy Inspector General of Hospitals to make annual inspections and reports. (The presumption that it is the duty of the Deputy Inspector General of Hospitals to inspect outlying Local Fund Dispensaries, seems to be erroneous.)

The question of the manner in which the Zillah Surgeons' duties would be performed in their absence if these officers were deputed on inspection duty, is one of considerable difficulty, especially when, as at Bangalore, there is only one officer in charge of the Civil Station the Regiment and the Jail.

The

Order

The proposal recorded with a list of the Local Fund Dispensaries are forwarded to the Inspector General Indian Medical Dept. who is requested to submit his opinion on the following points

The above noticed replies with a list of the Local Fund Dispensaries might be forwarded for the opinion of the Inspector General, Medical Department

1 Is periodical inspection by a professional officer necessary when there is a Local Committee competent to look after financial and ordinary sanitary arrangements.

2. If such inspection is required, what class of officers will be available for the purpose and what arrangements should be made during their absence for the performance of their ordinary duties.

3. What sum per visit (in addition

to

to travelling allowance)
would be a fair remune-
ration for the troubles
of inspection.
