SIR,

I am directed to transmit an application from the President of the Municipal Commission, Madras, for the construction of a line of telegraph between the Town of Madras and the Red Hills Lake along the delivery channel of the Madras Water Works, and to request that, under the provisions of Section 2 of Act No. VIII. of 1860, the Governor-General in Council will be pleased to grant a license to the Municipal Commissioners of Madras to establish the telegraph line in question.

Offg. Chief Secretary.

From J. C. LOCH, Esq., President of the Municipal Commission, Madras, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Madras, 31st July 1873, No. 766 :—

Since writing my letter to you, No. 621, of the 10th current, my attention has been drawn to Sections 3 and 4 of the Telegraph Act, No. VIII. of 1860, from which I find that no line of telegraph can be laid down in this country until the consent of the Supreme Government has been obtained.

2. I have, therefore, the honour to request that the Right Honourable the Governor in Council may be pleased to move His Excellency the Viceroy to accord his sanction to the construction by this Municipality of a line of telegraph along the delivery channel of the Madras Water Works.

3. The line will be about seven miles in length, and will only be used for the purpose of enabling the officer in charge of the distributing works in Madras to communicate promptly with the person in charge of the outlet sluice at the Red Hills.
