Proceedings of the Madras Government, Financial Department,
13th August 1873.

No. 81. Read the following letter from E. B. POWELL, Esq., M.A., C.S.I., Director of Public Instruction, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Madras, 4th August 1873, No. 1625 :—

Referring to G. O., No. 253, of the 31st August 1871, I have the honour to observe that, in conformity with the instructions therein given, the Principal of the Presidency College has of late always obtained stationery on payment from the Stationery Depôt ; last month, however, on applying for some French Foolscap paper, he was informed that such paper was in store, but could not be issued on payment, as the amount to be recovered was not known, the cost price not having been stated in the invoice. In these circumstances, Mr. Thompson requests that he may be permitted to purchase French Foolscap paper in the bazaar for immediate use.

2. The Principal also requests that in future he may get his supplies from the Stationery Office without payment, as is now done by the Principals of the Medical and Civil Engineering Colleges. A difficulty arises here as Estimates for 1875-76 in the case of Europe articles, and for 1874-75 in that of country articles, are now called for by the Superintendent of Stationery, and the preceding periods of time are unprovided for.

No. 82. Order thereon, 13th August 1873, No. 1145.

The purchase of the paper required can be made in the bazaar for the present.

2. The Inspector-General of Ordnance and Magazines will be requested to report whether the supply can hereafter be made on indent. The Government desire to know how the different practice at the Presidency College from the Medical and Engineering Colleges originated.
