Order thereon.

The above papers will now be recorded as the Proceedings of Govt under date 28th March 1873 No 426 render it unnecessary for them to consider in detail schemes for the development of elementary education prepared in accordance with G.O dated 28th April 1871 No 563 which contemplated a

We propose to provide, next year, so far as may be found possible, for ~~one taluk~~ one taluk in each district ~~in~~ as a commencement of union education — by chiefly

a rapid extension of Union schools supported by a simultaneous increase in special taxation.

The reports however contain much information which will be of assistance to the Local Fund Boards in organizing a somewhat modified system of elementary instruction in accordance with the policy indicated in the first of the orders above quoted.

I would humbly

the Govt. of

who has framed the

by applying to this object the [illegible] portion of the local fund which is now applied to the higher education & to the annual grant to local Fund Boards

In this manner we should be able to make something like a fresh start in elementary instruction, which is now the great want of India, and we think for my part it would be a great satisfaction to have that Govt. take some prominent

initiatory action.

but the [illegible] has recently requested the Director of Public Instruction to report as to the best means of supplying the funds wherewith pursuant to despatch to this kind of education: and also pointing out (provided we settle a cess to the application of the revenue from land-tax) how a direction bearing upon that question - It would seem therefore that any of the which he has not seen should be sent to the
