Not to be folded or roughly handled

No. 206. Read the following Proceedings of the Board of Revenue, dated 22nd August 1873, No. 1635 :—

Read the following letter from H. E. SULLIVAN, Esq., President of the Local Fund Boards, South Arcot District, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Villapuram, 24th July 1873, No. 250 :—

In asking your attention to my letter, No. 187, dated 16th ultimo, I have the honour to state, for the information of the Board of Revenue, that the remetalling of the Pondicherry-Tindivanum road between Mylum and Vanoor being of an emergent nature, I have, under the provisions of Rule 42, arranged for its being proceeded with in anticipation of sanction, as, if something is not done before the rains set in, there will be considerable delay to the mail between Madras and the south, and great obstruction to the large traffic which daily passes over it.

2. I enclose a letter, dated 11th instant, No. 94, from the District Engineer, requesting that early sanction may be obtained for the estimate of Rupees 8,000 for metalling the road between Tindivanum and Gingee (forming a portion of the road between Merkanum and Samulputty on the Madras Railway), as it was much damaged during the heavy rains which fell in February last. This work was Item No. 6 in the original budget of the current year with an allotment of Rupees 5,000, but was struck out by the Board on the supposition that funds were not available. My letter, No. 218, dated 1st instant, will have shown that this obstacle to the progress of the work no longer exists; and, as the road will be impassable in the rains if not taken in hand at once, I have arranged for the metalling being proceeded with in anticipation of sanction.

3. I have recently inspected both these lines of communication, and have satisfied myself of the emergency of the work.

P.S.—These charges can be met partly from the Unappropriated balance of last year and partly from the Reserve of the current year.

Enclosure No. 1.

From R. E. NORFOR, Esq., Officiating District Engineer, to H. E. SULLIVAN, Esq., President of the Local Fund Boards, South Arcot, dated Ollundoor, 11th July 1873, No. 94.

I have the honour to request you will be good enough to obtain early sanction to the estimate of Rupees 8,000, submitted with the late Superintending Engineer's letter, No. 297, of the 22nd March 1872, for metalling the portion between Tindevanum and Gingee of the road from Merkanum to Samulputty on the line of railway.

2. In the current year's budget list which accompanied your letter, No. 100, of 4th April 1873, a sum of Rupees 5,000 being provided for this work the Range Officer has put the work in hand and incurred an outlay of Rupees 289-1-0, in anticipation of sanction to the estimate, in consequence of the emergent nature of the proposed metalling of this portion of the road which was, by the heavy rains in the last year, very much damaged. Further outlay on the work has, however, been stopped.

Enclosure No. 2.—Estimate.

Proceedings of the Madras Government, Financial Department,
29th August 1873.

The estimate, amounting to Rupees 8,000, for metalling the road from Tindivanum to Gingee, forming a portion of the road between Merkanum and Samulputty on the Madras Railway (length 18 miles), is submitted for the sanction of Government.

2. The road is stated to have been much damaged during the heavy rains which fell in February last.

3. The work appeared as Item No. 6 in the current year's original budget of the Cuddalore Circle with an allotment of Rupees 5,000, but it was struck out by the Board for want of funds.

4. In the P. S. appended to the President's letter it is proposed to meet the cost of the work partly from the Unappropriated balance and partly from the Reserve of the Road Fund. On the receipt of the sanction of Government to the estimate the Board will allot the requisite funds.
