Proceedings of the Madras Government, Financial Department, 24th January 1873.

No. 160. Read the following Proceedings of the Board of Revenue, dated 9th January 1873, No. 23 :—

Read the following letters :—

From W. M. CADELL, Esq., Officiating Collector of Tanjore, to the Secretary to the Board of Revenue, dated 5th April 1872, No. 131.

In their Proceedings, dated 24th January 1872, No. 168, reviewing the Local Fund Budgets of the Tanjore and Negapatam Circles for 1872-73, paragraph 1, the Board of Revenue remark that the estimated amount of the land-cess for both the Circles is less by Rupees 40,000 than might have been expected from the actuals of 1869-70 and 1870-71.

2. I beg to observe that the actuals of 1869-70 and 1870-71, at 6 Pies in the Rupee, were as follows :—

	1869-70.	1870-71.
	Rs.	Rs.
Ryotwar	1,28,000	1,29,600
Inam	63,000	46,000
Total ...	1,91,000	1,75,600

The estimate of 1872-73, at 9 Pies, comes to Rupees 2,30,000, thus—

	Rs.
Ryotwar	1,95,000
Inam, etc.	35,000

3. It will be thus seen that the estimate under Ryotwar is half as much again as the actuals of 1869-70 or 1870-71. Under the head "Inam, etc.," pending the receipt from one or two taluqs of certain information called for, the amount of estimate is put down roughly at Rupees 35,000. This sum, however, is less than the actuals of the two years above mentioned by Rupees 28,000 and 11,000, respectively. It must be remembered that the assessment under Act III. of 1866 was based on the assumed rent-value of inam, etc., lands, and that there was a further source of income, viz., fines which used to be levied from parties failing to render lists of lands, etc. Under Act IV. of 1871, however, the rate having been calculated on the assessment which such lands would bear had they not been inam, has necessarily contributed to this decrease in the estimate.

4. In paragraph 12 the Board have also disallowed Rupees 1,100 for repairing navigable canals and sheds over ferry boats in the Tanjore Circle as being a proper charge against the "Canals and Ferry Fund." In G. O., dated 23rd March 1872, No. 354, paragraph 2, the Government remark the Board have struck out the allotments for the repair of navigable canals in *both* budgets, and further inquire whether the Canal and Ferry Fund can meet these charges.

5. The objection holds good only so far as the sum of Rupees 100 for repairing boat-sheds is concerned. The provision made under navigable canals is for the repairs of twenty-six miles of the navigable portion of the Mannar river and the locks, etc., connected therewith in the Tanjore Circle, and also for the salt canal between Negapatam and Vedaraniem in that of Negapatam. The provisions of Act I. of 1870 have not been applied to them, and it appears to me therefore that these channels of communication should be retained on the Local Fund Budgets. Moreover, the average annual receipts under the Canal and Ferry Fund amount to no more than Rupees 5,000, and it is therefore out of the question that an annual charge of Rupees 10,000 can be met therefrom.

From the same Officer, dated Puducottah, 19th June 1872, No. 233.

I HAVE the honour to reply to paragraphs 2 and 4 of the Board's Proceedings, dated 30th May 1872, No. 859, circulating Local Fund Budgets of the Tanjore and Negapatam Circles for 1872-73 with certain remarks.

2. In paragraph 2 the Board observe that the Canal and Ferry Fund Budget of 1872-73 shows Rupees 10,800 as the assets of the Fund, and only Rs. 200 as the proposed expenditure, leaving a balance of Rupees 10,600 available.

3. In my letter, dated 5th April 1872, No. 131, I have stated at length the objections to this Fund being made to bear the charges of maintenance of the navigable canals in the Tanjore and Negapatam Circles. As I have already said, the proceeds of ferries never exceed Rupees 5,000 per annum, while the charges on account of the canals amount to twice as much or more; and if the whole of the assets are thus laid out, there will be nothing left for the construction of new boats, of which many are required in place of country rafts which are now used for the conveyance of passengers and goods. Indeed, I would have made the necessary provision in the current year's budget for the same had it not been for the fact that the question of substituting iron boats for wooden ones is now under consideration.

4. As regards the Nagore bridge, I beg to refer the Board to my letter, dated 4th June 1872, No. 218, submitting an estimate amounting to Rs. 900 for repairing the same.

From the same Officer, dated 20th November 1872, No. 423.

I HAVE the honour to submit, for the orders of the Board, a letter from the Superintending Engineer, 6th Division, inquiring if the allotments for the repairs of navigable canals have been provided in the Canals' and Ferry Fund, as proposed in their Proceedings of 30th May 1872, No. 859.

Dated 5th April 1872, No. 131.
,, 19th June ,, ,, 233.

2. In my letters noted in the margin, I pointed out the impossibility of making provision for these works from the Canals' and Ferry Fund, and I have nothing to add further to what has been stated there.

3. The Tanjore Circle Board have on two different occasions sanctioned estimates amounting to Rupees 1,265, or Rupees 265 in excess of the sum they originally provided in their Budget of Local Funds for 1872-73, but which the Board of Revenue struck out.

4. I beg therefore to request that the Board will be pleased to allot, at an early date, Rupees 1,265 and Rupees 9,000 from the Road Fund Reserve of the Tanjore and Negapatam Local Funds respectively, or to pass such other orders as they may deem proper.

ENCLOSURE No. 1.

From Major J. O. HASTED, Officiating Superintending Engineer, 6th Division, to the Officiating Collector of Tanjore, dated Tanjore, 16th November 1872, No. 667.

WITH reference to paragraph 2 of the Revenue Board's Proceedings, No. 859 of 30th May 1872, I have the honour to request you will be good enough to let me know if the allotments for the repairs of navigable canals have been provided from the Canal and Ferry Funds as therein proposed. If no allotment has been made yet, I request that application may be made to the Revenue Board for the early allotment of funds, and for the same being placed at the disposal of the Public Works Department, as the Controller of Public Works Accounts object to expenditure being incurred on works under the above head without allotments.

(True Copy.)

(Signed) W. M. CADELL,
Officiating President.

IN reviewing the current year's Local Fund Budgets, the Board disallowed the allotments of Rupees 1,000 and Rupees 9,000 for the repair of navigable canals in the Tanjore and Negapatam Circles respectively, under the impression that they could be met from the "Canal and Ferry Fund" of the district.

2. It now appears from the first and second letters recorded above that the annual receipts of the Fund do not exceed Rupees 5,000, and that it is utterly impossible to meet the cost of the repairs of the canals from this source. The Board resolve, therefore, to sanction an allotment of Rupees 10,265, as hereunder particularized. The sum of Rupees 265 was sanctioned by the Circle Board in excess of the 1,000 Rupees struck out of the Tanjore Circle Budget:—

	RS.
From the Road Fund Reserve of the Tanjore Circle	1,265
Do. do. and unappropriated balance of the Negapatam Circle	9,000
Total...	10,265

3. The Accountant-General is requested to place the sum of Rupees 10,265 at the disposal of the Public Works Department.

No. 23.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 9th January 1873.

Read the following letters:—

From W. M. CADELL, Esq., Officiating Collector of Tanjore, to the Secretary to the Board of Revenue, dated 5th April 1872, No. 131.

IN their Proceedings, dated 24th January 1872, No. 168, reviewing the Local Fund Budgets of the Tanjore and Negapatam Circles for 1872-73, paragraph 1, the Board of Revenue remark that the estimated amount of the land-cess for both the Circles is less by Rupees 40,000 than might have been expected from the actuals of 1869-70 and 1870-71.

2. I beg to observe that the actuals of 1869-70 and 1870-71, at 6 Pies in the Rupee, were as follows:—

	1869-70.	1870-71.
	RS.	RS.
Ryotwar	1,28,000	1,29,600
Inam	63,000	46,000
Total ...	1,91,000	1,75,600

The estimate of 1872-73, at 9 Pies, comes to Rupees 2,30,000, thus—

	RS.
Ryotwar	1,95,000
Inam, etc.	35,000

3. It will be thus seen that the estimate under Ryotwar is half as much again as the actuals of 1869-70 or 1870-71. Under the head "Inam, etc.," pending the receipt from one or two talugs of certain information called for, the amount of estimate is put down roughly at Rupees 35,000. This sum, however, is less than the actuals of the two years above mentioned by Rupees 28,000 and 11,000, respectively. It must be remembered that the assessment under Act III. of 1866 was based on the assumed rent-value of inam, etc., lands, and that there was a further source of income, viz., fines which used to be levied from parties failing to render lists of lands, etc. Under Act IV. of 1871, however, the rate having been calculated on the assessment which such lands would bear had they not been inam, has necessarily contributed to this decrease in the estimate.

4. In paragraph 12 the Board have also disallowed Rupees 1,100 for repairing navigable canals and sheds over ferry boats in the Tanjore Circle as being a proper charge against the "Canals and Ferry Fund." In G. O., dated 23rd March 1872, No. 354, paragraph 2, the Government remark the Board have struck out the allotments for the repair of navigable canals in *both* budgets, and further inquire whether the Canal and Ferry Fund can meet these charges.

5. The objection holds good only so far as the sum of Rupees 100 for repairing boat-sheds is concerned. The provision made under navigable canals is for the repairs of twenty-six miles of the navigable portion of the Mannar river and the locks, etc., connected therewith in the Tanjore Circle, and also for the salt canal between Negapatam and Vedaraniem in that of Negapatam. The provisions of Act I. of 1870 have not been applied to them, and it appears to me

therefore that these channels of communication should be retained on the Local Fund Budgets. Moreover, the average annual receipts under the Canal and Ferry Fund amount to no more than Rupees 5,000, and it is therefore out of the question that an annual charge of Rupees 10,000 can be met therefrom.

From the same Officer, dated Puducottah, 19th June 1872, No. 233.

I HAVE the honour to reply to paragraphs 2 and 4 of the Board's Proceedings, dated 30th May 1872, No. 859, circulating Local Fund Budgets of the Tanjore and Negapatam Circles for 1872-73 with certain remarks.

2. In paragraph 2 the Board observe that the Canal and Ferry Fund Budget of 1872-73 shows Rupees 10,800 as the assets of the Fund, and only Rs. 200 as the proposed expenditure, leaving a balance of Rupees 10,600 available.
