,, 36, ,, 26th ,, ,,

3. As regards funds for these works the Local Fund Board observe that very nearly half of the current year's Road Fund Reserve has already been allotted and the remainder is just equal to the amount of the present estimates, which, if allotted, would leave the Board without funds for unforeseen emergencies that may arise during the remaining seven months of the official year.

4. Applications for a few further allotments are already in office but have not yet been disposed of by the Local Fund Board.

5. Under these circumstances they have resolved to postpone the construction of the two new* chuttrums at Hussangady and Punjalkutta proposed to be built during the current year, and, with the sanction of Government, to transfer the allotment, viz., Rupees 4,300, to the Road Fund for appropriation to the above works, which are of more importance than chuttrums, the deficiency required to make up the amount of the estimates, viz., Rupees 2,820, being provided from the current year's Road Fund Reserve.

* Items Nos. 1 and 2 under III., Sanitary and Miscellaneous, Part I. of Budget of 1873-74, allotment Rupees 4,300.

6. The above arrangement requires the sanction of Government, which I trust may be obtained.
