Proceedings of the Madras Government, Financial Department,
20th September 1873.

No. 131. Read the following letter from J. F. PRICE, Esq., Acting President of the Local Fund Boards, Salem District, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Salem, 28th August 1873, No. 522 :—

With reference to the Order of Government, Financial Department, No. 1105, dated 21st August 1872, I have the honour to report that the Local Fund Boards of this district are of opinion that, for the present at least, no addition to existing railway feeders is called for.

2. The South-West Line, which passes through the district, is furnished with feeders from all the main towns to its various stations—a very small portion of the Bangalore Branch and no stations lie within our limits.

3. It would perhaps be desirable, at some future time, to connect Coopam, a station in the North Arcot District, with the important town of Kristnagherry, which has, however, now roads leading from it to Tripatoor, Jollarpett, and Samulpatti Stations. The question was mooted some time since, but was, after an inspection by me of the line, laid aside, on the score of expense and of there being more important lines to open out. A road is, however, now being constructed between Kristnagherry and Maharazagodai, which latter is on the way to Coopam. When this is completed, as it will be by the close of the current year, about ten miles more will remain, of which some six are in this district; but the work, as there is bad ghaut and much rough ground to be traversed, would be very expensive, and I doubt whether it would pay as a railway feeder, though it would open up the cart traffic between Palmanair and the surrounding country and towns in Oossoor Circle, and make access to the plateau more easy.

4. Passoor is not in this district, to connect it with which no feeder is required.

5. I beg to enclose a sketch-map showing the existing railway feeders.

no stations be within our limits

3 It would perhaps be desirable,

ah

at some future time, to Connect Coopam
a Station on the North Street District
with the important town of Kristnaghery
which has however now roads leading
from it to Tripatur, Jollarpett and Sa=

mooted some time since, but was after
an inspection by myself the line laid aside
on the score of Expence, and of there
being more important lines to open out.
A road is however now being Constructed
between Kristnaghery and Kaharazupadi,
which latter is on the way to Coopam.
When this is Completed, as it will be by
the close of the Current Year, about 10 miles
more will remain, of which some six are
