No. 59. Read the following letter from J. H. MASTER, Esq., Collector and President of the Municipal Commission of Bellary, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Bellary, 26th September 1873, No. 61 :—

In continuation of my letter, No. 56, dated the 9th instant, I have the honour to state that the Garrison Surgeon who is in charge of the Municipal Dispensary at this station inquires, with reference to the Order of Government, Financial No. 1213, of the 27th August last, whether the Orders of Government, No. 1010, of the 16th March 1867, and No. 290, of the 31st July 1868, are to be considered cancelled.

The Orders are as follows :—

No. 1010 of 16th March 1867.

Rules for Sale of Medicines.

The Inspector-General observes, from some of the annual reports of Civil Dispensaries lately received, that subscribers have in some instances withdrawn their assistance to those charities, on the ground that they are required to pay for the medicines which they receive from those institutions on account of themselves and families.

The Officers of the Medical Department are desired to explain to subscribers that all persons who attend in person at Government Dispensaries are entitled to medicines gratuitously, but the Government does not undertake to provide the families of *Civil Servants* or *Military Officers* in *civil employ*, or of persons in a respectable position of life unconnected with the public service, none of whom are proper objects of charitable relief, with drugs and chemicals gratuitously. As a matter of convenience to the public, in places where druggist shops do not exist, Government has ruled that the classes alluded to may have their medical attendant's prescriptions made up at the Civil Dispensary on payment of a trifle beyond the cost price of the ingredients.

Vide Circular, No. 3276, of 5th October 1864.

G.O.G., No. 290, of 31st July 1868.

Gratuitous Issue of Medicines.

It is hereby notified that G.O.G., No. 231, of 19th June 1868, declaring Officers in military staff employ at out-stations entitled to the gratuitous issue of medicine, is not intended to exclude Officers doing general duty from enjoying the privilege, these being looked upon as in military employ equally with Regimental Officers. *Staff Officers at the Presidency, and Military Officers in civil employ generally, are debarred the privilege.*

No. 60. ORDER THEREON, 9th October 1873, No. 1449.

The Dispensaries having become municipal institutions, the Government Orders in question are, of course, no longer current.
