Proceedings of the Madras Government, Financial Department,
13th October 1873.

No. 109. Read the following Proceedings of the Board of Revenue, dated 29th September 1873, No. 6475 (Miscellaneous):—

Read the following letter from W. S. FOSTER, Esq., President of the Local Fund Boards, Godavery District, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Cocanada, 17th June 1873, No. 48 :—

I have the honour to submit District Engineer's original letter, No. 671, dated the 2nd instant, accompanied with a plan, &c., and an estimate, amounting to Rupees 5,300, for constructing an iron lattice girder bridge over Bickavolu drain on the road from Ramachendrapur to Bickavolu.

2. The District Engineer has stated that, in the original sanctioned estimate for the road from Ramachendrapur to Bickavolu, a design for a bridge of two arches of six feet span was provided, at a cost of Rupees 485, for bridging the Bickavolu drain, and that this design has to be entirely altered now for the reasons given in the District Engineer's letter above alluded to.

3. The Local Fund Board of the Cocanada Circle have considered that the construction of an iron lattice girder bridge is necessary over the Bickavolu drain, and consequently resolved to submit the project for the sanction of Government.

4. Under these circumstances, I request that the sanction of Government may be obtained to the estimate, and that necessary funds may be placed at the District Engineer's disposal, for the purpose, at an early date, from the Road Fund Reserve of the Cocanada Circle for the current official year.

The estimate, amounting to Rupees 5,300, is submitted for the sanction of Government.

2. On the receipt of the sanction of Government the Board will allot the requisite funds.
