Proceedings of the Madras Government, Financial Department,

18th October 1873.

Read Budget Estimate of the Money Order Department for 1874-75.

No. 159. ORDER THEREON, 18th October 1873, No. 1521.

The Budget Estimate of the Money Order Department for 1874-75 shows that the probable receipts will be Rupees 15,200, and the probable charges Rupees 6,508.

2. The actual receipts in 1872-73 amounted to Rupees 15,252. The estimate for the current year is Rupees 17,250, but the receipts during the first four months, from premium on Money Orders and lapsed Money Orders, have not exceeded Rupees 3,461, and there is little probability of the estimated amount of Rupees 17,250 being realized. Under these circumstances, the Governor in Council accepts and passes the reduced estimate (Rupees 15,200) of receipts for 1874-75.

3. The actual charges during 1872-73, which included commission to Agents, amounted to Rupees 8,481½. The grant for 1873-74 is Rupees 8,000, but not more than Rupees 6,508 has been entered under that year in the present estimate. The additional sum of Rupees 1,492 was added by Government to provide for such additional clerks as may be required for Treasury Establishments to do the work hitherto performed by Money Order Agents. Whether such additional aid has been found necessary or not has not been explained. The Accountant-General will now be requested to report on the subject.

4. The charges for the first four months of 1873-74 amount to Rupees 2,316. Should they continue at the same rate for the remaining eight months, the total charge will be Rupees 6,948, or Rupees 440 in excess of the estimate for 1874-75. Pending the receipt of the report called for from the Accountant-General, the Governor in Council directs that the charges for 1874-75 be fixed at the same amount as the grant for 1873-74, viz., Rupees 8,000.
