Proceedings of the Madras Government, Financial Department,
22nd October 1873.

No. 179. Read the following Proceedings of the Board of Revenue, dated 13th October 1873, No. 6922 (Miscellaneous):—

Read the following letter from W. S. FOSTER, Esq., President of the Local Fund Boards, Godavery District, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Cocanada, 30th August 1873, No. 69:—

I have the honour to bring to the notice of the Board of Revenue that the Local Fund Board of the Cocanada Circle have, at a meeting held on the 10th June 1873, sanctioned a grant of Rupees 200 for the construction of a resting-house for native travellers at Juggumpett from the provision made in the current year's budget for sanitary establishments.

2. The District Engineer has subsequently suggested the advisability of converting the old travellers' bungalow at this station into a resting-house, and the Local Fund Board have, at their meeting on the 8th July 1873, agreed to the measure.

3. The Officer in charge of No. 5 Range has reported that the main walls of the old bungalow are standing, but are cracked in two or three places, and that the verandah pillars have been pulled down, and the outer and cross walls at the ends, which formed the bath and dressing rooms, were entirely removed. He further stated that most part of the wood-work and tiles have been removed and used in building the new bungalow at that station.

4. The Range Officer is of opinion that the old bungalow would fetch Rupees 50 if put up to auction, and that it would, however, be worth Rupees 400 to Government as a choultry.

5. Juggumpett is on the Trunk Road between Rajahmundry and Tuni, and is a very important halting place, where native travellers are in want of accommodation.

6. Under these circumstances, I request that the Board of Revenue will obtain the sanction of Government to the old bungalow at Juggumpett being converted as a resting-house for the benefit of the native travellers.

The old travellers' bungalow was duly made over to the Local Fund Board in G.O., Financial Department, 17th April 1872, No. 510, and by undertaking the construction of a new one the Board are of opinion that the Local Fund Board more than fulfilled the obligations attaching to them from the transfer, and that the sanction of Government is not required to enable them to deal with the old one as they propose. The President should obtain an estimate in the usual course for the cost of the repairs.
