Proceedings of the Madras Government, Financial Department,
22nd October 1873.

No. 194. Read the following letter from A. MACGREGOR, Esq., President of the Municipal Commissions in Malabar, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Malliapuram, 20th September 1873, No. 21 :—

I have the honour to submit, for early sanction of Government, a Supplemental Budget for the whole of the Karar limits to which the Towns' Improvement Act has been extended by G.O., dated 21st June 1873, No. 264.

2. It will be seen that two sets of estimates, one excluding, the other including, Karar limits, were submitted with my letters noted in the margin, in connexion with the Cannanore Municipality for the current year. The latter was framed for the Cantonment of Cannanore, which did not include the whole limits of the Municipality originally proposed and defined by Government in their Notification, dated 24th June 1867, but included only that portion of the Karar lands which lie within the Cantonment of Cannanore. Hence the figures shown in the margin of paragraph 12 of G. O., dated 7th July 1873, No. 938, as the anticipated increase in income and expenditure from the inclusion of Karar limits will differ materially from those shown in the budget now submitted.

No. 41, dated 15th January 1873.
,, 51, ,, 1st March 1873.

3. It will be seen from Statement No. I. that the total amount proposed to be raised during the current year within Karar limits is Rupees 14,100, no income having been estimated for under "Tax on Arts, Trades, and Professions." The only item that calls for remark is Tolls. The Commissioners do not propose to establish any new tolls, nor do they propose to increase the rate at which they are now being levied (half the schedule rates). The sum of Rupees 1,500 entered under this head is the difference between the sum estimated for in the budget already reviewed by Government for the portion excluding Karar limits and the actual amount for which the tolls have been leased out on contract.

4. The expenditure proposed under the several heads is for improving the old town of Cannanore, and calls for no special remark.

5. The budget as now revised provides for supporting a Civil Dispensary, as the Garrison Hospital is to be closed, and for the most urgent of the works for improving the conservancy of the limits now newly brought in.

6. The budget was settled at a fully attended meeting at which I presided, and the measures proposed were acquiesced in by the Garrison and Regimental Surgeons, who were present; and I trust the early orders of Government may be obtained so as to obviate any check for want of funds, which would be very inconvenient, as some of the works are in progress, having been commenced under the late orders of Government.

No. 195. ORDER THEREON, 22nd October 1873, No. 1537.

The President of the Cannanore Municipality submits a Supplemental Budget of the receipts and expenditure of the Cannanore Municipality for the year 1873-74, with the explanation that the former budget forwarded with his letter of the 15th January 1873, No. 41, only included such portions of the Karar limits as are situated

within the cantonment, and did not comprise the whole area defined as the Municipality of Cannanore in the Notification, dated 24th June 1867.

Receipts.	Rs.
House-tax	9,700
Tax on vehicles	1,250
Registration	175
Tolls	1,500

Endowments	120
Total	14,100

Expenditure.

Dispensary	2,266
Vaccination	80
Registration of Births, &c.	90
Conservancy	1,764
Lighting	800
Supervision and Management	950
Total	14,100

2. The present estimates contain the marginally-noted items in excess of those shown in paragraph 9 of G.O., dated 17th July 1873, No. 938, and are sanctioned as submitted. The Government note that it is not proposed to establish any new tolls, but it is not quite clear whether the sites have or have not been moved so as to include traffic hitherto untolled. Unless this has been done, the increased revenue from tolls is obviously independent of the recent territorial extension of the Act.

3. The proposed objects of expenditure are approved.

PROCEEDINGS of the MADRAS GOVERNMENT.

Read the following letter from the President Municipal Commissioner Malabar District dated 20th September 1873 No. 21.

Ordered Thereon. Extract 22nd October 73. No. 1557.

The President of the Cannanore Municipality submits a supplemental budget of the receipts and expenditure of the Cannanore Municipality for the year 1873-74, with the explanation that the former budget forwarded with his letter of the 15th January 1873 No. 11 only included such portion of the Native Quarter as are situated within the Cantonment, and did not comprise

comprise the whole area defined as the Municipality of Cannanore in the Notification dated 24th June 1867.

The present estimates contain the marginally noted items in excess of those shown in para 9 of Go dated 17th July 1873. No 938 and are sanctioned, as submitted.

The Govt note that it is not proposed to establish any new tolls but it is not quite clear whether the rates have or have not been revised, so as to include traffic hitherto untolled. Unless this has been done, the increase of revenue from tolls is obviously independent of the recent territorial extension
