From

The Inspector General of Hospitals,
Indian Medical Department,
Fort Saint George.

To

The Chief Secretary to Government,
Financial Department.

Sir,

With reference to para 2 of the Order of Government No 1694 of the 16th ultimo, requesting me to arrange for the appointment of Native Surgeon Bauboo Moodelly to one of the Collector's establishments, or to propose some other method of fully utilizing his services, I have the honour to recommend for the favourable consideration of His Excellency the Governor in Council, that the Native Surgeon be attached to the Collectorate of Trichinopoly, and be permitted, under my orders, to have the immediate supervision of the Civil Dispensary at Srirungum opened on the 1st instant, drawing his salary for the present from Provincial Funds.

2. When at Trichinopoly in the end of 1871,

I met at Srirungum the Dharmakartahs of the Temple there, related the readiness with which the Sri Mahunt Dharma Das Ji of Tripaty had established a hospital and I asked them, from the Srirungum temple revenues, to institute similarly a hospital for Srirungum. Difficulties presented themselves to the Dharmakartahs, but, as I left the place, I asked Native Surgeon Bauloo Moodelliar to re-submit the subject, and ultimately an allowance was offered from the revenues of the temple, and the Municipality have now arranged for a hospital there.

3. The Municipal Commissioners of Sri-rungum have expressed to me their strong desire to have the benefit of Bauloo Moodelly's services for the Dispensary. Their resources at present would not admit of their meeting any portion of the Native Surgeon's salary, but it may be hoped that in time they would be able to do so. So long as the Native Surgeon continues to draw his salary from provincial funds, unless placed at their disposal, the Srirungum Municipality cannot claim his services, and can only look to their own Hospital Assistant for the management of their Dispensary; but with the sanction of Government he may be detailed for the chief medical charge of the Dispensary, clearly however letting the Municipal Commissioners to understand, that he may at any time be withdrawn for duty elsewhere should occasion arise, and that he will at all times be liable to itinerate in the district on visitations of unusual or epidemic disease.

4. The following Notification is submitted for the sanction of Government:-

"Native Surgeon C. Bauloo Moodelly, late of Civil Dispensary Trichinopoly, is attached to the Collectorate of Trichinopoly."

dated 20th January 1873. No. 17.

Order thereon 3rd February 1873 No. 157.

The Governor in Council
is not prepared to give Sub

As medical aid is
now specially required in
the South Arcot District.
Bauloo Modelli had better
be sent on this duty.

His services might
eventually be placed at the
disposal of the Local

Godavery

Godavery District who are
willing to pay for additional
Medical assistance.
